

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## EDITOR'S PREFACE.

---

ALTHOUGH this third volume of Provincial Papers covers nearly the same period as the preceding volume, yet it will be seen on examination that the contents of the volume are materially different from the former. The one contains the Records of the COUNCIL, which was the *Executive* body in the Province, composed of the Governor and not less than five Councillors, who received their appointment and commission from the Crown. The ASSEMBLY was composed of men chosen by the freeholders of the respective towns, as their representatives or deputies, having authority to enact laws, lay taxes, &c., and constituted the *Legislative* branch of the government. All laws, acts and ordinances, however, passed by the Assembly, must be concurred in by the Council, approved by the Governor and finally be sanctioned by the King.

The "Journal of the Council and Assembly" contained in this volume is a record of the joint transactions of the two bodies in relation to all business which appropriately belonged to the Sessions of the General Assembly. No *Journal of the House* separate from the joint Journal of the Council and Assembly is found till 1711, and that is very meagre and incomplete till 1722. Occasional extracts are made from it, to supplement or elucidate the Journal of the Council and Assembly, but the Editor has not deemed it necessary or expedient to publish it entire.

In this volume, as in the preceding, will be found, in chronological order, many letters, papers, speeches and authentic facts,

of much historical interest and value, which the Editor has gathered from every available and reliable source, and for which due credit is always given. His intention has been to publish *every* official paper and document that can be found on record or on file, that serves to throw light on our Provincial History.

The Province Laws, in this volume, from 1692 to 1702, (only two or three of which have ever before been printed) indicate the state of the Province and the manners and customs of the times to which they relate. In this respect they are of much value and should be carefully examined.

The King expects none should serve him at his own expense, & I am fully satisfied yo<sup>r</sup> Taxes and Rates are not so great as those at Boston, for a person of 50<sup>lbs</sup> rent here pays but 10<sup>lbs</sup>, and at Boston about £20; So I demand you of the Assembly your advice here with the Council.

The Lieut. Govern<sup>r</sup> having proposed unto the Assembly for raising of money for support of the Hon<sup>r</sup> of the Government on Thursday, the 7th inst., the Lower House sent the following answer:

To the Hon<sup>ble</sup> the Lieut. Govern<sup>r</sup> of his Maj<sup>'</sup>ty's province New Hampshire.

The Representatives convened in General Assembly having taken into consideration w<sup>t</sup> recommended by your Honor, do most humbly offer as followeth :

That considering the p<sup>'</sup>sent state of this his Maj<sup>'</sup>ties Province, being exposed & in danger of an invasion of our f<sup>'</sup>rench & Indian enemie, that we are necessitate only to apply ourselves to the consideration of raising what money we can for the defence of this his Maj<sup>'</sup>tys province, which yet we fall far short of what is necessary ; Wee not able, therefore, not capable to do anything towards the supporte of the Hon<sup>r</sup> of the Governm<sup>t</sup> although sensible your Honor has been at great Charge : therefore, do most humbly pray y<sup>r</sup> Hon<sup>r</sup> w<sup>th</sup> the advice of the Council, will please to spread before his most excellent Majesty the poverty and danger of this his Province, That such methods may be taken for support & defence of the same, as in his most Royal wisdom may be judged most meet.

Upon which the Lieut. Governor made the following proposals :

[P. XXVI.] *Gentlem<sup>n</sup>* : It was proposed to raise money for support of the Honor of the Governm<sup>t</sup> & security of the place, or else your advice what way I may propose to lay before the King ; and your answer you can propose no way : I do therefore recommend to your consideration to raise money for those ends, viz. To lay a duty upon all Boards & staves at 3s. per M. upon all that is exported out of the river to any of his Majesty's Plantation Governments. Additional duties of impost to be pro rata with the Massachusetts Government, viz :

English Goods,	10 <sup>s</sup>	p ct.
Rum,	£2: 16: 8	p Hhd.
Madara Wine,	1: 7: 0	p pipe.
Fyal     "	1: 0: 0	p pipe.

A vote was sent up from the Lower House, that an Act might be passed to give unto his Maj<sup>'</sup>ty, his Heirs and successors, for support of the honor of the Governm<sup>t</sup> & de-

fence of this his Maj'ty's Province, the several duties & impost upon the comodities following, to be exported out or imported into this Province, for the space of one year, to commence from the first day of December next following, viz.: For each M. boards and each M. of Hhd. Staves one shilling p. M. money ; each M. Red oak Hhd. Staves and w<sup>t</sup> oake bbl. staves, 8<sup>d</sup> p. M.; each M. of white oake pipe staves 16<sup>d</sup> p; for mast yards and Bowsprits transported beyond sea, from twenty inches and upwards, 4<sup>d</sup> for every inch diameter, and additional duty of impost upon each pipe of Wine and Hhd. Rum five shillings; provided always & with this limitation that the Hon<sup>ble</sup> Lieut. Governor and Council do join with the Representatives convened in General Assembly humbly to petition his most excellent Maj'ty that, considering the poverty & danger of this Province, being not able of ourselves to support a separate Government, to pray that we may be annexed to the Massachusetts Government, or otherwise, as his Majesty in his Royal wisdom shall think meet.

The Lieut. Governor proposed to the Assembly, (viz.):

*Gentlem<sup>n</sup>*: Having at your first sitting proposed for raising of money for passing of yo<sup>r</sup> Laws in England, least by reason of want of due application your Laws be rejected; desire your answer to the same.

The Assembly answered, they had considered what proposed; but find the Province was not capable to raise more money at present.

The Lieut. Governor proposed, if Boston should not send men, whether he should write to the King for men.

Refused to answer.

The Lieut. Govern<sup>r</sup> ordered the Letter sent to Lieut. Govern<sup>r</sup> Stoughton with the minitt of Council of Octob<sup>r</sup> 30<sup>th</sup>, at Hampton, to be read as followeth.

Desired by the Board that aplication might be made to Lieut. Govern<sup>r</sup> Stoughton for 25 men to be sent from that [P. xxvii.] Government for his maj'ty's service & security

of the frontiers of this Province; paying their part of wages according to former agreement.

[LETTER.]

October 30<sup>th</sup>.

*Honorable Sir:* This day in Council, as per minute inclosed, the Board desired your Honor's favor for the service of his maj'ty & securitie of this Province, upon the terms formerly agreed, that your Hon<sup>r</sup> would be pleased to order 25 men for the same. Sir, please to let me have an answer by the Express sent, desiring the same w<sup>th</sup> all expedition may be dispatch<sup>d</sup>; in which you will oblige your most humble servant,  
J. U.

Lieut. Govern<sup>r</sup> Stoughton's Letter, 7<sup>th</sup> November, in answer to this Board of October 30<sup>th</sup>, was read to both Houses (viz.):

*Hon'ble Sirs:* I am commanded by the Hon<sup>ble</sup> the Lieut. Governor, to acquaint you he has advised with the proposals made by yourselves for 25 men which you desire may be sent for the securitie of the Frontiers within your Province, you paying a part of their wages according to former agreements, and to assure you the same readiness is in himself & the Gentle<sup>n</sup> of the Council here to give you what assistance they reasonably may (as they have always been) for defense of his Maj'tys interest with you as need shall require. But on consideration of the great standing charge of this Province, w<sup>ch</sup> is almost insupportable, and the many advantages w<sup>ch</sup> yo<sup>r</sup> Province has, and considerable number of men above what are in the remote parts of this, Its thought not so equal a proposition that y<sup>r</sup> Frontiers be enforced at the charge of y<sup>r</sup> neighbors, who are already so greatly oppressed with the fatigue of the war, besides the difficulty there is in raising men here, so many being wasted by the war, sickness and other calamities, and removed into other parts. Some of y<sup>r</sup> towns, especially Hampton, are numerous in men and not so exposed but that there may be drawn thence, for the defence of the frontiers as a constant guard. What shall be farther necessary to relieve you if the enemy come to press upon you, will be cheerfully afforded upon application from y<sup>r</sup>selves. By com<sup>d</sup> of his Honor the Lieut. Govern<sup>r</sup>, &c.

ISA: ADDINGTON, Secry<sup>t</sup>.

[P. xxx.] Whereas there was a Bill offered for raising of six hundred pounds for payment of debts due to the soldiers & subsistence and for keeping out of thirty men three months to range the frontiers, The Lieut. Governor sent for the assembly and desired to know the meaning of the six hundred pound Bill; whether if he should press 40 or 50 men besides the 30, whether they should be paid out of the 600 lb. Answered, noe.

The Lieut. Govern<sup>r</sup> declared they having sent formerly to Boston for 50 men, and declared it to be of absolute necessity, and now to tie up but to thirty men, judged it an infringing of the King's prerogative, & did acquaint them that unless they would put the 30 men & grant the Bill in general for his Maj<sup>'ty</sup>'s fort and payment of the King's soldiers in service, he should not accept of the Bill.

Both Houses being met, the Lieut. Govern<sup>r</sup> made this  
speech:

*You Gentlemen of the Council and Representatives,*— now as-  
sembled,— Having in the last Assembly laid before them the abso-  
lute necessity of raising money for the defense & support of the  
Hon<sup>r</sup> of his Maj<sup>ty</sup>'s Governm<sup>t</sup>, notwithstanding all which there  
is nothing done; Had I not out of my own estate advanced money  
for provisions for the out garrisons, from March to August last,  
the soldiers there being posted must have needs been drawn off  
and the Frontier Garrisons [P. xxxi.] deserted: You are not  
unacquainted how the enemy lately designed an attack both by  
sea & land, and had not God strangely diverted them, they might  
have been masters of this place; which God forbid! and am  
informed they design to be here early the next Spring.

Upon my now coming into this Province, I sent for all the Mili-  
tia officers to know the state of the place & what was proper to be  
done; they signified the country was indebted five hundred pound,  
& that it was of absolute necessity provision was made for subsis-  
tance and pay of the soldiers for time to come, and some effectual  
care might be taken that provisions may lye ready, and the charge  
of the towns, for a march of three or four days upon the attack of

\* Lawrence?

the enemy; and for effecting the same, humbly offered that an Assembly might be called; w<sup>ch</sup> Assembly you are. There is likewise absolute necessity raising money for securing of his Maj<sup>ty</sup>'s Fort and Stores, considering how much your safety depends thereupon.

In case the Frontier places be deserted & his Majesty's Fort lost by reason of not due care taken for security & defense of the same, the fault will sorely lye at your doors. Doe acquaint you what money you shall rayse, shall goe to these ends for w<sup>ch</sup> raysed, and shall be willing the same shall be security for those that shall advance money for the use and ends afores<sup>d</sup>.

I offer to y<sup>r</sup> consideration that you would propose wages for suport & defense of this governm<sup>t</sup>, that I may by this conveyance lay the same before his sacred Maj<sup>ty</sup>.

As to the King's prerogative, which by his Royal Commission I am invested with, I shall in nowise part with; and on the other hand, his Maj<sup>ty</sup>'s subjects' Liberty and Property neither will I infringe.

Desiring you would take into serious consideration & be expeditious in dispatching what's laid before you, wherein the happiness and benefit of his Majesty's subjects in this government doe so much depend.

Vote from the Assembly to desire that the Hon<sup>ble</sup> the Lt. Govern<sup>r</sup> would send out Warrants to make choice of two men in the room of Mr. Pickring & Mr. Clements.

The Lieut. Govern<sup>r</sup> declared to the house, they should send for them to their house; for their refusal ought to be before the house. Answered, they had no officer to send.

The Lieut. Govern<sup>r</sup> demanded of the Assembly if they had any thing further to offer. Answered, no.

The Lieut. Govern<sup>r</sup> made a Speech to both houses & delivered it to the Assembly, viz.

*Gentlemen of the Council and Representatives:*—It is by virtue of his Maj'ty's Royal Commission you are impowered to raise money for defense of the places & carrying on of affairs both for maintenance of yo<sup>r</sup> ministers & defraying of Town charges, the which to this day you have had power by the same, many hundreds of pounds have been raised for the ends afores<sup>d</sup>.

It being now about four years since I arrived with his Maj'ty's Royal Commission, and at the charge of the Province have not had a house provided to lye in, nor one meal's meat, nor one drop of drink, [P. xxxiv.] though you know I have spent many hundreds of pounds out of my own estate for his Maj'ty's service.

Do now recommend to your consideration the raising of money for respect to, and support of, his Maj'ty's Royal Commission; as all other his Maj'tys Governm<sup>t</sup> do. Your positive answer hereto I demand.

JOHN USHER, L<sup>t</sup>. Governor and Commander-in-Chief.

The L<sup>t</sup> Governor having recommended the foregoing speech to both houses, the Council sent to the Assembly the following speech (viz.):

Voted, That although the Board is sensible of our Poverty & the many straits that is upon many this time of war, and the scarceness of crops that by Providence we lay under, yet we are of opinion that it is necessary to manifest our loyalty to his Maj'ty and gratitude to the Hon<sup>ble</sup> Lieut. Govern<sup>r</sup> that is so by Royal Commission, that money be raised according as we are able for support of his Maj'tys Royal Commission for the Government of this Province.

In answer to the Lieut. Governor's speech the Assembly sent the following answer :

*To the Honorable John Usher, Esq., Lieut. Governor of His Majesty's Province New Hampshire:—*The Representatives in General Assembly, having taken into consideration what yo<sup>r</sup> Hon<sup>r</sup> hath recommended unto us, do most humbly answer as followeth:

That considering the present state of his Maj'ty's Province being so exposed in danger of an invasion both by sea and land from the French and Indian enemie, that through our extreme poverty & scarcity of bread for the year past, and noe greater hopes for the year to come, we are necessitated only to apply ourselves to the consideration of raising what money we can for the defense of this his Maj'ty's Province, which we fear through our poverty shall fall far short of what is necessary; therefore not able to doe any thing for support of the Hon<sup>r</sup> of the Governm<sup>t</sup>, although sensible your Honor hath been at great charge: Therefore do most humbly pray that your Honor, with the advice of the Council, will be pleased to spread before his most sacred Majesty, That it will be much better for defense of this Province to be annexed to Boston, if he in his Royal Wisdome shall see meet.

Signed by order of the Assembly.

RICH<sup>d</sup>. JOSE, Clerk.

The Lieut. Govern<sup>r</sup> sent for the House of Representatives; both houses being met, The Lieut. Governor declared : [P. xxxv.]

*Gentlemen,*—You having declared there is nothing to offer from your House:

It having been laid before you how on the 10<sup>th</sup> of November next, there will be due for payment of soldiers in the Garrisons &

at his Maj'ty's Forts, together with other debts due from the Province, Seven hundred thirty seven pounds, twelve shillings, 4<sup>d</sup>.

There is likewise a Bill presented to you from this Board, how that for pay & subsistence of soldiers for six months to come will amount to seven hundred pounds, fifteen shillings, particulars for which you have had, together with an acco<sup>t</sup> in case money be not raised the Garrisons must be drawn off, or men with provisions must be impres<sup>t</sup>; & though the same is for your own preservation you will raise no more than six hundred pounds, which is one hundred pounds short of what the country is indebted.

If for want of money for provisions the Country be lost, the blamable cause will lye at your door. I shall lay the same before the King by this conveyance, and shall wait for orders and directions from him. So, Gentlemen, I dissolve you, and in his Majesty's name you are dissolved.

The petition of Samuel Allen, Esq., about the reviveing Courts that his Processe may be continued, and no timber felled, was read.

The Assembly or House of Representatives waited upon His Excellency at four o'clock this afternoon, and presented Mr. Samuel Penhallow to be their Speaker, and His Excel-

lency approved their choice and made the following Speech to the Council and House of Representatives:

EARL OF BELLOMONT'S SPEECH.

*Gentlemen:—*

I have called you together at this time to give you an opportunity of serving the common interests of your country by redressing the grievances the Province lies under, and, of making such Laws as may, by the blessing of God, establish you in safety and happiness for the time to come. I am very sensible of the great sufferings you sustained all this last war by this Province being a Frontier towards the Eastern Indians—a cruel and perfidious enemy in their own nature, but taught and encouraged to be more so by the Jesuits and other popish Missionaries from France, who were not more industrious during the war to instigate their Indian disciples and proselytes (as they are pleased to call 'em) to kill your people treacherously, than they have been since the peace to debauch those Indians from their former subjections to the Crown of England, insomuch as at present, they seem to have departed from their allegiance to the Crown and revolted to the French. I have taken such measures as quickly to find out whether those [P. 3.] Indians will return to their obedience to the Crown or no; if they do not, and that they commit any Hostilities upon you, I doubt not but find an easy way of subduing them.

Upon the report of His Majesty's Engineer, whom I sent to view the Fort on the Great Island and the harbour of this Town, I find the situation is naturally well disposed, but the Fort so very weak and untenable that it requires the building a new substantial one to secure you in time of war.

You will do well to take this matter into consideration as soon as may be. This Province is well seated for trade, and your harbor here on Piscataqua River so very good that a fort to secure it would invite people to come and settle among you; and as you grow in numbers so will your trade advance and flourish, and you will be useful to England, which you ought to covet above all things, not only as it is your duty, but as also it will be for your glory and interest.

Such a King as God hath blest you at present, and such a nation as that of England, ought to excite in us a noble ambition to be religiously faithful to the first, and zealously subservient to the latter.

I recommend to you, gentlemen of the House of Representatives, the providing for the necessary support of the Government, you being best able to judge what the charge will be, and its belonging to you of right to provide the means to defray that charge.

*Gentlemen*.:—You will do well to think of everything that may conduce to your own happiness and advantage, wherein you may depend on my concurrence with you, for I have all the disposition imaginable to do the King and this Country the best service I am capable of.

The L<sup>t</sup> Govern<sup>r</sup> produced a letter directed (for the L<sup>t</sup> Govern<sup>r</sup>, Council and House of Representatives of the Province of New Hampshire) dated at Boston, the 6<sup>th</sup> of June, 1700, from his Excellency Richard Earle of Bello-mont, which was read at this Board and sent down to the House of Representatives by the secretary, Mr. Charles Story, a copy whereof is as follows, viz.:

Boston, 6<sup>th</sup> June, 1700.

*Gentlemen:*—The encroachment of the French to the eastward of New Hampshire, and their having alienated the Indians all about you from their former obedience to the King, makes it too manifest that their aim and design is to supplant the English and make themselves m<sup>ns</sup> of all this continent; adding to that, too, the late intelligence I have had of the restless endeavors of the French to debauch the five nations of Indians in the Province of New York from y<sup>r</sup> obedience to the King, wherein it is to be feared they have made too successful a progress; forasmuch,

therefore, as we are thus beset on every hand by the French, it behooves us to put everything in practice for our defense and security.

Nothing can be thought of that's more necessary for that end than the fortifying y<sup>r</sup> harbor; and in regard of the smallness of that Province and slender number of people there, it would be too great an undertaking for you to build a sufficient fort on the Great Island in Piscataqua River; if you will be at the charge of bringing all materials in place, I will endeavor to dispose [p. 30.] the King to be at the charge of building this said fort; but then I advise you to lose no time, but immediately to pass such a Law as shall effectually oblige the Province to provide the said materials; of all which I will send you in a few days the estimates, and so I conclude,

Gentlemen,

Your affectionate friend,

And humble servant,

BELLOMONT.

Samuel Alcock, comand<sup>r</sup> of the ship Richard & Margaret, now laden and bound for Barbadoes, complaineth that Mr. Sampson Sheafe, Deputy Collector of this Province, refuses to give him his clearing, until he first come to an anchor with the said vessel at New Castle; which is contrary to common usage ever since the settlem<sup>t</sup> of the Governm<sup>t</sup> of this Province, under his Excellency the Earle of Bellomont.

Ordered that the Secretary give notice to Mr. Samson Sheafe, to appear before the L<sup>t</sup> Govern<sup>r</sup> and Council to-morrow morning at eight o'clock, to answer said complaint.

Whereas Thomas Laton, pursuant to an order of Council of the 19<sup>th</sup> of February last past, was sent as a messenger by the L<sup>t</sup> Govern<sup>r</sup> to the Earle of Bellomont, then in Boston, to give him an account of some Indians' proceedings at Cochecha, for which service said Laton was promised one pound, eighteen shillings:

Ordered, That the Secretary grant an order to the treasurer to pay the Said Laton one pound, eighteen shillings.

The complaint of Sam<sup>l</sup> Alcock being read at this board ag<sup>st</sup> Sampson Sheafe, Deputy Collector, for refusing to clear his vessel, the said Sheafe then present, but gave no reason according to Law why he did refuse the clearing said Alcock's ship or vessel; only said he did it because Mr. Armstrong, the naval officer, had informed him that my Lord had so ordered it; but no such order appearing, Mr. Sheafe did promise for the future to give clearings as formerly, unless to such vessels as he had cause to suspect of loading any thing contrary to law.

A vote from the House of Representatives was brought to this Board by Mr. Joseph Swett, concerning passing an act about willful perjury, fornication and profanation of the Lord's day.

Mr. Theophilus Dudley brought up the Lord Bellomont's letter which was sent down to the House of Representatives yesterday.

Shadrach Walton's petition was read, relating to 25<sup>th</sup>: 04<sup>a</sup>: 02<sup>d</sup> due to him for his wages as Captain of the fort W<sup>m</sup> and Mary.

The petition of Mr. Richard Hilton, of Exeter, was read at this board, relating for a ferry to be granted him [P. 32.] for transporting horse and man from Swamscott over the River against his house for 50 years' time. Allowed of, and afterwards sent to the House of Representatives by Mr. Charles Story, Secretary.

Mr. Moses Levitt brought a vote from the House of Representatives to this board, that Mr. Richard Hilton's petition be granted concerning the ferry from his house to Swamscott, Provided there be a convenient way on both sides the river laid out to said ferry, without making it a Province charge; every man and horse to pay 6<sup>d</sup> a time, and a single person two pence, which being read, was agreed to by the L<sup>d</sup> Govern<sup>r</sup> and Council, and ordered that a Bill be drawn accordingly, and that Mr. Charles Story draw the same.

The petition of Abraham Clements of Hampton, concerning his having a trial at the Court of Common Pleas, the 7<sup>th</sup> of June, 1699, at the suit of one Nath<sup>l</sup> Ayers, at which Court Judgement was obtained against said Clements, upon which he appealed to the Superiour Court following; but the Governm<sup>t</sup> being changed the said Superiour Court was altered, and at the next Superiour Court that was held the Judges was of opinion that the cause could not be tried before them for which he craves a new trial next Superiour Court,—was read at this board and sent to the House of Representatives by Mr. Charles Story, Secretary.

Mr. Hill brought Mr. Clements' petition from the House of Representatives to this Board, with a vote on back side of said petition, that Abraham Clements' petition within mentioned, concerning a hearing of his case at the next Superiour Court, be granted.

Agreed to by the L<sup>d</sup> Govern<sup>r</sup> and Council, and ordered that a Bill be drawn accordingly.

A Bill for settling a ferry between Swamscott and Mr. Richard Hilton's house, in the township of Exeter, was

[P. 33.] The petition of the selectmen and other the inhabitants of the town of Hampton, concerning great disturbances made by several ill disposed persons in the said towne, taking upon them to fence in considerable parcels of principal feeding lands belonging to the town of Hampton, &c., was read and sent down to the House of Representatives.

Mr. Theophilus Dudley brought up to this Board said petition from the House of Representatives, and a vote that an act be passed that no person whatsoever shall presume to fence in any common land belonging to any town within this Province, without they obtain some grant or liberty from the freeholders of said town, where said land belongeth, upon pain or penalty of being accounted disturbers of the peace of his majesty's subjects in this Province ; and it shall be in the liberty of a Justice of Peace to bind over any such person to the next Quarter Sessions of the Peace, to answer for their contempt for not observing said act.

A vote was sent up from the House of Representatives to this Board as follows : Upon reading a letter of the 6<sup>th</sup> of June, 1700, from his Excellency the Earle of Bellomont, our Governor, &c., directed to the L<sup>t</sup> Govern<sup>r</sup>, Council and Representatives of the Province of New Hampshire, importing the danger we may be exposed to and the necessity of well fortifying our Harbour,

Voted, that an answer be forthwith given his Excellency in a letter from the Gen<sup>l</sup> Assembly, wherein first to acknowledge the many benefits and advantages that have accrued to the inhabitants of this poor Province the year past, who have enjoyed a great deal of peace and quietness, without disturbance, being the fruits and effects of

his Excellency's prudent conduct and good settlement of the Governm<sup>t</sup> here ; also to represent to his Excellency the extreme poverty and inconsiderableness of this Province, having been extremely lessened and impoverished by the late war, and just now wading through the difficulty of discharging all publick debts, [p.34.] formerly contracted for our defense ag<sup>st</sup> the common enemy, besides the unhappy circumstances we at present labor under, by a growing charge to defend our Rights and properties ag<sup>st</sup> one, who, for lending a few hundred pounds to a pretended proprietor, claims the possession of our Houses and Lands, which, with the expense of so much blood and money, even far beyond the intrinsic value thereof, our ancestors and Selves have hitherto defended, both in the former Indian war and in the late French and Indian War, whereby his maj<sup>'ty</sup>'s Right, interest and dominion in and over this part of our territory of New England, hath hitherto been preserved ; but, however, with all humble gratitude to acknowledge his Excellency's great care and concernedness for our future defense in time of danger, and to assure his Excellency that when ever he shall see cause to order the building a more sufficient fortification on the Great Island, we will contribute according to our utmost ability towards finding materials for the same, which we shall be more particular in when his Excellency shall please to send us an estimate of the charge thereof, w<sup>ch</sup> we account our selves obliged to, as well in duty to his most Excellent Maj<sup>'ty</sup>, as for our own preservation, only we desire his Lord<sup>sh</sup> may be put in mind that the fortifying Piscataqua River doth as much concern the Massachusetts as y<sup>e</sup> Province, whose interests on that side the River is of much more value than ours on this, and pray that the Hon<sup>ble</sup> L<sup>t</sup> Govern<sup>r</sup> and Council will join with us herein.

Passed by the House of Representatives.

THEODORE ATKINSON, Clerk.

The Lt. Govern<sup>r</sup> and Council having heard the above-said vote read, gave consent thereunto and order the Secretary to draw a letter directed to his Excellency Richard, Earle of Bellomont, accordingly.

[P. 35.] Mr. Charles Story was sent to call up the House of Representatives, who accordingly came, and passed the bill to be enacted, entituled an Act for settling the ferry between Swamscott and Mr. Richard Hilton's House, in the town<sup>pp</sup> of Exeter.

Then the Lt. Govern<sup>r</sup>, Council and Assembly subscribed y<sup>r</sup> names to a letter, directed to Richard, Earle of Bellomont, a copy of which is as follows :

Portsmouth, 12<sup>th</sup> June, 1700.

*May it please your Excellency,*—We cannot omit a due acknowledgem<sup>t</sup> of the many benefits and advantages of y<sup>e</sup> poor Province, the year past, having enjoyed a great deal of peace and tranquillity without disturbance, which we find to be the fruits and effects of your Excellency's prudent conduct and good settlem<sup>t</sup> of the Governm<sup>t</sup> among us.

Wee not enlarge upon the exceeding poverty and inconsiderableness of this small Province, who have been extremely lessened and impoverished by the late war, and just now wading through the difficulty of discharging all publick debts, contracted for our defense against the late common enemy; besides the unhappy circumstances that we at present labor under, to defend our Rights and properties against one, who for lending a small sum of money to a pretended proprietor (and a little more to stop the mouths of his heirs after his death), now claims the possession of our houses and lands, which with the expence of so much Blood and money, even far beyond the intrinsique value thereof, our ancestors and selves have hitherto defended, both in the former Indian War and in the late French and Indian War, whereby his Maj<sup>ty</sup>'s Right, interest and Dominion, in and over this part of his Territory of New England, has been hitherto preserved.

But notwithstanding all our ill circumstances, we do, with all humble gratitude acknowledge your Excellency's great care and concernedness for our future defense in time of danger, signified in your Excellency's Letter of the 6<sup>th</sup> curr<sup>t</sup>, and crave leave to assure your Excellency, that whenever you shall see cause to order the building a more sufficient fortification upon the Great

[P. 36.] Island, we will contribute according to our utmost ability towards finding materials for the same; which we shall be more particular in, when your Excellency shall please to send us an estimate of the charge thereof: And this we account ourselves obliged to, as well in duty to his most Excellent Maj'ty as for our own preservation.

Wee only further presume to put your Excellency in mind that the fortifying Piscataqua River doth as much concern the Massachusetts as this Province, whose interest on that side the River is of much more value than ours on this, &c.

Then the L<sup>t</sup> Governor adjourned the Council and Assembly till the 2<sup>d</sup> Tuesday in July next.

The L<sup>t</sup> Govern<sup>r</sup> likewise produced a copy of a petition of several masters of Coasting vessels and Lumber Carriers, which was sent from the Earle of Bellomont, being directed to him, relating to their being greatly oppressed by reason of the fees demanded and taken from them by the officers in the Province of New Hampshire,—was read at this Board.

[Pr. Rec. B. II, p. 241.]

To his Excellency, Richard, Earle of Bellomont, Capt. General and Governor in Chief of his Majesty's Provinces of the Massachusetts Bay, New York and New Hampshire:

The Petition of several Masters of coasting vessels and lumber carriers: Humbly sheweth,—

That your petitioners, being frequently employed to make voyages from Boston and other ports in the river of Piscataqua, as well in places lying thereupon belonging to the Province of the Massachusetts Bay, as to towns and places thereon belonging to the Province of New Hampshire, for the fetching of boards and lumber from thence, are greatly oppressed by reason of the fees demanded and taken from them by the officers in the said Province of New Hampshire, viz: Every vessel coming out of the said river is obliged to pay to the officers there ten shillings and six pence before such vessel can be permitted to pass the Fort on Great Island; which charges do sometime amount to near as much as the freight such vessel makes: and the same fees are not only exacted from vessels coming from places in the said Province of the New Hampshire, but also from vessels coming from places in the Province of the Massachusetts Bay which lye upon Piscataqua river aforesaid, altho' one half of said river belongs to the Province of the Massachusetts Bay.\*

Your petitioners therefore humbly pray your Excellency to give orders to the officers in the said Province of New Hampshire, to take such fees only as your Excellency shall judge reasonable for coasting vessels and lumber carriers going into the said Province, and not to demand or exact any thing from vessels coming out of said river of Piscataqua from places belonging to the said Province of the Massachusetts Bay.

And your petitioners shall ever pray, &c.

[Pr. Rec. B. II., p. 244.]

Pursuant to your Excellency's order, I have, according to the best of my judgment, put down what materials there will be necessary for building a Fort upon the neck of Great Island, near New Castle in Piscataqua river:

14,784 cart-loads of quarry stones,  
49,280 bushels of Newbury marble lime stones,  
24,640 bushels of sharp fresh water sand, one third part of that number finer sand for the brick work,  
22,000 bricks of 10, 5 and 2½ inches,  
3,592 bushels of Newbury lime for the use of the bricks.

*Scaffolding Timber.*

200 spars, one half of 16, and the other  $\frac{1}{2}$  24 foot long,  
 600 planks of 15 foot long and 2 inches thick,  
 200 pieces of 5 foot long, 4 and 5 inches thick.

 64 pieces of  $12\frac{1}{2}$  foot long, and 7 and six inches thick,  
 4000 foot of ribbs, 4 and 5 inches thick; 'tis no matter if they be  
 of all sorts of length, and any slabs that come from the  
 blocks will serve for the moddles of the vaults.

By order of the Assembly,

HENRY DOW, Clerk *pro tempore*.

[NOTE. Another estimate makes the cost, £6,105:14:08. Both estimates  
 laid before his Ex. Earle of Bellomont.—ED.]

Mr. James Randle brought up a vote from the House of Representatives, relating that the Indians hence forward be at no time suffered to come within the body of any of the towns within this Province; but whereas some of them profess subjection to the Crown of England, that so long they be supplied with suitable necessities at some frontier places, according to the direction of the Hon<sup>ble</sup> the Govern<sup>r</sup> and Council, and that effectual care be taken for repairing the several garrisons, and maintaining constant watch in every respective town, was read at this Board.

Samuel Penhallow, Esq., Treasurer, came to this Board and desired an order of Council for 50<sup>lb</sup>, which he disbursed towards building a Goal, there being a rate made for 460<sup>lb</sup>; wherein is expressed for payment [p. 39.] of the Province debts, building a Goal, &c.

Ordered, that the said 50<sup>lb</sup> be allowed, and an order accordingly granted for paym<sup>t</sup> of the same, out of the last 460<sup>lb</sup> Rate.

Mr. Charles Story was sent to call the House of Representatives to this Board, who accordingly came. The L<sup>t</sup> Govern<sup>r</sup> acquainted them of the Reports that is abroad about the Indians, and that Mr. Addington, the Secretary at Boston, had wrote a Letter concerning them, which part relating to the Indians was sent down to them; and likewise thought the vote that they had sent to this Board might be too severe to consent to, by reason of debarring the Indians from trading or coming to the towns, &c., with several other arguments of discourse; and after a conference of about a quarter of an hour his Honor the L<sup>t</sup> Govern<sup>r</sup> was pleased to desire the gentlemen of the House of Representatives to consider of what had been said.

Whereas, there is cause of suspicion that the Indians are designing mischief ag<sup>st</sup> us,

Ordered, that Major W<sup>m</sup> Vaughan do forthwith send out his commands to the Captains and committee of the Militia in the respective towns within this Province, to take care

that the several Garrisons be put in repair, and to order such watches and wards as may prevent a surprise in case the Indian should break out into a new war, and that the Secretary give him notice accordingly.

Mr. James Randle brought up a vote to this Board from the House of Representatives, relating that the estimate made of the cost of the several materials necessary for the building a fort on Great Island, according to Col. Romer's computation, amounting to six thousand one hundred and five pounds, fourteen shillings and eight pence, be inclosed in a letter to his Excellency the Earl of Bellomont our Governor, to signify the incapacity for raising so great sum; as also to pray his Excellency's favor in giving orders for relief and assistance to be afforded us from our neighbors of the Massachusetts, in case of a new Indian war; was read (as on file).

Then the L<sup>t</sup> Governor adjourned the Council and Assembly till Thursday next, the 18<sup>th</sup> of July, instant, at 12 of the clock.

Mr. John Plaisted brought up the Letter from the House of Representatives, to be sent to his Excellency Richard, Earle of Bellomont, about an estimate of Col. Romer's computation of materials for the building a fort at Great Island, which is as follows, and was signed by the Govern<sup>r</sup> and Council, and Representatives :

Portsm<sup>o</sup>, 18<sup>th</sup> July, 1700.

*May it please your Excellency,*—We have received Col. Romer's computation of the materials necessary for the building of a fort at the Great Island; and made the lowest estimate of what the same will cost [p. 41] to be provided, and brought in place, which comes here inclosed and amounts to six thousand one hundred and five pounds, fourteen shillings and eight pence, a sum so much beyond the capacity of the poor people of this small and inconsiderable Province that we know not what to say to it; in our great straits and utmost necessity for raising money to defray the charge arising by reason of the late war, which lay hard upon us, both by sea and Land, we never could advance one thousand pound in one year, though our lives and estates lay at stake. And now having been necessitated to make a considerable rate and assessment this year to bring the Province out of debt; considering also the present danger of another war with the Indians, for that we have just cause by the carriage of the Pennicook Indians when last here, to suspect they design mischief against us; which gives occasion to be at a great expense in Garrisoning our frontiers, and providing for our own defense, so as to prevent a surprise; we shall be wholly incapable of doing any thing towards the fort at Great Island this year.

We are so sensible of your Excellency's care for and favor towards us, that were your Excellency thoroughly acquainted with our miserable, poor and mean circumstances, we should

readily submit to what your Excellency should think us capable of doing in this matter.

We heartily lament your Excellency's removal so far from us, especially at such a time as this; but most humbly pray your Excellency to give such orders as that we may have some relief and assistance from our neighbors of the Massachusetts, in case the Indian War should break forth again.

We will give your Excellency no further trouble at present, but crave leave to subscribe,

The L<sup>t</sup> Govern<sup>r</sup> produced a Letter to this Board from Mr. John Bridger, dated at Boston, the 21<sup>st</sup> instant, relating to some thousand of trees, which was prepared by said Bridger, in Order to make tar for his Maj<sup>ty</sup>'s use, was read, and is upon file.

[Province Rec. B. II., p. 290.]

LETTER FROM J. BRIDGER.

*Honorable Sirs:*—In May, June and July last, I prepared a great many thousand trees in order to make tar for the use of his Majesty, in the river of Piscataqua, particularly on the commons of Dover, on that side next to Suhawannick river, and in the woods next Quamphegen mill, and in the woods by John Wingett's, and on a point below the house of Wm. Henderson, sen;

all which lands were the Commons of the adjacent towns, and not fenced where the said trees were prepared.

Notwithstanding his Majesty has been at the charge of preparing said trees for his use,—as by an Act of the Assembly every one may improve any of the common land or its produce, more particular I presumed his Majesty might, when no injury to the subject,—yet some envious, malicious and unthinking people have felled many of the said trees which I prepared, to the great disappointment of the project I am on, and his Majesty's interest at home as well as here.

Such little and litigious actions makes me not doubt but the trees that were burnt was by design. I am sure this is an introduction to such belief.

I therefore make these unlawful actions known to you, which neither increase the actor's interest, nor does it blason your loyalty, except by punishing the offenders, which done, will prevent my asking redress from other places or persons; otherwise must seek to put a stop to such proceedings by the best and momentous care I am capable of. I shall wait your answers before I say to any else.

Your Honors'

Humble serv<sup>t</sup>,

J. BRIDGER.\*

*Mr. Jn. Bridger:*—I am commanded by the Lt. Governor and Council to let you know they have received your letter of 21<sup>st</sup> January last, importing a complaint against sundry unknown persons for felling of trees prepared by you for making tar for his Majesty's use, with a suspicion that other trees lately burnt were done by design; together with a reflection on their Honors' loyalty; to which they have ordered me to give Answer as follows: That they much admire at your different sentiments concerning the government of this Province from what they were at your first coming hither, when you could not but justly acknowledge their abundant readiness to promote his Majesty's service and interest, particularly in that affair under your management, even far beyond what you met with in the Massachusetts government; And, for any persons offending according to your complaint, they think it your duty to prosecute such offenders, that they may receive condign punishment according to their demerits; and they will, on their parts, in nothing be wanting to prevent any prejudice to his Majesty's interest therein; and wish you may be able to give his Majesty as good an account of your negotiation in this his service, as they shall be of their loyalty when called in question.

The petition of Capt. Robert Eason was read at this Board, commander of the ship Thennett, built in the river of Piscataqua, setting forth the said ship's being in the Queen's service, and have so been ever since she was built, in fetching masts, yards, Bowsprits, &c., out of this river for her Maj'ty's navy.

Prays that he may therefore be considered in being abated towards paying the duty and imposition laid upon all vessels paying powder, in specie going out of this River, &c.

His Honor the Lieut. Governor was pleased to send for the House of Representatives to come to this Board, who accordingly came, and his said Honor was pleased to prorogue them in these words foll. viz. :

Having received a Letter from his Excellency Joseph Dudley, Esq., Commander in Chief and Governor of this her Majesty's Province, signifying his desire to prorogue you, gentlemen of the Assembly, for another month, designing to see you : I do therefore, by virtue of the Queen's commission, prorogue you, the Assembly of this Province, for one month, and in her Majesty's name you are prorogued.

Mr. Secretary Story was sent as a Message to call the House of Representatives to this Board, who accordingly came. His Honor the L<sup>t</sup> Governor was pleased to make a speech to them as foll :

[P. 138.] A copy of which speech being desired by the House of Representatives, was accordingly granted and sent down to the House by Secretary Story.\*

The petition of Capt. Robert Eason was read at this Board, relating to have some small abatement of paying powder duty, &c.

A Letter from his Excellency Joseph Dudley, Esq., Governor, &c., was read at this Board, directed to Colonel

\* This speech not to be found.

Romer, and dated at Roxbury, 22<sup>d</sup> Nov<sup>ber</sup>, 1703, setting forth that he desired Col. Romer to see the Lieut. Governor in Council at his coming away, and acquaint them what was done at the fort, and what was a doing, and prayed that the order may be sacred, the money for the fort untouched, but by said Col. Romer's orders or warrant, &c.

Col. Romer appearing at this Board, made the following speech, viz.:

*May it please your Honors*,—I was ordered by his Excellency Joseph Dudley, Esq., Governor, &c., for to repair the fort W<sup>m</sup> and Mary, so that it might be secured as a defense from any surprise, and that the Province of New Hampshire to that end had allowed 500<sup>lbs</sup> in money and 500<sup>lbs</sup> in labor, and that they had made some progress in it; but that the severity of the winter had obliged them to leave off. And whereas the 500<sup>lbs</sup> in money, raised by the Assembly, was delivered in all sorts of Provisions to the Treasurer, according to the Act made for that end, but said provisions not being to be sold for the prices mentioned in said Act, but much lower, according to market price; there was given to the Treasurer, by order of the Council, 50<sup>lb</sup> abatement, so that there remained in the Treasurer's hand but 450<sup>lbs</sup>; that the 500<sup>lbs</sup> in labor would soon consume the 450<sup>lbs</sup>, and that they had already consumed upwards of 26<sup>lbs</sup>, and had not done full eight pounds' worth of work, which said Col. Romer desired this Honorable Board to take into serious consideration.

[P. 139.] 2<sup>d</sup><sup>ly</sup>. Col. Romer acquainted this Board that it was customary in all parts of the world, as Germany, Denmark, Sweedland, Brandenburg, &c., that when the Country or General Court to their Prince or King did give or allow any sum of money for labor, that then the subjects did take provisions along with them for eight or ten days, according to the distance of their habitations; and then it would be reckoned as money; but it cannot here be reckoned so, because if this daily labor so proceed, it will soon consume the 450<sup>lbs</sup>. Therefore by consequence this Honorable Board may Judge that it is impossible to make a magazine for powder, and lodgings for 50 or 60 men, which I desire this Honorable Board also to consider seriously of.

3<sup>d</sup><sup>ly</sup>. Col. Romer further declared at this Board, that he had a year ago demonstrated to the Duke of Malbrough, the state and condition of this Province, and that it was impossible for them to make these fortifications, which his late Maj'ty was pleased to

order should be made; and that he requested the Duke of Malbrough to take it into his serious consideration.

And further said that it was now in due season and time that this Province should implore the Queen for her assistance; and requested that this Board desire his Excellency the Governor, and the Honorable the L<sup>t</sup> Governor, for their concurrence in this matter.

And then Col. Romer took his leave of this Board, in order to depart next day for Boston.

Mr. George Jeffrey's acc<sup>ts</sup> as Treasurer from June, 1695, to Sep<sup>r</sup>, 1696, Am<sup>o</sup> to 925<sup>lb</sup>: 14<sup>s</sup>: 7<sup>d</sup>, and rest due to said Jeffrey, to balance 22: 03: 11, was read at this Board, and he produced his vouchers and receipts for all payments therein mentioned; which was approved and allowed of by this Board.

An estimate of the Province Debts, am<sup>o</sup> to 450 lbs., was sent from this Board to the House of Representatives.

Mr. Joseph Smith, formerly Treasurer of this Province, brought in his acc<sup>ts</sup> to this Board from 29<sup>th</sup> Sep<sup>r</sup>, 1696, to the 23<sup>d</sup> Jan<sup>r</sup>, 1696-7, and from 9<sup>th</sup> January, 1698-9, to Aug<sup>t</sup> 7, 1699, and produced his vouchers and receipts for all payments; and swore to the truth of his acc<sup>ts</sup>, which was allowed and approved of.

Mr. Nath<sup>l</sup> Hill brought up to this Board from the House

of Representatives an answer to the L<sup>t</sup> Governor's speech as foll., viz.:—

To the Honorable John Usher, Lieut. Governor of her Majesty's Province of New Hampshire, the answer of the Representatives to the speech your Honor was pleased yesterday to make to the Assembly.

As to her most sacred Maj'ty that now Rightfully sits upon the Throne, we have had so ample a character from his Excellency, the Governor, that we account it the greatest happiness of the age we live in to be under the influence and government of so great, good and glorious a Queen; and shall constantly pray that her Maj'ty's Reign over us may be long and prosperous, resolving in all things to behave ourselves as becomes dutiful and loyal subjects.

As to the frontier garrisons, we believe they may be in some danger, but we are not capable of sustaining the charge of supplying all with soldiers; besides the committee of Militia in the several towns are impowered by law to look after and order those affairs.

[P. 141.] As to her Maj'ty's fort on Great Island, His Excellency the Governor, seeing the condition thereof, did move the late Assembly to take care that it might be made more defensible, who accordingly advanced 500 lbs. for that end; and as to men, we suppose the present season of the year will in some measure supply that want, there being on Great Island only the fort to do duty, and are humbly of opinion that the inhabitants on said Island may be sufficient to supply said fort with men for watching and warding, and not be burthened near so much as other places in this Province is; and for the want of powder, our agent, Major W<sup>m</sup> Vaughan, was instructed to address her Maj'ty on our behalf for a supply, from whom we have yet had no perfect account of that matter.

As to the Treasurer's acc<sup>ts</sup>, we had them lately laid before us by order of his Excellency, and have continued an Act for laying a Duty on lumber, &c., for another year; which we hope by the year's end will pay our Debts, and answer the necessary charges arising the mean time. And lastly, as to addressing her Maj'ty for a company of soldiers, &c., for the fort, we say, his Excellency the Governor, having been lately among us, and well acquainting himself with the state of the Province, fort, and all things concerning the same, we have prayed His Excellency to represent our state and wants at large: And pray her Maj'ty's

favorable relief, which we presume is already done, or will be done by these ships: so need not give your Hon<sup>r</sup> any further trouble therein; but always acknowledge your Hon<sup>m</sup> favor and kindness, wherein you are disposed to promote the good and welfare of this her Maj<sup>'ty</sup>'s Province.

His Hon<sup>r</sup> the L<sup>t</sup> Governor required at this Board an acc<sup>t</sup> of what Major Vaughan, the agent for this Province, had done for this Province in England, relating to their addressing her Maj<sup>'ty</sup> for a supply of powder, &c.

This Board declared they have no acc<sup>t</sup> from said Major Vaughan relating thereto.

tatives to ask of them if they had anything to offer to this Board, who answered they had nothing.

Mr. Secretary Story was sent as a messenger to call the House of Representatives to this Board, who accordingly came, and his Hon<sup>r</sup> the Lieut. Governor was pleased to declare unto them as foll., viz :

*Gentlemen,—*

In my speech laid before you the true state of the Province and the condition of her Majesty's fort, recommending to your care the raising of money for securities and defense thereof: in your answer thereto are pleased to intimate there are acts for duties laid which you judge will pay the Debts and answer the necessary charge.

Those Acts are given for other ends and uses. Judge will not answer those ends for which it's made and the money raised by those acts must only be applied to the ends for which it's granted.

You likewise say the laws of the place have made provisions for security of the Province, and his Excellency hath represented the state thereof home.

I laid before you the Province was in Debt above 450<sup>lb</sup>, and daily charges doth arise; that there was absolute need of soldiers at her Majesty's fort and some of the frontier Garrisons; if either suffer by want of supplies I have quitted myself.

His Excellency having given notice that the several Treasurers' accounts, from the year 1694, be prepared to be sent to [p. 146.] England; The several accounts from 1694 to January, 1696, by the several Treasurers, hath been laid before the Council with their vouches and receipts, and how and to what end the revenues hath been applied.

There hath been in Major Vaughan and his successor's time paid to W<sup>m</sup> Partridge, Esq., 867<sup>lbs</sup>: 2<sup>s</sup>: 6<sup>d</sup>, for which there is no acc<sup>t</sup> of particulars of disbursement, and that ought not to be allowed.

As to the 300<sup>lbs</sup> paid, your agent do find that he has not given any account either to the Council or Assembly of any proceedings of his in England for account of the public.

I have not only been informed of the condition of the Province, but have visited it and seen the condition thereof, and I doubt not but the Governor hath truly represented the same, and I shall by these masts ships second it likewise to her majesty.

In the mean time shall take care of her majesty's fort as shall think proper.

The House of Representatives being sent for came up to this Board, and his Excellency made the following speech :

*Gentlemen:—*

The public service has brought me hither, and I was not willing to be in the Province without seeing an Assembly, that I might offer you what I Judge necessary for her Majesty's service, and the good of the Province, and might receive from you the present state of your affairs.

I am glad that notwithstanding the trouble with the Indians, no part of this Province has had any impression from their barbarous hands; and I am the more sensible of the Gentlemen's service that have assisted me in the raising the volunteers now sent out, which are truly *every fourth man* fit to march in this Province, which I shall, as is my duty, humbly represent to her Majesty.

As soon as is possible I shall order the incidental charges for their advance be laid before you; and the Treasurer very justly presses me to desire you will raise what is proper to pay your engagements and Debts; and a just induction to you so to do, is that nothing has been raised in this Province by a tax this year, when your neighbors pay 12 or 15 single rates for the necessary service of the year.

I have also to communicate to you her Majesty's commands, re-

ferring to the fort at New Castle, that it be perfected in all points; the date of these letters will allow you to suppose that the Account of your grant of 500<sup>lbs</sup> for that service was not come to hand; however I am bound to communicate that Letter, and it will give you a good demonstration of her Majesty's care of the preservation and security of her good subjects here residing; And also encourage you in what is further wanting in that service to do your duty as there shall be occasion.

[P. 149.] I think it also proper to acquaint you with her Majesty's commands, which I have received referring to Mr. Allen's Title to the waste [lands?] of this Province, as the same is conveyed to him from the heirs of Mr. Mason, and to acquaint you that nothing will more tend to your quiet and repose, nor to her Majesty's just satisfaction referring to this Province, than to have an amicable and quiet issue in that matter.

The last Judgement upon the appeal makes you sensible of her Majesty's equal administration of justice to all her good subjects; and I desire your regard to her Majesty's directions in what remains, which may give a like instance and satisfaction of your obedience.

I have also to recommend to you what the L<sup>d</sup> Governor has already offered to the Council, that Lodgings may be provided for him on the Great Island, near the fort, until he may have a lodging in the fort itself, which will be most proper; — it can amount but to a small matter by the year, and will show your respects to the Government.

His Excellency also communicated to the said House of Representatives a Letter from her Majesty, relating to Mr. Allen's Title about the waste lands of this Province, as also, another Letter from her Majesty, relating to the inhabitants keeping the fort William and Mary in good defence, &c.

Thomas Holland's petition relating to his being divorced from his wife Elizabeth was read at this Board, and sent down to the House of Representatives with the opinion of the Council, that considering the said Elizabeth had owned her adultery and other allegations in said petition, that the said petitioner be acquitted from allowing said Elizabeth any maintenance, and she be separated from his Bed and Board.

Thomas Packer's debenter, am<sup>o</sup> to two pounds, one shilling and sixpence, for entertaining the Major General, was allowed and ordered to be paid in course out of the next Province Rate.

Thomas Packer's debenter, am<sup>o</sup> to four pounds, fifteen shillings and eight pence, for entertaining the Honorable John Usher, Esq., L<sup>t</sup> Governor, 22<sup>d</sup> October, 1703, was allowed and ordered to be paid, Ut supra.

Ordered, that Thursday next be kept as a day of Fasting and Prayer throughout this Province; humbly to implore the Divine favor and Blessing upon her Sacred Majesty's life, and prosperity to her Arms and the Arms of the Confederates against the Great Oppressor of the liberties of Europe, and also to pray the favor of God for the preservation of this Province and the good success of the forces now gone against the Indian Rebels, and all ministers and people are strictly enjoined to observe the same accordingly.

Samuel Penhallow, Esq., his debenter, am<sup>o</sup> 11<sup>lbs</sup>: 14<sup>s</sup>: 00<sup>d</sup> for utensils for soldiers marching forth against the Enemy, &c., and for maintenance of French Prisoners, &c., as upon

file, was read and allowed and ordered to be paid in course out of the next Province Rate.

[P. 151.] The petition of John Cross and James Phillipps are referred to next Council day to have a hearing, by reason Mr. Hinkes hath not had due notice to answer said petition; and that said Mr. Hinkes be ordered forthwith to pay the petitioners what money shall be found in arrears to them, and that Mr. Hinkes deliver to the Treasurer the Order of Thirty pounds or upwards, which the Treasurer says he hath paid; And that the Secretary give notice to Mr. Hinkes to attend next Council day.

Ordered, that the select men of Dover be summoned to appear next Council day to shew cause wherefore the town of Dover should not pay five pounds, eight shillings to the Treasurer for the defect of Constable Crockett; the Treasurer calling for said summons.

Mr. Hill, one of the House of Representatives brought up an answer to his Excellency's speech, in hæc verba, viz :

*May it please your Excellency,—*

The Representatives of this Province have duly considered what your Excellency has laid before them, and are always glad when they may attend you in General Assembly; being sensible of your great care to her Majesty's service and the good and welfare of this Province, we humbly thank God for our preservation hitherto during the late and present Trouble, and attribute much to your constant care and solicitude for us; and what the Gentlemen here have done to your assistance in raising volunteers is no less acceptable to us than your Excellency, And we thankfully accept your assurance that it shall be well represented to her Majesty.

As to the supply of the Treasury for the payment of Debts, the time of year draws near when the Revenue arising by a duty on lumber will show itself; and we assure your Excellency if that shall fall short at the year's end, we shall account the Province Debts our own, and take effectual care for payment of whatever appears justly due; As to the Great Taxes your Excellency is pleased to intimate has been this year laid upon our neighbors of the Massachusetts; We presume it has been principally occasioned

by the War, and your Excellency may please to know we have taken care to support that charge by having our men always ready with sufficient subsistence for so many as at any time your Excellency shall see cause to command forth against the present enemy. We are sensible your Excellency is not ignorant of our poverty by [P. 152.] which we are disabled raising the necessary fortification for this port, and that the 500<sup>lbs</sup> raised bears some proportion to our present ability, and hope the Province will always do their utmost for their own preservation; and humbly pray that you will further represent the matter to her Majesty, that by some means we may be assisted in that Great charge, and that great Ordinance, arms and ammunition, may be supplied to us.

As to what your Excellency has been pleased to communicate to us of her Majesty's commands referring to Mr. Allen's title to the waste of this Province, we humbly represent and pray of your Excellency that it may be laid before her most sacred majesty, that we are very sensible of her Majesty's princely regard and justice to her most dutiful subjects of this Province, in the last trial between Mr. Allen and Mr. Waldron, which has for ever obliged us to a sense of and resolution in our duty and obedience to her majesty; that this Province is at leasty sixty miles long and twenty miles wide, containing 1200 square miles, and that the inhabitants have only claim to the property of such land as is contained within their town Bounds, which is less than one third part of the Province, and has been possessed by them and their ancestors for more than sixty years, but have nothing to offer as a grievance if the other two thirds be adjudged to Mr. Allen, but shall be glad to see the same planted and settled for the better security and defense of the whole,\* with all humbly desiring it may be con-

\* In accordance with the above expressed opinion, "on the 3d of May, 1705, the Inhabitants and Terre-Tenants of the Province, at a general meeting held at Portsmouth, came to the following resolution with respect to Mr. Allen's title:

"That they had not on behalf of themselves, nor any of the Inhabitants of this Province, any challenge or claim to any part of this Province, extra the bounds of the four Towns of Portsmouth, Hampton, Dover and Exeter, with the Hamlets of New Castle and Kingstown, &c., appertaining which were all comprehended by a Line, on the western part of Dover, Exeter and Kingstown, already known and laid out, and should be forthwith revised; but that the said Samuel Allen, Esq., his heirs and assigns might peaceably hold and enjoy the said Great Waste, containing 40 miles in length and 20 miles in breadth or thereabouts, at the heads of the four Towns aforesaid, if so should please her Majesty; and That the Inhabitants of this Province at all times should be so far from giving interruption to the settlement thereof, that they declare on their behalf and by the power given them that they desire by all means that the Waste might be planted and filled with Inhabitants, the lands being very capable thereof, to whom they would all give their assistance and encouragement as far as they were able.

sidered how much time, blood and Treasure has been spent to settle and defend this part of her Majesty's Dominion in New England, and that the cost and labor bestowed thereon far exceeds the present true value of the land, so that we humbly hope her majesty's intention is not to take of all the herbage, timber and fuel from the inhabitants, without which they cannot subsist; and less than the bounds of their present towns, which were but four in number until of late two were divided, will not give feed for their cattle, and timber and fuel necessary. It being not usual in those plantations to fence in much more of their land than serves for tillage, leaving the rest unfenced for the feed of their cattle in common, we are well assured of her majesty's gra-

"That in case Samuel Allen should for himself, his heirs, executors, &c., for ever quit-claim unto the present Inhabitants, their heirs and assigns, for ever, of all that Tract of land and every part and parcell thereof, with all privileges, &c., situate, lying and being within the severall Towns of this Province, to the extent of the bounds thereof, and also warrant and defend the same to the Inhabitants against all manner of persons whatsoever, free from mortgage, intallment and all other manner of Incumbrances; and that this agreement and the lands therein contained should be accepted and confirmed by her Majesty, then, and in such case they agree to lot and lay out unto Samuel Allen, his heirs and assigns forever, five Hundred acres of land out of the Township of Portsmouth and New Castle; 1500 acres out of the Township of Dover; 1500 acres out of the Township of Hampton and Kingstown, and 1500 acres out of the Township of Exeter, all which Lands should be laid out to him the said Samuel Allen, out of the Commonage of the respective Towns in such place or places, not exceeding three places in a Town, as should be most convenient to Mr. Allen and least detrimental to the Inhabitants of the Town.

"And further they agree to pay Samuel Allen, his heirs or assigns, two thousand Pounds current money of New England, that is to say, one thousand pounds within twelve months after the receipt of her Majesty's Confirmation of this their agreement and the other thousand pounds within twelve months after the first payment.

"And further that all contracts and bargains formerly made between Mr. Mason and Mr. Allen with any the inhabitants or other her Majesty's subjects, which were *bona fide* for lands or other privileges in the possession of their tenants in their own just Right, besides the claim of Mr. Mason or Mr. Allen, and no other shall be accounted good & valid by these articles; But if any the purchasers, leasees or Tenants should refuse to pay their just part of what should be agreed to be paid, referring to this affair, in equal proportion with the rest of the Inhabitants according to the land they hold for, their share should be abated by Mr. Allen out of the two thousand Pounds payable to him by this agreement.

"And further that upon Mr. Allen's acceptance and under writing of these articles, they promised to give good personal security for the payment abovesaid.

"And further that all actions and suits in the Law depending or thereafter to be brought concerning the premises should cease, determine and be void, untill her Majesty's pleasure should be further known therein."

[The foregoing copied from a MS. Report of the Lords of Trade, to King George II., in Secretary's Office. To which is added:

"These Propositions having been finally settled and agreed to, were ordered to be presented to Mr. Allen for his acceptance, but his death, which happened on the next day, prevented it."

cious regard to all her good subjects of this Province, and humbly prostrate ourselves at her feet in this affair of so great concernment to us.

As to the providing lodgings for the Lieut. [P. 153.] We only further humbly pray your Excellency that you will please to continue your care of us as hitherto, that we may not be insulted by the enemy, and that our principal gentlemen, such as the Judges, Justices of the Peace and other persons of the best account amongst us, may not be exposed as private sentinels, and sent out upon the scout in a small number after the enemy, as some have lately been In your Excellency's absence, to the great hazard of their lives without any prospect of service to her Majesty. *The petition of Thomas Holland.*

To his Excellency, Joseph Dudley, Esq., Capt. General, Governor and Commander in Chief of her Majesty's Province of New Hampshire, and to the Honorable The Council and Representatives Convened in General Assembly for said Province, at Portsmouth.

The humble Petition of Thomas Holland, now resident in said Province, mariner:

Sheweth: —

That your petitioner was married to Elizabeth Very[?] of Deptford, at Southwark, in the kingdom of England, in the year of

our Lord, 1692, and since that hath lived in a state of marriage with her, the said Elizabeth, about seven years, in which time she bore him three children, and then she went from hence to England, where she remained about two years; all which time your petitioner continued here in New England, being employed in his late Majesty's service as purveyor for the navy of England, and all that time did not see the said Elizabeth his wife, who returned from England in the Ship Hope, Aaron Everdon, Com-[p. 154.] mander, in the year 1700: And about three weeks after her arrival, she, the said Elizabeth, was delivered of a living daughter and was thereupon convicted before her Majesty's Lieutenant Governor and Council in this Province, and she publicly owned her adultery and the child borne of her body, since which time she hath taken no method to your petitioner's satisfaction, so as to procure in him a belief of her amendment, but rather gives cause to suspect she persists in a lewd course of life.

Wherefore your petitioner most humbly prays your Excellency and this honorable Assembly, that you will please to grant him a Divorce from his marriage with the said Elizabeth, or such separation as may acquit him from her further challenge and maintenance, that he may be capacitated to go about his business with alacrity and maintain his poor children, of whom he is willing to take effectual care according to his ability.

And your petitioner, as in duty bound, shall ever pray, &c.

THO: HOLLAND.

Said petition was read in the Council Board, 10<sup>th</sup> instant, and sent down to the House of Representatives with the opinion of the Council; viz., That considering the said Elizabeth had owned her adultery and other allegations in said petition, that the said petitioner be acquitted from allowing said Elizabeth any maintenance, and she be separated from his Bed and Board.

This day said petition was brought up to this Board with the following vote annexed thereto from the House of Representatives, viz:

Voted, That the Assembly doth acquiesce in what the Governor and Council hath done as to the above petition, &c.

This Court having had consideration of said petition, and having seen the examination of the said Elizabeth Holland

and her confession as the same is alledged in the petition from the ministers of the Council of this Province, Do thereupon order and determine that the said Elizabeth Holland be and is hereby separated from her said husband, Thomas Holland, *a mensa et a thoro* ; and the said Thomas Holland discharged from any further care or provision for her, the said Elizabeth's, [p. 155.] maintenance or subsistence, he having never received any thing as a marriage portion with her, more than her clothes, and she being now eloined\* from him ; the said Thomas Holland having also engaged to this Court to take a just care of his three children borne of her body, during their cohabitation together, and that the secretary exemplifies the same under the seal of this Province with his attest.

Henry Dow, Esq.,

The Honorable the Lt. Governor having acquainted this Board that there are several families within the Bounds of this Province next adjoining to Salisbury, and to ascertain them to be within this Province he run the line some years since, having given notice to the Government of the Province of Massachusetts, who refused to attend:

Ordered, That the said several farmers and families be assessed to the Province Tax, and it be collected by the

Constables of Hampton, and that the Province of the Massachusetts be notified of this order, and that the Council is willing at any appointed and agreed time to run the Line and submit it to a - - - - and a Committee of both Governments, and that the commanders of the militia also do their duty in the military Government of the inhabitants abovesaid.

Upon Col. Romer's remonstrance of the 24<sup>th</sup> May, 1704, given the Governor, he was heard at this Board, and all just satisfaction done him by the Governor and the Board in his reputation and service, and every body ordered to attend him in the service.

Mr. Elliott and Mr. Jeffrey representing to this board that whereas they were directed to join with two of the gentlemen of the Representatives for procuring a House for the reception of the honorable the Lieut. Governor, who accordingly appointed a time and met, but the said gentlemen refused to do anything therein.

The Secretary was sent as a message to call the House of Representatives to this Board, who accordingly came, and his Excellency made the following Speech in hæc verba, viz. :

*Gentlemen*.:—The last time I met you I acquainted you with the state of the Treasury, and your debts and engagements; and had your answer, That if the Impost did not amount you would as you ought take effectual care for the discharge of the Debts, and for the necessary incidental growing charges, which I must expect be now immediately done. The Treasurer lays before you your Debts, and the Receiver the accounts of the Impost; there remains but two months of the year in which time what ever is received shall be duly accounted for.

I desire you will grant what is necessary for a just discharge of your engagements, and that you will continue the impost and duties for the growing charge, which shall be with all thrift expended; and you are encouraged so to do for that the price of Lumber will now much better bear it than last year; and I must desire you to do it now that it may not fail, because I cannot possibly be here just at that season when that Act will expire.

I am sure every member of the Assembly is sensible that all

due care has been taken in her Majesty's service here that your Debts are justly contracted, and I cannot further proceed in any affair without a discharge of what is past, which you will therefore grant by a tax to be paid out of the Province in such proportion as is usual.

In obedience to her Majesty's Command Col. Romer is reforming the fort on Great Island, and I must acquaint you that for the four months next coming I cannot have less than twelve men at that place to support the watches, lest we be surprised, and in case of any invasion I have given strict orders to all the forces of both the Provinces to repair thither for its defence.

What's necessary for the L<sup>t</sup> Governor and the forces under him who have the charge of the Fort ought to be supplied, or the service will not go forward.

I am glad in these hazardous times that I can meet you with any safety and that your frontiers have been hitherto preserved, notwithstanding the daily scouting of the enemy around the Province who have had the advantage in other places by the negligence of the watches in several parts. I shall continue to do what in me lies that you may be well guarded, and hope that every body will do their duty in their station.

His Excellency the Governor sent a message for the House of Representatives to come to this Board, who accordingly came, and his Excellency then made the following Speech, in hæc verba :

*Gentlemen:—*

Since your last session, you have the issue of our Eastern Expedition, where our forces have very successfully proceeded to the destruction of the French settlements in all the parts of Acadia

and Nova Scotia, so that there is nothing left out of the sight of Port Royal; and in other parts where the Garrisons and inhabitants have kept good watches, we have lost nothing. The last appearance of the French and Indians was at Lancaster, where we were so ready for them that one Belly full of Beef has cost them three months' Expedition, and they have made no impression upon the least Garrison there; and by these means the intended expedition from Quebeck upon this Province has been diverted, for which we have great reason to thank Almighty God.

I am glad to find you in soe good a position in your frontiers,\* and the forwardness of the works of the fort, where if the cost be a little more than was expected the view of the works will answer it to every skillful man. [P. 171.] I shall direct the charge there to be laid before you, and the present state of your Treasury.

I am obliged to tell you, the Assembly of the Massachusetts have earnestly addressed me, that this Province may do their just share in the present War as judging the service to be equal and in common, and that this Province has not been equally charged hitherto, which is altogether just it should be so; in the mean time, I am

*Be it further enacted*, by the Authority aforesaid, that every Householder shall, on penalty of a fine not exceeding five shillings, keep the said snow shoes and mogasheens continually in good repaire; and if at any time the said shoes shall be improved in proceeding after the enemy, and wore out or damaged, such shoes and mogasheens shall be repaired and made good at the province charge, and to be delivered to the owners, who is hereby injoyned to keep them continually in good repaire during the present Warr with the French and Indian enemy.

*Be it further enacted*, by the Authority aforesaid, that when there shall be a necessity of sending forces out Ag't the enemy, the Captains in the several Towns are hereby empowered to order his or their clerk to demand soe many of said snow shoes and mogasheens of the severall Inhabitants within their preincts as need shall require, and whosoever shall neglect or refuse to deliver the said shoes or mogasheens, shall pay a fine of eight shillings to be taken by the Captain's warrant directed to the Clerk, by distraint on such delinquent's estates, and disposed of as other fines soe taken are; *Provided* always, that it shall be in the power of two Justices of the Peace in each Town, to exempt all poor widdows from the burthen of this Act, upon application to them made.

the more surprised to find that any of us are impatient of the present charge of the expences at the fort, and otherwise, when truly we have not yet raised the quarter part of our just quota with our neighbors.

I know no better article for the advancement of the Revenue than that of lumber, which was no hard thing these two last years when they were below twenty shillings the thousand; now they are almost double that price they will better bear it, and I am to tell you that laying of that tax is very well taken by the Right Honorable the Lords Commissioners of Trade and plantations, who are the best judges of our affairs. If the Assembly will revive it for one year more I shall represent it well to her Majesty, and judge it the most equal and easy method, and shall take care it be better collected than heretofore.

I am sorry to be acquainted that under all our hardships from the enemy we cannot be at peace amongst ourselves; the late riot of Hampton, of which I am acquainted since my coming, will be of ill consequence to us unless prevented by just and severe punishment, which I hope her Majesty's Justices of the Superiour Court will not fail of.

[P. 172.] At the last session of the Assembly there was a committee of both Houses directed to consider and provide a proper reception for the Lieut. Governor, which was since proposed by the Council to effect, until the coming of the Assembly; which provision is now expired, and I must now again recommend to you that it may be done to effect, lest the Government be reflected upon as neglecting their duty therein.

Since I have been in Command here I have sincerely intended the service of the Province, and her Majesty's honor in it, and shall continue to do my duty and expect your assistance in every thing relating to the service, and trust in the favor of Almighty God for your preservation in the present troubles.

His Honor the Lt. Governor acquainted his Excellency that his occasions, suffering much by reason of his long absence, called him abroad for twenty days' time, upon urgent business: Therefore desire his Excellency would grant him liberty to be absent out of the Province for said time.

His Honor the Lt. Governor's debenter, amounting to 4, 19, 6, for several journeys to the several Towns of this

Province, for settling matters about imprest men and provisions, and for boards and shingles at the fort, and for oyle and coloring for the fort, &c., was read at this Board, allowed and ordered to be paid out of the Treasury.

Sam<sup>l</sup> Penhallow, Esq., his Debenter, am<sup>o</sup> to 45, 00, 10, for beds and bedding for the soldiers at the fort, for a Union Flag and other things for said fort, was read at this Board, allowed and ordered to be paid out of the 700<sup>th</sup> Rate.

[P. 173.] The Governor gave the Judges of the Superiour Court present at the Board notice of the Riot at Hampton, and set forth the aggravation thereof, that it should be committed by so great a number as twenty men, in the time of War, and under pretense of an order of the selectmen, as I am told, where her Majesty had so lately made void that Act, and her Majesty's pleasure therein having been published in the General Assembly, which contempt had aggravated the Riot, and therefore directed them to use all possible methods for their conviction and just punishment.

Adj<sup>d</sup> till 9 o'clock to-morrow morning.

The House of Representatives sent up to this Board an answer to his Excellency's Speech, in hæc verba:—

*May it please your Excellency:*

The Representatives of this her Majesty's Province, convened in General Assembly, do with all humble gratitude acknowledge your Excellency's constant care and concern for the defense of her Majesty's Province, under your Governments, and are abundantly satisfied with what your Excellency has been pleased to acquaint us with, of the success of the late Eastern Expedition, and particularly of the defeat of so numerous a company of the enemies at Lancaster,\* which next to Divine Providence must be attributed to your Excellency's prudent care and conduct in sending forces so seasonably to those frontiers, and we have no cause to doubt of the continuance of your Excellency's care over us for the defense of this her Majesty's Province, for which we shall be always ready to give our assistance, according to the utmost capacity of the poor distressed inhabitants thereof. The Great Charge of the Fort lies hard upon us, for besides the five hundred pounds raised by the Assembly, for reparation thereof, we are given to understand that sum is more than double by the constant attendance of soldiers and Laborers, imprest [p. 176.] from the several Towns for that service, whereby our strength in the frontiers is so much lessened, and we thereby exposed to the enemy, when all the time the poor inhabitants have to spare from watching, warding and scouting is too little to get bread for their families, which neither can they do but with the utmost hazard of their lives.

As to bearing an equal proportion of the charge of the war, with our neighbors of the Province of the Massachusetts, we would pray our different circumstances might be considered. The bulk of that Province being out of the reach of the enemy, and no otherwise affected by the war then only to pay their proportions of the charge: Whereas this Province is wholly frontiers, and in equal danger with the Eastern frontier of that Province, (viz.) The Province of Maine, who besides the advantage of three or four regular companies for their constant defense are also very much abated of their proportion in their Rates and Assessments made for defraying the public Charge.

Also Reviving the Lumber Act we find it not to answer the proposed end, it also bearing so hard upon those concerned in Lumber, but are willing that all public charges arising in this Province

shall be defrayed by Rate, on Poles and Estate, which we shall be ready from time to time to do our duty in, according to the necessities of the Province and the abilities of the poor inhabitants thereof; but at present pray it may be considered how our people have been *faleanged*\* by their service at the fort, and that the seven hundred pounds last ordered to be raised is yet to be collected.

As to the late Riot at Hampton, which your Excellency is pleased to mention, we can say little to it, only by what we have heard we believe the matter is aggravated to your Excellency; however, we understand the persons concerned are [P. 177.] under prosecution, and we hope that those who are found guilty will be punished according to their demerits.

As to Lodgings for Lieut. Governor Usher, we only say: This Province never yet allowed anything to a Lieutenant Governor as he well knew during his former residence here, and might rationally expect no other at his return, especially considering we are now in a far worse capacity than formerly, and unable to support the more necessary charge of defending this her Majesty's Province against the French and Indian Enemy.

The petition of Col. Samuel Allen was read at this Board in hæc verba, himself being present :—

To his Excellency Joseph Dudley, Esq., Capt. General and Governor, &c., of her Majesty's Province of New Hampshire, &c.

The petition of Samuel Allen, Esq., Proprietor of said Province,

Humbly sheweth, That your petitioner, having sundry Actions depending in several of her Majesty's Courts of Judicature, wherein he must make use of several Records of Judgments Ob-

tained formerly by his predecessor Mason against several persons of the Province; And having made application to Samuel Penhallow, Esq., the Recorder of this Province, for the said Judgments, upon searching the Book of Records for that purpose, the judgments are found to be cut of the Books, and so your petitioner greatly prejudiced and abused thereby. Wherefore,

Your petitioner humbly prays your Excellency to take the premises into your wise and just consideration; And if it be possible, some way to relieve your petitioner therein; and your petitioner as in duty bound, shall ever pray, &c.

SAMUEL ALLEN.

The Gentlemen of the Council were enquired of how the Records of the Province had been kept; And it appeared, that the Books of Records were begun by Richard Chamberlain, Esq., Secretary of the Province, when Governor Cranfield arrived, The first Governor of this Province from the Crown [P. 181.] of England, in the year 1682; who held them until the time of the Revolution, when they were taken from him by Capt. John Pickerin, in the year 1689, and were by him delivered to Henry Penny by order of L<sup>t</sup> Governor Usher, in the year 1691, and from the said Penny they were delivered to Thomas Dayis, Secretary of the Province in the year 1693, by order of Governor Allen, and from him removed to William Redford, by order of Lieut. Governor Usher, in the year 1695.

And from the said Redford they were delivered to Major William Vaughan in the year 1697, by order of the Assembly and L<sup>t</sup> Governor Partridge, and from him to Mr. Samuel Penhallow, in the year 1702, by order of the Assembly and L<sup>t</sup> Governor Partridge, where they now are. The said Penhallow presenting the Book of Records, containing a Journal of the Courts from the year 1682 and continues to 1684, There was found twenty four leaves taken there out; where upon Mr. Penhallow was examined and gave the following oath:

Mr. Penhallow made oath in Council that he received the Book now showed (out of which twenty four leaves are cut)

and all other the books of Records, from Major Vaughan, in the month of June, in the year 1702, in such form as they are now kept, and particularly the Book shewed in Council, out of which twenty four leaves are cut in the same manner as it is now seen, and that they have been carefully kept.

And thereupon it was further ordered that Mr. Penhallow do attend at the office where all the other Records of this Province are kept at such times and hours as Mr. Allen shall desire, giving notice thereof the day before, that the said Mr. Allen may further search the Records for what papers or instruments or writings may any wise concern his affairs in this Province.

[P. 182.] Richard Jose's debenter, am<sup>o</sup> to 2 : 14 : 0, for his attendance on his Excellency and Council, allowed and to be paid in course.

Upon the repeated petition of John Partridge, referring to ninety eight pounds, eighteen shillings, due from the Province of the Massachusetts and this Province for expences and subsistence of wounded men, &c., as appears by the several petitions,

Ordered that the Treasurer do forthwith account with the said John Partridge what has been by the Assembly allowed, and pay him the remainder of forty eight pounds, eighteen shillings, and take a receipt for the same, and give him a certificate under the said Treasurer's hand, that he has paid him the said sum of forty eight pounds eighteen shillings, that he may there by be enabled to receive his just due from the Province of the Massachusetts, agreeable to the order made referring to this matter by the Assembly there.

Ordered, that William Cotton and James Randle Report the damage done to Captain Hunkins' marsh, by digging sods there for the repair at the fort at New castle, and that the same be paid by the Treasurer.

Ordered, that Colonel Romer within ten days next com-

ing perfect his accounts of Expences at the fort, that they may be showed in Council.

In answer to the petition of Cross and Phillipps, soldiers at the fort at New Castle, there remaining a difference between John Hinkes, Esq., late Captain of the said fort, and the said Cross and Phillipps, wherein also Mr. Treasurer Penhallow is concerned,

[P. 183.] Ordered, Richard Waldron, Esq., and George Jaffrey, Esq., are appointed a Committee to hear, adjust, and determine those accounts; and Mr. Hinkes and Mr. Penhallow hath submitted to their determination, and will thereupon forthwith settle the matter with the petitioners, and to make just report if any thing be found due.

The several Bills following have been three times read, and passed both Houses, were consented to by his Excellency, and by him signed accordingly, viz :

[Copied from MS. Vol. Gov. Speeches, &c.]

Portsm<sup>e</sup>, 23 April, 1705.

*Gentlemen:—*

I am glad to meet you after an Eight months' recess, during which time by the blessing of Almighty God upon our endeavours, wee have had no inroad of the enemy, but find them drawn off to a great distance to secure themselves from the danger of being found by our forces, who have sustained very long and hazardous marches in the winter, to their own honor and our great benefitt; and must be now justly paid and rewarded. I shall lay before you the Muster Rolls of the several parties, signed by my selfe, as I ought, and expect they be speedily paid, that they may be the more chearfull in the service for the future.

I am alsoe glad to finde the works of the fort in soe good a forwardnesse; you shall have the past charge of that laid before you; and the season of the year allows us now to proceed to finish what remains, which alsoe demands a small Garrison for six months next coming, and must be provided for.

I have directed the Treasurer to lay before you the present state of the Debts, for which you must immediately provide, otherwise our credit will be lost; to which you must add considerably for

the charge of the year current, for your quota of forces for a summer expedition; soe that I hope by the blessing of God upon the couragable Resolution of her Majesty's good subjects of both these Provinces, not to lett the enemy rest while they are within our reach, and possibiletie to sustain a march after them.

I do not doubt of your chearfull supply in these articles, necessary for her Majes<sup>ty</sup>'s honour and your owne safety; and the sooner you please to dispatch them, the more early you will have the advantage to have the session ended.

The Assembly being sent for to this Board, accordingly came, and his Excellency made the foll. speech :

*Gentlemen:* —

It is eight months since your last recess, during which time by the favor of Almighty God, the Province has been safe in all parts,

notwithstanding the scouts of the enemy look upon us everywhere. It is what I expected from the distance the Indians are now lodged from us; And therefore I abated any standing forces and counted a small marching party for a short time-sufficient; but our security this winter must depend upon a large circular march once a month at least, for which I shall give speedy order; And if the ordinary marches of the forces in the Province of Maine be duly kept, and the poor people will bear the inconveniences of their strict Garrisons, we shall be safe.

Mr. Treasurer acquaints me the Province is in Debt, which I have directed him to lay before you, which with the growing charge must be provided for.

I must acquaint you that I have before me the complaint of the officers that followed Lt. Colonel Hilton to Neridgawack, that they were paid no otherwise than private sentinels. I am sure you will allow me to march the Queen's Subjects in this necessary service, as I shall think fit; and when I have soldiers I must have officers, and they must be paid. I have used all methods possible to keep the Province easy, and you shall not need to study that point lest you discourage your best men to the hurt of the service; for though I can draw men out of the files, Officers expect, as they deserve, other treatment, or the service will utterly fail.

If you have any thing for the benefit of the Province to offer me, I shall heartily put it forward as the short session will allow.

*Gentlemen*,—The pressing occasions of the warr, both by sea and land, prevents his Excellency's meeting you in person at this present session.

By his Excellency's direction, I am come into this his Majesty's Province, and am to acquaint you that it is absolutely necessary for the raising of money for the payment of Debts due from the Province, and a supply for the service of the warr.

The Enemy surrounding and pressing upon us, and for want of a fund in the Treasury for supply of provision, &c., there can be no march against the enemy, and judge not less than five hundred pounds, besides payment of debts, is requisite; your proportion of Rates equal to your neighboring Government this year, would Am<sup>e</sup> to two thousand two hundred pounds.

[P. 210.] I acquaint you by reason of Col. Hilton's having not a supply of provisions, he cannot march for security of the Province, and there is no credit in the Treasury.

I present you with his Excellency's Letter as to this weighty affair, not doubting of your readiness and compliance therewith and dispatching of so great a concern, the preservation of her Majesty's subjects depending thereon; and nothing shall be wanting in promoting the same by me.

To his Excellency Joseph Dudley, Esq., Capt. General and Governour in Chiefe of her Majesty's colonies of the Massachusetts Bay and New Hampshire, and to the Council and General Assembly of New Hampshire:

The memorial of John Bridger, Surveyor General of all her Majesty's woods, on the Continent of America, Sheweth:—

That whereas her Majesty has been most graciously pleased by Her Commission to me granted and instructions commanded, to preserve and keep as much as in me lies, all her Majesty's woods from spoil and waste that shall or may be made for the future, by any of the inhabitants of her Majesty's colonies in America, pursuant to a clause in the charter of the Massachusetts Bay, which reserves all trees to her Majesty's use of twenty four inches diameter at twelve inches from the ground and upwards, from being cut, felled or destroyed, on the penalty or forfeiture of one hundred pounds to her Majesty, her heirs and successors, for every such tree cut, felled or destroyed, without her Royal license first had and obtained for the same:

And whereas there have been complaint made unto her Majesty of the spoil and waste made in her Majesty's woods;—I therefore in her Majesty's name, and by the authority to me granted, do for the time to come forbid all her Majesty's subjects to cut, fell or destroy any of the trees reserved as aforesaid, And do hereby request of his Excellency, &c., that he would be pleased to move and recommend the same to the Gentlemen of the Assembly; that they give notice accordingly to the inhabitants of their respective Counties or Towns, particularly to those whose livelihood chiefly consists in Logging and working in the woods, that they be very careful what Trees they fell in logging, &c.; especially those in the upper towns and Rivers adjacent; which trees if preserved would much lessen the charge her Majesty is now at in masting her royal Navy.

Mr. Secretary Story was sent as a message to the House

of Representatives to call that House to this Board, who accordingly came, and His Excellency to make the following Speech, in hæc verba sequen :

*Gentlemen:—*

The openness and uncertainty of the weather this winter has prevented us from doing what we intended against the enemy; yet we are to acknowledge the good Providence of Almighty God, that we have been preserved from any inroad, and have had so good an advantage against the Rebels the last March.

At the earnest solicitations and motion of the Assembly of the Province of the Massachusetts, I have entered upon an expedition to Nova Scotia and L'Acadie, to make what spoil I can upon our ill neighbors, the French there inhabiting, and shall have a thousand men ready in ten days' time with provisions and Transports, besides some assistants which I hope from her Majesty's Government of Connecticut and Rhode Island, and must expect a just quota from you for that service. I shall at present only draw out sixty volunteers with officers, for whom you will, I doubt not, take care to provide.

Mr. Treasurer will show you the present state of your Debts and what will be necessary for the advance, and I desire you will proceed cheerfully to grant the supply; the time is very short, the day of the muster of the forces being the seventeenth instant, require me to be in the several parts, to review such men [P. 227.] as are raised,—That I must desire you forthwith to dispatch what is before you. I have always taken care that this little Province be not overburthened, and that your money may be justly expended; which I shall always continue to do, and expect your readiness to grant what is necessary accordingly.

A vote was sent up by the Representatives humbly offering their concurrence to the keeping a Fast, the 16th April instant, according to the Proclamation sent them from this Board, being upon file, and is in hæc verba sequen :

By his Excellency, JOSEPH DUDLEY, Esq., Captain General and Governor in Chiefe in and over her Majesty's Province of the Massachusetts Bay and New Hampshire, in New England:

A PROCLAMATION FOR A GENERAL FAST.

Upon due consideration of the holy anger of Almighty God, evidently manifested by lengthening out the troubles of Europe,

as well as our own, and continuing them and ourselves under the sore calamities of a distressing bloody war, (notwithstanding the many great victories obtained against the Common Enemy of Europe) which always bespeak our humble prostration at the feet of Divine Sovereignty, with penitential confession of our many aggravated sins and provocations, and fervent supplications before the Throne of Grace for the free remission of them; That the past displeasure of God against us may be removed:

I have therefore thought fit, with the advice of her Majesty's Council, and at the concurrent desire of the Representatives at their present session, to appoint and Order, that Wednesday, the sixteenth day of April, instant, be set apart and observed for fasting and prayer throughout these Provinces, exhorting both ministers and People in their Public Assemblies and in their private devotions religiously to solemnize the said day, that by a sincere repentance and steady affiance in the Divine Mercy in their most humble addresses to God, they may obtain these great blessings. [P. 228.] That our sovereign Lady the Queen, with her kingdoms and Dominions, may always be under the protection of heaven; Her Majesty's life and happy government long continued; Her Council and just Arms prospered; That the Government of these her Majesty's Provinces may be always under the influences of Divine direction, in all their administrations and just enterprizes, and the smiles of Heaven attend them; The designs of Enemies defeated; the residue of our captives returned; That health may be continued; And the ensuing year crowned with the fruits of Divine Benignity; That the present War and tumults of the nation may happily issue in the advancement of the Protestant religion and the Glorious Kingdom of our Lord and Saviour Jesus Christ; And all servile labor is forbidden in the said day.

Given at the Council Chamber in Portsmouth, the seventh day of April, 1707; In the sixth year of the reign of our Sovereign Lady Anne, by the Grace of God, of England, Scotland, France and Ireland, Queen, defender of the faith, &c.

J. DUDLEY.

*Gentlemen:*—

I have delayed your session till now that I might have received her Majesty's commands, which are expected by the Reserve Frigate bound hither; but the season of the year is not [now?] so far advanced, and your affairs requiring your meeting, I have judged it not reasonable to defer your business any longer.

We have been sensible of the Good Providence of Almighty God in the preservation of our selves, and our neighbors in the other Province upon the frontiers, notwithstanding several inroads of the enemy, and some loss that we have sustained.

The charge of the Port Royal Expedition, and your other expences must be now provided for, that we may be just in the payment of the Muster Rolls of those that have served us.

Mr. Treasurer will give you a State of the Debts, and what is absolutely necessary, I am sure of your readiness in granting it to be forthwith raised; The Province being sensible of a good summer and harvest to support us.

The following Address being three several times read at this Board was sent down to the House of Representatives and agreed upon by both Houses :

*To the Queen's Most Excellent Majesty:*

The humble Address of your Majesty's Council and Representatives of your Majesty's Province of New Hampshire convened in General Assembly,

Humbly sheweth:—

That notwithstanding his late majestie was graciously pleased out of his princely regard to send a supply of Artillery and ammunition for your majesty's fort at Great Island; since which the great expense of rebuilding said fort and constant keeping men in pay for the better defense of this your Majesty's Province towards the sea, together with the extraordinary charge of defending the frontiers by land against the Indian rebels, assisted by the French from Canada and Port Royal, has reduced your Majesty's poor subjects to a great distress; many of whom have been necessitated to remove, by which our number and strength are lessened; others cannot provide for their families but with hazard of their lives, many fields lying untilld, [P. 239.] unless such as are under covert of the garrisons; at present we labor under a great want of good small arms and ammunition, which are daily wasted and lost in the wilderness in pursuit of the enemy, and by reason of our poverty cannot be supplied.

Your Majesty's petitioners, therefore, most humbly pray of your most Excellent Majesty that of your Majesty's Royal Bounty they may be supplied with such a quantity of small arms of several sorts, and ammunition proper for them, as well as for the great ordinance at your Majesty's fort in this Province, which will at all times be thriftily expended for the defense of your Majesty's good subjects; and we shall ever pray for the increase of your Majesty's glorious victories over the enemies of the repose of Europe, and your Majesty's long and happy reign over us.

Portsm<sup>e</sup> in New Hampshire in New England, 22<sup>d</sup> October, 1707.

We are your Majesty's most dutiful and obedient subjects.

Signed in presence and by order of the House of Representatives.

*To the Queen's Most Excell. Majesty:*

The humble address of your Majesty's Council and Representatives of your Majesty's Province of New Hampshire, convened in General Assembly,

Most humbly sheweth:—

That since our late address to your most Sacred Majesty, representing the poor and distressed condition of this your Majesty's Province, we are surprized with advice from England that several disaffected persons have petitioned your Majesty for the remove of Colonel Dudley, our present Governour, for male-administration, which we are well assured was done out of a particular pique by the principal of the said petitioners, who drew in others to subscribe that knew nothing of Colonel Dudley, nor had any families or concerns in New England; and we admire the more thereat, for that your Majesty had then received an address from the Council and Assembly of this Province, humbly representing the great care and good conduct of Colonel Dudley in the Government thereof, both as to the War as well as civil administration; And we are humbly bold to let your Majesty know that we are still of the same opinion, having daily instances of the indefatigable pains for the defense of the frontiers against the French and Indian enemy, who, by the prudent foresight and good intelligence which he has always gained of the enemies motion, and where they designed to make an attack, has sent seasonable relief so as that their designs have been totally defeated and your Majesty's good subjects and their estates thereby preserved.

We therefore most humbly pray that the malicious insinuations of a few male-contentes may have no impression upon your [P. 241.] Majesty to the prejudice of Colonel Dudley, but that if it consists with your Majesty's good pleasure he may be still continued in his Government, whereby we firmly believe your Majesty's honor, the interests of the Crown and the welfare and prosperity of your good subjects here will be better promoted than by another person, not so well acquainted with the affairs of this country.

It only remains that we continue to render our most sincere thanks to Almighty God for the success of your Majesty's victorious arms and the happy union of your Majesty's Kingdoms of Great Britain, which will for ever advance your Majesty's Glory and tend to the ruin of the enemy of the repose of Europe, most

humbly beseeching God for your Majesty's long life and happy reign over us.

[From MS. copy in Secretary's Office.]

*To the Queen's most Excellent Majesty.*

The humble Address of the Ministers of New Hampshire, in New England, humbly sheweth:

That your Majestie's good subjects in the Province are very joyfull and sincerely thankfull to your Majesty for all your Royall benefits to this poor province, and particularly for your Majesty's favor in sending Col. Dudley, Governor; who, being a native of this country, has the love and affection of all your Majesty's subjects; and is so particularly *knowing* [?] of all the features and avenues of these large provinces, that he has by the forces rayseed here met and defeated the Rebels very often, and the good Providence of Almighty God has greatly prospered & blessed his service to your Majesty's honor; and whatever insinuations are made against him to your sacred majesty, or your Majesty's great Ministers of State, we are sure he is unfeignedly steady in your Majesty's service, an example of religion, virtue & moderation to all good men; and we humbly pray, on behalf of ourselves and your Majesty's good subjects under our care, that it may consist with your Majesty's Royall wisdom, he may be yet continued to rule over us; which we dare not have presumed to ask, if evil minded men against us & such as least know us, had not lately addressed your Majesty for his removal, contrary to the willing & united desires of all your Majesty's good subjects here.

May the great God prosper your Majesty's arms & make your Majesty the glorious instrument of re-establishing the peace of Europe.

May your sacred Majesty be blessed with a long and prosperous reign over a people protected, reformed & united by your Majesty's most serene & excellent conduct; & your Majesty's and your good subjects' satisfaction therein will be everlasting.

*Address to Queen Anne. Sent by Capt. George Vaughan, 1707-8.*

[Coll. N. H. Hist. Soc., Vol. I., pp. 140-141.]

*To the Queen's most Excellent Majestie:*

Wee, your Majestie's most Loyal and Dutiful subjects, y<sup>e</sup> Representatives of your Majestie's province of New Hampshire, and in General Assembly convened, most humbly begg leave to prostrate ourselves at the feet of your sacred Majestie, and now at this time more especially to represent to your Majestie, That our ancestors and predecessors some eighty years past coming over from England, and issueing out from the neighboring Colonies, and by and with their concurrence and encouragement, peaceably and in a publick manner entered and satt downe upon the now inhabited lands of this province, and which were not only then vacuum domicilium, but a miserable desart, and surrounded with the Barbarous Salvages, from whose Sachems our ancestors all along informed and assured us the said lands were honestly and justly purchased for their use.

That wee and our ancestors through the great mercy of Almighty God, by the expence of our treasure and the work of our hands, have now turned this wilderness into a fruitful field.

That wee and our predecessors have, with the expense of our lives and estates, defended this your Majestie's province in two long and distressing Warrs, against the Barbarous Salvages, assisted by the French King's subjects, and which wee are yet engaged in, and must have suffered very much were wee not encouraged and protected by the great and constant care and vigilance of his Excellency our Governor, and the assistance of his other government, both as to men and money.

That by the diligence, industry and expence of your Majestie's Loyal subjects of this your Majestie's Province, wee have soe improved this your Majestie's Country, that the trade thereof has become very Considerable, and of great Importance and advantage to your Majestie and your people of Great Britaine.

That all this has been done without the least Aid or Assistance Imaginable of Mr. Mason, or those that succeed him in their pretended Claime to this Countrey.

That the possessions and Estates of this province have been

bought and sold, and have descended from family to family for Now neare seventy years together; and Except it be a very few of the Inhabitants, is all they have in the World. Notwithstanding all which, by the Governor's interposition, who endeavored to Reconcile the difference between Mr. Allen and the people (and not from any difference of our own Right) wee made Overtures to an Agreement; but Mr. Allen's death prevented any further proceedings therein.\*

That if your Majestie's most loyal subjects of this your Majestie's province may, by your Majestie's Royal favor, be confirmed and encouraged in the possession and Enjoyment of what they have acquired so Just a Right to, and may yett be protected and defended from the unreasonable and unjust Claim and demand of Mr. [Thomas] Allen, which they confidently promise themselves from the late instance of your Majestie's great Justice done them in the same case, when Mr. Allen Appealed from a Judgment of your Superior Court here to your Majestie in Council, where Judgment was affirmed in favor of the Inhabitants, & hereby your Sacred Majestie will not only have the Gratefull Acknowledgments of your Majestie's most Loyal and Dutiful Subjects in this your Majestie's province; but your Majesty and your people in all places will reap the benefit and advantage thereof in the Increase of the Trade of this Countrey by a greater supply of your Majestie's Navy.

Whereupon, wee your Majestie's most loyal and dutiful subjects, the Representatives of this your Majestie's Province, with all humble prostration, doe, in the Name and behalfe of all your Majestie's people, the Inhabitants of this your Majestie's province, most humbly supplicate your sacred Majesty to take the Circumstance of our Case and Condition into your Royal Consideration, on whose Wisdom, Justice and favour Wee shall alwayes rely and intirely submitt ourselves to, who are your Majesty's most, &c.

His Excellency the Governor sent Mr. Secretary as a  
message to the House of Representatives to call them upp  
to this Board, who accordingly came, and his Excellency  
made the following speech :

*Gentlemen:—*

The winter is passed without any inconvenience from the enemy, unless it be that it has made us more careless of danger, and some of our people thereupon doe neglect their watches and caution which must be reformed everywhere, lest we be surprized into some great mischief.

The officers and soldiers in the last year's service should have been provided for before this time, and a fund sett for their payment; but it must be noe longer delayed, and the other debts of the Province shall be laid before you by the Treasurer.

[P. 244.] I desire and expect that the gentlemen of the House of Representatives will take care that wee be just in our payments, that wee may obtain the favor of God and maintain her Majesty's Honor, our own just reputation, and prevent the Complaints of any of her Majesty's subjects to whom wee are indebted.

We are always during the warr in necessity to raise men for our defense, and we must take care there be that in the Treasury that will support us.

I shall doe my duty in placing soe many at the fort as are necessary for the summer's service, and we must have a small party for a distant scout and discovery, and there must be provision for them, and you must not forget your agent that you have lately sent home.

I desire the gentlemen of the Representatives that they will proceed therein with all good agreement and as soon as they may; the session need not be long.

I have always seen so much friendship and unanimity in the Assembly of this Province that I doubt not of your doing your duty herein; and the good Providence of Almighty God will still preserve us. I shall not fail at all times to represent you well to her Majesty's protection and favor.

Mr. Phipps' and Mr. Secretary Storey's debenter, amounting to one pound, three shillings, was allowed in Council, and Ordered that the Select men of Newcastle, to wit, Robert Elliott, W<sup>m</sup> Seavey, and John Frost, pay the afore-said one pound, three shillings, and that the Secretary issue forth processes for the same.

The House of Representatives' answer to the Governor's Speech, as foll :

*May it please your Excellency,* we the Representatives, convened in General Assembly, are highly sensible of your great care and good conduct of this [P. 248.] Province, which we are humbly thankful for, and pray for continuance thereof.

We crave leave in some measure to make answer to your Excellency's speech, as to the payment of the officers and soldiers for the time past; according to our former promise we have considered thereof, and shall raise wherewith to satisfy as far as our capacity will admit of. As to the other charges of the Province, we have considered of and gone beyond our ability in raising of money for defraying of those charges; and as to placing more men at the fort than already there, we humbly offer to your Excellency's consideration as followeth:

First; our poverty is such and our debts so great already that we are no ways capable of raising more money at this time.

Secondly; should twenty men be ordered to the said fort, they are not capable of defending against an Enemy.

Thirdly; Those men already there, together with the trained band belonging to New Castle, being ordered to attend their duties in watching, warding, &c., will be far easier than a frontier Garrison in the Province; That company being exempted from all other duties, save only to the said fort. Also, one half of Portsmouth and Hampton Company are ordered upon any alarm to repair thither; And yet, notwithstanding this, if your Excellency and Council should Judge our proposals not sufficient, but should see cause to order more men to the said fort, that it may be done by towns in equal proportions, throughout the said Province, and that New Castle take the first turn.

*Gentlemen:—*

The summer is past since your last session, and by the good Providence of God wee have been preserved from any insult of the enemy, tho' their march upon us in August put us to a very great cost to defend a long frontier, being uncertain where they would make their impression.

And at last they have nothing to boast of at Haveril, tho' we might have done much more upon them if wee had taken the proper advantages offered us.

The march of soe many forces necessarily in both Provinces hath much aggravated the year's charge ; notwithstanding I rose as late, and disbanded as soon, as possible.

Mr. Treasurer will lay before you, Gentlemen of the House of Representatives, the present Debt upon the Province, which I must justly expect you will take care to discharge ; otherwise wee shall not be able to support our selves, if soldiers be not duly satisfied and paid.

hæc verba sequen :

Boston, 30<sup>th</sup> April, 1709.

*Gentlemen:—*

When I sent the last prorogation of the Assembly I intended certainly to have visited you and holden the Assembly, for which I had then very urgent reason, to take care to pay the Province Debts, which by the comittee I left at the last sessions (for that end) I hope is prepared and adjusted an account of all the Debts. I have now further reason to hold the sessions that you may take care to discharge your agent's (Capt. Vaughan's) debts in England.

But soe it is that their Majesties' commands for the service of Quebec, &c., are this day come to my hands, which being of the utmost consequence must necessarily take up all my time and thoughts at present.

I therefore doe hereby order the meeting of the Council and the sessions of the Assembly, on Wednesday, where I desire this letter may be communicated, and I desire you will proceed to an Act for granting to her Majesty a sum sufficient for the payment of the debts, with addition of five hundred pounds to be applied, what is necessary of it, to the payment of the agent's disburse, and six hundred more towards the expense of the summer for the forces in the great expedition commanded by her Majesty for the only benefit and everlasting settlement of these Provinces.

[P. 260.] I need not say any thing to you to induce your ready grant of whatsoever is necessary in these articles, and I pray you to let me be so far a judge of them as to say, the sums propounded are the least I can expect.

Your Agent returns with so much success and honour in your service, and the present great expedition is so much our-own, that wee shall surprize every body not to be the first in our ready obedience.

The Act may be past in a day or two in due form, with the usual preface, which Mr. Secretary will take care of, and if it be past and signed by the Secretary and Speaker and covered to me, I will sign it and return it, and this is all that I can doe at this juncture; Some time hence, I hope to visit you, and congratulate you upon all the heads of good news wherein your share is the greatest.

*Gentlemen*,—I was willing to see you at this time to congratulate you upon the great Articles before you, referring to her Majesty's good subjects of this Province.

Her Majesty in her Royal favour has given dispatch to your affairs depending in law, and at your humble instance and address has bestowed upon this Province for their defence, ammunition and other stores to a very great value, and to crown all her other favours, and to add to the glories of her Reigne, is equipping a noble fleet for the reduction of the French and Indians, our barbarous Enemies, and to put these Provinces to a lasting peace, which by experience wee find not to be obtained without such a superior force as her Majesty in her Royal wisdom has determined to advance, to an expense of the greatest value.

I think it my duty hereupon to move you, after a Religious Thanksgiving to Almighty God, humbly also to address her Majesty with your sincere thanks for these great and undeserved favours, and to resolve to manage yourselves so, in all instances of duty, particularly in a cheerful obedience and preparation for the present expedition, which may assure her most sacred Majesty that your lives and estates are at her service at all times ; And that you will be just and raise what is necessary for the payment of your debts and the advance of the present expedition.

[P. 264.] I had your assurance the last session that at the season your Debts should be all paid, and accordingly to save the time wee left comitees to pass thro' the Debts, that wee might have no further trouble. If we expect the favour of Almighty God, and the protection of her Majesty, it is to be had upon no

other terms than that of doing our duty, and being just to all those that have served the Province, especially in the wars. If our soldiers be not paid, we must not expect to be defended.

▲ vote relating to the payment of the Province Debts,

past by the Council and sent down to the House of Representatives, in hæc verba sequen :

May 18<sup>th</sup>, 1709.

Voted in Council, that the Representatives be acquainted that we are sensible of the Debts due from this Government to several persons, soldjers and others, amounting to several hundreds of pounds, contracted by the warr in six years last past.

That the Council are sensible that the Governor in every session hath earnestly moved that the said Debts be adjusted and paid.

That the Representatives have in several sessions promised, and chose committees for ascertaining the Debts accordingly, but to no effect, and officers and soldjers are daily complaining for want of payment.

Upon all which the Council desire that this their vote may be entered in the Council Acts, for their justification ; that they are ready to adjust [p. 270.] and ascertain the Debts, either by the whole Assembly or by comittees ; and to give their votes for the payment either in this session or the next ; and humbly desire that the Governour be acquainted with this vote in our own just vindication.

The Honourable John Usher, Esq., L <sup>t</sup> Governour,			
Peter Coffin,	} Esqrs.	W <sup>m</sup> Vaughan,	} Esqrs.

John Plaisted, Esq.

His Honor the L<sup>t</sup> Governor was pleased to make the following speech, the Representatives being present :

*Gentlemen,—*

His Excellency having acc<sup>t</sup> your quota of men not to be had, transports not dispatched, not full care for supply for subsistence of soldjers for four months full provision from Nantaskett, and subsistence of soldjers while the forces stay; the 14<sup>th</sup> instant did Order me to come into the Province to lay the same before the Council, and take due care therein.

Pursuant to his Excellency's directions, the Council called did sit; my speech, with their answers, I have ordered the Secretary to lay before your Board as a memorial what to proceed on, to which refer.

I have rec<sup>d</sup> from his Excellency, dated the 22<sup>d</sup> instant, to call you together and lay before you what offered in Council, and their answer.

There will be absolute necessity of raising three hundred pounds in mony forthwith; the very charge of subsistence for the soldjers while stay, will not amount to less than proposed; you must consider, Gentlemen, the Treasurer is every week in advance al-ready money for subsistence of your men.

I laid before the Council my coming into the Province last year in great hazard of my life; spent my time & estate for service of the Province, and not one penny rec<sup>d</sup>; And now by his Excellency's command am come into the Province, Council taking the same into consideration did pass a minute, it be laid before next Assembly, which you are, which minute the Secretary will bring before you.

[P. 278.] I do recommend to your consideration the raising of three hundred pounds for the present expedition to Canada, and mony for time and expenses I have been at in serving the Province.

*Gentlemen:—*

You may soon dispatch what is laid before you for consideration.

His Excellency gives his service to you and to let you know the honor of the Government doth lie at stake, for having a full supply of your quota of men and disbursement, that may be for this expedition.

I am informed her Majesty's fleet from Great Britain, bound hither, is set out. Hope you will be expeditious in your results.

By Mr. Penhallow, I received a letter from his Excellency, 24<sup>th</sup> June, to be communicated to this Assembly; Have Ordered Mr. Secretary so to do.

Likewise have another of the same date, giving an account of two hundred Indians come over the Lake from Mount Royall; been thirty two days on their March. On receipt thereof the Troops and forty men are ordered upon duty, but no provision; neither is there provision for men at the fort; Supplies for which will not be less than 100<sup>lb</sup>, which must speedily be raised, by reason advance last year for provisions for soldiers in service not paid, none will now advance.

I have ordered the Treasurer to lay before this General Assembly a true statement of what's recommended now to you; And Order Mr. Secretary to present you with a minute of Council as for supplies.

The House of Representatives sent up the following vote, viz:

To the hon<sup>abl</sup> Jn<sup>o</sup> Usher, Esq., Lieut. Gov<sup>r</sup> of this Province, and Council:

May it please your Hon<sup>rs</sup>, in answer to the L<sup>t</sup> Gov<sup>rs</sup> Speech, as given by his Excellency's direction to the Assembly, setting forth the raising more money for supplies of our quota of men in the Expedition to Canada, We crave leave to inform, that our poverty is such that one third of the inhabitants have not bread to eat, nor wherewithal to procure it; there being a 1700<sup>lb</sup> tax forthwith to be paid, which we fear will be very hard and difficult for the poor people to pay. The raising more money so suddenly will put the inhabitants into such a consternation that we fear all will be in a flame; however, have agreed to raise 150<sup>lb</sup> for defraying those charges proposed in your Hon<sup>rs</sup> speech,

as is particularized in our vote sent up, y<sup>e</sup> being the sum of what we can do at present. 27<sup>th</sup> June, 1709.

Past by the House.

Sam<sup>l</sup> Keais, Clerk.

The following vote was sent to this Board by the House of Representatives, in hæc verba :

Pursuant to the Hon<sup>ble</sup> John Usher, Esq., L<sup>t</sup> Govern<sup>r</sup>'s speech to the Assembly by his Excellency's direction, setting forth the necessity of raising more mony for subsistance of our quota of men in the Expedition to Canada, and the scouts on the frontiers, both of foot and Horse :

That a Rate be made on all persons and estates throughout this Province, to the value of one hundred and fifty pounds, in equal proportion on the several towns, to be forthwith collected and paid to the Treasurer within three [p. 279.] months, as aforesaid by Law, for the Constables gathering Rates ; five pounds whereof to be paid to his Honor the Lieut. Governor, fifteen pounds to be laid out for provisions for foot and horse appointed to be a scout on the frontiers ; and one hundred and thirty pounds for support of our quota of men, being ninety four men bound for Canada.

Past by the House.

Sam<sup>l</sup> Keais, Clerk.

Pray the said vote may be enacted and engrossed.

Sam<sup>l</sup> Keais, Clerk.

27<sup>th</sup> June, 1709.

This vote was consented to by the Council.

Cha : Story, Secretary.

June 27<sup>th</sup>, 1709. Read in Council, and they desired his Honor would call the House of Representatives and hold a conference, for that the sum of 150 lbs. would not answer the ends proposed.

His Honor the Lieut. Governor sent Mr. Secretary Story as a message to the House of Representatives, to call them

to this Board, who accordingly came, and his Honor did acquaint them that the sum of 150 lbs. mentioned in their vote would not answer what he proposed to them in his speech; and that the equipping of the transport vessels to Sea with good ground tackling, &c., being for the safety of men's lives, was of as absolute necessity as any thing else; and that it was the mind of the Council they raise more mony to answer all things mentioned in the said speech, if they made it payable, six, nine, or twelve months hence, So then the Treasurer could provide at present all necessaries needful, he having a fund for the same and they allowing interest.

The Conference being over, the Representatives went to their House and immediately sent up the following vote to this Board:

*May it please your Honors,—*

As to the Second motion made by the Hon<sup>ble</sup> the Lieut. Governour, for raising more money than voted for already, we humbly answer, wee have already laid before your Honors the poor state and condition of our Inhabitants, how uncapable they are. Wee further crave leave to inform you as to the state of the fort at [P. 280.] New Castle. There is a stated company of men there, paid both meat and wages by the Province. If those should not be sufficient, we pray your consideration in this, that whereas by Law one half of every company are, on any alarm, forthwith to march thither for relief, not only this, but the whole town of New Castle have been and still are, exempted from all other services save there; And for their doing duty at said fort will be far easier to them than any other town, all the frontiers being constantly on duty, watching, warding, and scouting, finding themselves provisions; and for such to be taxed for finding others that doe nothing near their duty would be a hardship on her Majesty's good subjects of the frontier; And that if more men must attend the fort it may be done by those of said New Castle

that do no other duty. All which we humbly offer to consideration, being humbly of opinion New Castle men sufficient to supply the said fort with men, and find themselves, as others of the frontiers do, and that the mony already raised may attain the end for present.

• June 27<sup>th</sup>, 1709.

Past by the House.

Sam<sup>l</sup> Keais, Clerk.

• His Honor was pleased to acquaint the Gentlemen of the Council that according to his Excellency's Commands he had called an assembly and had laid before them the great necessity of raising three hundred pounds for subsistence of our quota of men, as also to raise mony for provisions for the fort W<sup>m</sup> and Mary, and for the troops and forty soldiers to scout at the frontiers, the enemy being expected every day. And that the equipping of the transport vessels to sea with good ground-Tackling, &c., being for the safety of men's lives, was of as absolute necessity as any thing else, and that instead of raising mony sufficient to answer those ends, they have only raised one hundred and fifty pounds, which is much short of what his Excellency expects. Therefore his Honour communicated his Excellency's letter to this Board, of the 22<sup>d</sup> current, relating to the Assembly, and desired their advice therein, which letter is in the hand of the L<sup>t</sup> Governour.

[P. 281.] The Council were of opinion that it was very proper the Assembly should be dissolved.

Mr. Secretary Story was sent as a message to the House of Representatives to call them to this Board, who accordingly came. And the Act, —

Entituled An Additional Act for the subsistence of our quota of men to join with the forces now designed against Canada, &c., was past and enacted.

Then His Honor the Lieut. Governor, by advice of the Council, dissolved the Assembly: And the Council advised

that another be called, and sitt on Thursday next, ten of the clock in the forenoon, to which time the Council is adjourned.

The House of Representatives being called to this Board presented their Speaker, Mark Hunkin, Esq., which his Honour allowed, and then made the foll. speech, in hæc verba:—

*Gentlemen*:—I am glad of the opportunity of meeting with you, and to see your readiness; security of life and estates depends upon your proceedings and dispatches; what was laid before last assembly shall order the Treasurer and Secretary to lay before you, to which refer for your consideration:

[P. 283.] Supplies for subsistence of soldjers, equipping transports, &c.; for which purpose three hundred pounds, if money be not raised, your frontiers not safe, and transports will not be fitted out.

For answering the abovesaid, propose an Act for a sum to be paid into the Treasury about nine or twelve months hence, and the Treasurer to take mony at interest, for the same, what advanced being all ready mony.

That Honourable last Assembly was pleased to raise 150 lbs., signifying the last Assembly before their then sitting had raised 1700 lbs.; and that the raising more mony soe suddenly will put the inhabitants into a consternation, that they did fear all would be in a flame; if mony be not raised, if all be not in a flame, all must sink.

I am surrounded with great complaints, great Debts due, and some of long standing, and persons cannot obtain their rights, nor have their acc<sup>ts</sup> justly adjusted for relief therein; hope you will take care at your next session to relieve the oppressed, and do justice to all.

Gentlemen,—I hope you will shew yourselves loyal subjects and true Lovers of yo<sup>r</sup> Country, in dispatching what is laid before you for supplies in Expedition to Canada, And security of this her Majesty's Government.

His Excellency's letter of the 28<sup>th</sup> curent, directed to Colonel Usher, Lieut. Governour, relating to Transports and raising mony for quota of men, and to send thirty men wanting of our complement, was communicated. Letter left with the L<sup>t</sup> Governour.

His Excellency's letter of the 28<sup>th</sup> curr<sup>t</sup>, directed to the Honorable Major W<sup>m</sup> Vaughan, Esq., was communicated to this Board, in hæc verba sequen :

Boston, 28<sup>th</sup> June, 1709.

Sir: —

The worst thing is coming towards the Province of New Hampshire that ever yet happened to them, that is the loss of their reputation with her Majesty and the Government; I have here but sixty men of one hundred, and eight of them are already run away; And all your Government civil and military are not able, and therefore not willing to raise them; and the reason is because the Assembly has not in time past paid them as [P. 284.] they ought; nor will now raise the mony necessary for them, which I must plainly lay before her Majesty, if not now complied with. And there are men in the world will be glad of such a handle to doe their own business by. If I have not thirty men sent, I am also upon the defense of my self at home.

I can boast how I have with five hundred men at a time defended the Province with the Massachusetts men and mony; and am ready always to do it; and expect to be obeyed when her Majesty's commands are so just and good.

I desire you to communicate this letter to the Gentlemen of the Council, Mr. Waldron and others, who have reason to concern themselves in this soe great a failure.

And let it be lodged with Mr. Secretary for my own justification, which I must take care for.

The following vote was sent up from the House of Representatives to this Board, in hæc verba :

*May it please your Honour,—*

Wee have considered the proposals laid before us and doe find it of absolute necessity (tho' wee are present not able) to raise one hundred and fifty pounds, and therefor have voted accordingly, that time be given for payment; we note in your Honours speech to us, that the Treasurer should show us the state of the Province, which wee have perused, and hope what already hath been granted by the former Assembly, with this may be sufficient for the Treasurer's supplying provisions, &c., for soldjers, at her Majest-[p. 288.] ty's fort, and for what may be necessarily ordered on the frontiers, besides his equipping the expedition for Canada, and therefor accordingly it is

Voted, That the hundred and fifty pounds be applied first to the equipping the Transports for the Cannady expedition, and for support of what soldjers shall be necessarily posted at her Majesty's fort and scouting on the frontiers; and that the Rate or tax therefor be duly laid on all persons and estates, equally divided for each town, by the first day of March next, and order for the payment thereof, by the last of May then next following, to the Treasurer, for the time being.

Wee also are sensible that a great deal of injustice hath been done to the poor inhabitants of this Government, which we think hath much been an hinderance and haul back to the noble expedition against Canada, and also to our Trade in this Government, which is so well seated for Trade and the fishery, by which reason many well minded go from us: We therefore intend at our next session to inquire into, and amend all just grievances that lie before us, and for the future—

Resolve:—

That all persons employed for necessary service in the Queen's employ, shall bring in their acc<sup>t</sup> thereof every year, or every half year, unto a comittee therefor appointed; and care shall be taken for the payment of such debts as shall be allowed and found honest.

Boston, August 16, 1709.

*Gentlemen:—*

The delay of the fleet for the expedition has eaten one month of your provisions for your soldjers, and the return in the winter demands two months more, for fear of being blown off and starved, which the other governments, at my desire, have supplied.

I desire you will give your vote accordingly, and direct the Treasurer to take care therein, as well as for a supply of more clothing; and that you will enable him to do it. I hope I may see you in October, and set your affairs in the best order you and I can.

The Massachusetts have given each soldjer a warm coat, of twenty shillings price. You will Honour your selves to doe the same; you will please to consider this and rise in two days.

And I do hereby prorogue the Assembly to Wednesday, the 19th of October next.

J. DUDLEY.

To the General Assembly of the Province of New Hampshire.

To Mr. Secretary Story, to be communicated to the General Assembly of her Majesty's Province of New Hampshire.

[P. 291.] The following vote was sent up from the House of Representatives to this Board :

Voted;

That the Treasurer be desired to continue the subsistance of the soldjers bound against Canada; and in case they proceed this winter, to advance two months provisions more than already raised, for which we promise care shall be taken for payment of in as soon convenient time as may be after the collection of what is already granted.

His Excellency's Letter of the 21<sup>st</sup> current, in hæc verba  
sequen., was read at this Board :

Boston, 21<sup>st</sup> Sept., 1709.

*Gentlemen*, — Colonel Vetch, her Majesty's agent for the Expe-  
dition to Canada, has desired a meeting of the several Gover-  
nments to consult and advise what is to be done in case her Majes-  
ty's commands should not arrive; to sit at Rhode Island, or some  
middle place.

I direct that you agree among yourselves of one gentleman of  
the Council and two other of the Representatives, such as the  
Speaker and soe many of the gentlemen of that House as can  
meet shall choose, to attend me to that Congress; it is probable I  
shall proceed about this day fortnight. If the gentlemen be ap-  
pointed and ready, they shall have another letter from me what  
day to come away.

There must be no doubt made of obedience to this order, as we  
tender our obedience to her Majesty, and our hopes of her further  
favor; the benefit will be a joint representation to her Majesty to  
bear a part of the past charge, and to put forward the expedition  
next year, and to represent that your quota is too high, consider-  
ing you are a frontier.

The Treasurer must assist those three gentlemen with subsist-  
ance, and I shall dispatch them home as soon as I can.

[P. 293.] I forget the prorogation, the time of it; but you are  
hereby allowed to call together the Representatives for this er-  
rand and business; Mr. Penhallow or Mr. Waldron must stand  
for the Councillor. And if the commons please they may send  
Capt. Vaughan for one of the commons, who perhaps may repre-  
sent the matter in England; for that I am of opinion that Con-

gress will send some gentleman home to carry their papers. Let me hear from you by express forthwith.

Your humble servant,  
J. DUDLEY.

On her Majesty's service.

To Mr. Secretary Story, to be communicated to the Council.

Voted, that Samuel Penhallow, Esq., goe as one of the Council to his Excellency, to meet the several Governours at Rhode Island, or where they are appointed to meet, to advise what is to be done relating to the expedition to Canada, in case her Majesty's commands should not arrive.

Past by the House.

Upon reading the above vote from the House of Representatives, it was ordered at this Board, that Samuel Penhallow, Esq., and Mr. Secretary Story, go as a Message to the House of Representatives, to acquaint them with the purport [p. 294.] of his Excellency's letter relating to Capt. Vaughan, and our quota of men, &c.

The representatives were pleased to answer, they had well considered his Excellency's letter in every particular, before they made their vote.

His Excellency's letter of the 21<sup>st</sup> curr<sup>t</sup> was read at this Board, in hæc verba sequen :

Sir: — Notwithstanding my last ordering a prorogation, I now direct that the Assembly sit on Friday, to go through the article of the agency agreeable to what I have written to the Speaker, and when that is done, then prorogue for a week, as I directed.

I desire the gentlemen of the Council to put that matter in a true light, that the agency is very important, and will be very short, and must not be very changable, and if the Comons come into the vote for an Agent, the person, instructions and charge shall be after adjusted.

Let the Comons be disposed to raise the mony for the payment of their debts; and that they may know them, let Mr. Treasurer give them a state of their debts, and direct Colonel Walton, in my name, to see the muster rolls of both companies made up fair, and Mr. Treasurer for Transports, &c.

The whole charge will be paid here in twenty days, and your Government cannot be supported but by justice.

If the sum be now granted, it will be May before, it be gathered. Let the gentlemen of the Council take care for the Honour of the Government in this matter.

The House of Representatives was called up to this Board, who accordingly came, and the Gentlemen of the Council was pleased to acquaint them that,—

Pursuant to the Gove<sup>n</sup> letter of the 21<sup>st</sup> curr<sup>t</sup>, respecting the agency and supporting of this her Majesty's Government, by defraying the charge thereof, we think meet to inform you the absolute necessity of one and the other: as to the former, that it would be of great advantage to lay before her Majesty the bleeding state of this Province, by reason of a long war, that our quota of men may be regulated, and the late charge considered; and whereas the neighboring Government have had their rites and priviledges confirmed by a due application unto her Majesty, that the like application be done respecting this [P. 297.] Province; which wee conceive cannot be so well done without improving or sending one from hence.

Colonel Walton will wait on you to-morrow morning with the muster rolls, and Mr. Treasurer will lay before you the present state of the Province, which wee hope you will consider, and take due care for a speedy payment of the debts, for that the Honour of the Government cannot otherwise be supported.

The following vote was sent up to this Board by the House of Representatives:

May it please your Honors,—

We have perused and considered the proposals given us.

We think it necessary that our circumstances be humbly laid before her Majesty in order for our grievances to be redressed and our properties confirmed.

Wee having considered the former, do think if any expedition intended against Canada next spring, our improvement in sending by letter, or a person on purpose, will be too late to relieve any grievance therein.

Wee have considered the necessity of having our rites and properties confirmed by her gracious Majesty ; Also the charge of sending an Agent ; Think as your Honours first propose—improving a person there may be as advantageous and less charge much than sending ; which person or persons so to be improved, we pray to be advised of, by those Gentlemen that hath been improved in the Agency for this Province.

Wee have considered and resolved when we know the debts of the Province, to pay them as soon as possible wee are capable.

To his Excellency Joseph Dudley, Esq., Gov<sup>r</sup> and Comander in

Council in the said Province :

The humble petition of the inhabitants whose names are here-  
unto subscribed, living within the Bounds of Quamscott patent in

Humbly Sheweth,—

That your petitioners are in number upwards of sixty families,  
and live very remote from any publick Meeting House for the  
worshipp of God, and meet with great difficulties to get to the  
nearest meeting house in the winter time, (which is Exeter) some

living six, some five, and some four miles distant; Therefore are desirous to be a township of themselves, they having never yet been joined to any Town, only having paid taxes sometime to Hampton, sometimes to Exeter; and your petitioners being in a capacity and willing and ready to maintain a minister and school master, within such limited time as your Excellency and Honor shall appoint, they having never had any benefit of a school for the education of their children, by reason of their living a great distance from any school:

May it therefore please your Excellency and Honours to grant unto [P. 301.] your petitioners a Charter for a town to be settled upon Quamscott patent, with such Grants, covenants and clauses as your Excellency and Honours shall see meet; and with the following bounds, or what other bounds may be thought proper, (to wit) beginning at a rock called Brandy Rock, near Sandy Point, And to run up to the River by the mouth of a creek called Wheelwright's Creek, And to run at each end into the woods, upon a south east line, three miles.

*To the Queen's most Excellent Majesty.*

The address of your Majesty's most dutiful and Loyal subjects, the Governour, Council and Representatives of your Majesty's Province of New Hampshire, in New England, convened in General Assembly,  
Most humbly Sheweth:—

That in the midst of the great distresses that your Majesty's most dutiful loyal subjects of this your Majesty's Province were involved in, by the frequent incursions of our ill neighbours, the French of Canada, and their dependant Indians, to the great hurt of our plantations and settlements, your sacred Majesty has been pleased of your Royal Bounty and compassion to supply us with a number of cannon and stores for our defense; The receipt whereof has invigorated and encouraged us in the defense of our frontiers, and our marches against the Indians [P. 310.] in their secret recesses in the woods, which are always and still successfully put forward by your Majesty's Governour for our security, to our perfect satisfaction:

That while we were thus defending ourselves and families against the common enemy of the repose of all your Majesty's Brittish subjects in the plantations abroad, as well as in Europe, we were pursued by the challenge of Mr. Allen, for the Lands and soil under our feet, which we have this sixty years defended with our lives and estates, as well as the assistance of our good neighbours of your Majesty's colony of the Massachusetts:—your Majesty of your Royal and princely regard to us has dismissed that challenge, which will forever encourage us to our utmost power to defend this your Majesty's Province; since we may now hope to leave our children in the possession of the country, with

an entire dependence upon your Majesty and your royal successors, without the danger of any further unjust challenge from those persons that have so long disturbed us with their claims:—

And whereas your Majesty, out of a gracious regard to this and other your Provinces in these parts of America, was pleased to form a design against the French settlements at Canada and Nova Scotia the last summer, but a more important service in Europe, requiring your Majesty's forces which were intended hither, whereby that design is laid aside for the present: Wee most humbly pray your Majesty that it may consist with your royal pleasure to revive the said design, and that the expedition lately intended may be prosecuted seasonably the next spring, and that [P. 311.] your Majesty's Arms in America may have a glorious success as in Europe, to the utter confusion of your enemies, and lasting repose of all your Majesty's good subjects inhabiting this continent.

We most humbly tender our everlasting praises to Almighty God for your Majesty's most glorious successes against the tyranny and usurpation of the French king, and heartily pray for your Majesty's long life and happy reign, and the continuance of the protestant succession, for the benefit of your Majesty's subjects of Great Britain, and all your Majesty's Dominions and plantations, and of all Europe who have had the unspeakable benefit of your Majesty's unparalleled Reigne.

We are your Majesty's most Loyal and obedient subjects.

His Excellency's Letter of the 6<sup>th</sup> current, in hæc verba sequen., was communicated at this Board and sent to the House of Representatives:

Boston, 6<sup>th</sup> Feb'y, 1709-10.

*Gentlemen:—*

I have the visitt of your Treasurer, Speaker, Secretary and Capt. Attkinson, referring to your Bills of credit, and that matter is proceeding to y<sup>r</sup> satisfaction.

They have further considered and advised with me, referring to an address which they will show and lay before the Assembly, with Instructions for the agent's proceeding.

Whether you will send an Agent from hence or employ one there is the next question, and because I cannot be present to assist in the consideration you must allow me to write.

I believe an Agent from hence best, and I think the gentleman you employed last year very fit for your service; and if you think the expense too great at present and that it may be brought forward by a person there, and perhaps a person from Home next year may be present at the perfecting of your affairs, I then think it best you employ Mr. Henry Newman, a very good gen-

tleman and very acceptable with those upon whom he depends; to whom you must then supply thirty or forty guineas, and you may by him get the matter so brought forward as to be finished another year.

If you take either of those ways and the Address and Instructions [are] agreeable to your own thoughts, I hope [P. 314.] my absence will be no hurt or injury to your affairs; if any new question occur you may express it out and have in 24 hours, and you shall not stay for my opinion.

I heartily wish you good agreement and successful proceedings, and am

Your very humble servant,

J. DUDLEY.

For her Majesty's Service.

To the Gentlemen of her Majesty's Council, to be communicated in General Assembly.

The following vote was sent upp from the House of Representatives to this Board, viz :

*Gentlemen :—*

We have perused and considered the Governor's letter relating to an address to the Queen's most Excellent Majesty by an Agent from hence or employing one there in London; we think it necessary that one or the other way it should be done, but have thought and enquired how mony should be obtained, find noe way to raise it for the present.

Wee pray your Honours' advice in this matter, and in any thing that may be for the benefit for the Government wee shall always do our duty.

*May it please your Honours :—*

pointed for their meeting, after due notice given, to the inhabitants to bring in their claims.

The following vote was sent upp from the House of Representatives, viz. :—

To the House of Representatives sitting—Voted,

That whereas his Excellency the Govern<sup>r</sup> has been pleased to recommend to this Assembly the consideration of sending an Agent for England, or employing one there, to address her most excellent Majesty on several articles which has been laid before you; and whereas your house has been pleased to signify that you think it necessary to send an agent or employ one there, but having thought and enquired how many should be obtained, find noe way to raise it for the present, and have desired our advice therein:

In answer thereto we say we are unanimously of opinion that an Agent be sent hence, and that you pass an Act for raising 500<sup>l</sup><sup>ms</sup> to be paid, or a vote of your House to improve so many of the Province bills when perfected, to support that charge; and that he embark upon the first vessel bound to Portugal, or any part of Europe adjacent to England.

The petition of her Majesty's subjects of the south part of Hampton, commonly called Hampton Falls, was read at this Board, and is as followeth, viz :

To his Excellency, Joseph Dudley, Esq., Govern<sup>r</sup> and Commander-in-Chiefe, in and over her Majesty's Province of the Massachusetts Bay and New Hampshire, and the Hon<sup>ble</sup> the members of the Council and Representatives convened together in General Assembly, now sitting.

The Humble address and petition of her Majesty's Loyal and dutiful subjects belonging to the south part of Hampton in the said Province of New Hampshire, commonly called Hampton Falls, most humbly sheweth,—

That your petitioners having formerly laid before y<sup>r</sup> Excellency and Council the great want of having one settled among us on our side of the Town in the work of the ministry, and now by God's good Providence have obtained the Reverend Mr. Theophilus Cotton among us in that work, and God by his awful stroke of Providence having removed, by death, the worthy and Reverend Mr. John Cotton\* to our great lamentation, we do therefore pray, That we may be set off from the town from being at any charge as to procuring and maintaining a minister there; and that we may have power given us to make a tax or Rate, from time to time, as shall be for the support of our minister with us, and that each part of the Town maintain their own minister; That as we have been at equal charge according to our estates as [P. 323.] to purchasing and holding the parsonage at the Town, that now we may have some land appointed and laid out for a parsonage, as convenient as it may be had for the Falls side, according to the worth of our part of the town; That the Bounds

may be settled between each part of the town, Tailor River being so crooked that it parts the inhabitants belonging to our meeting-House, we pray that the River may be the bounds up to the place called Garland's Mill, and from thence to a Bound tree betwixt Exeter and Hampton, at a place called Ass Brook, or that a committee of indifferent men may be appointed to come upon the place, and they to settle the Bounds, as in your wisdom shall be directed, and as in duty bound we shall ever pray.

The proclamation for an Imbargoe was read at this Board and ordered to be sent to the several officers, &c.

His Excellency's letter of the 31<sup>st</sup> July, 1710, was read at this Board and sent down to the House of Representatives, in hæc verba sequen:—

Boston, 31<sup>st</sup> July, 1710.

It is impossible for me at this time to see you in the Assembly, the whole affair of raising men, victuàls, clothes and transports, for this great Province, lying upon me; which has been the occasion for my sending for Mr. Treasurer and Mr. Secretary, of New Hampshire, to apprize them of her Majesty's comands for the expedition to Port Royal, and that you may know every thing that concerns you in the Council and Assembly, they bring with them.

Copy of Col. Nicholson's Commission and Instructions relating proceedings of the Assembly of the Massachusetts thereupon:

Proclamation for encouragement soldjers volunteers, by which you will perceive there was no room to lessen your quota, but that you must proceed forthwith to raise your transports and provisions for three months, besides what shall be necessary before their Embarcation.

I must desire you to use no delay, but immediately and cheerfully consent in yo<sup>r</sup> votes with this Government, [P. 330.] agreeable to all your prayers and humble addresses to her Majesty for this expedition, and in which you will, I hope, first and immediately obtain the benefit.

I am sensible of every article of distress you are in, but there is no help at this time; I shall do you all the favours in my power; I have sent out for thirty or forty Indians more than the complement of this Province, which I shall put in the stead of your English men, so far as they will go, upon a very easy hire, of which I have written to Major Smith and Colonel Walton, who may shew their letters, and in the absence of your men, if the troubles press upon you, I shall do my duty from hence to cover and support you. I have ordered the ninth of August for the appearance of 900 Massachusetts men at Dorchester and Cambridge, and I desire that your men may parade at the fort in New Castle, that day at furthest, from whence I will take order for their coming hither.

*Gentlemen,*—This is a very great affair before you, and the cheerful and speedy concurrence in every thing relating to the expedition will bespeake for yo<sup>r</sup> Province her Majesty's favour in other articles referring to you.

The business of clothing is the only thing that will admit of your consideration, but that also must be soon ended; when you remember that all the other Governments shall appear in regimental clothing, Hampshire will be out of countenance not to do the same, as well as the soldjers in your pay discouraged; and particularly if the Indians, that I hope to get for you, be not like their fellows, I shall by no means retain them in the service.

[P. 331.] I desire to let a few hours serve yo<sup>r</sup> consideration in this matter, and let Major Smith and my officers proceed forthwith, and let your letters and his be exprest to me every three days.

The eyes of all Great Britain are upon us to see our obedience at this time; to make ourselves and our children easy and happy.

I am, Gentlemen, Your humble servant,

J. DUDLEY.

By his Excellency Joseph Dudley, Esq., Governour and Commander in Chief of her Majesty's Province of New Hampshire, in New England,

*A Proclamation for a General Thanksgiving.*

The Unconstant unwearied course of Divine Bounty and goodness wherewith we are encompassed in the midst of our Great unworthiness, the distresses we labour under by the sore calamities of War, as the just demerits of our sins, notwithstanding, demand our highest acknowledgments of gratitude to Almighty God ;

it being our commanded duty in every thing to give thanks, where-to we are also invited by many special causes, particularly for the continuing of the life of our Sovereign Lady the Queen, the preservation of her Majesty's sacred person, and superadded glorious victories to her Majesty's Arms, with those of her allies in Europe this present summer; The happy arrival of her Majesty's forces from Great Britain for our relief from the insult of enemies; The signal mercy of God vouchsafed in answer for prayers for raine, under the late extreme scorching drought, by granting repeated plentiful showers, and wonderfully reviving the languishing fruits of the earth, so that there is the prospect of a plentiful Harvest; The preventing of the spreading mortal contagious sickness that was among us, and granting of general health:

I have therefore thought fit, by and with the consent of her Majesty's Council, and at the instance of the Representatives in their present session, to appoint and order [P. 334.] Thursday the tenth day of August current, a day for a General publick Thanksgiving throughout this Province, forbidding all servile labour thereon, and exhorting both ministers and people in their respective Assemblies, with a becoming devotion, to celebrate the praises of our most Gracious God, for the before enumerated and other his numberless mercies and favours; that glorifying him for them we may see more of his salvation.

Given at this Council Chamber at Portsmouth, the fourth day of August, in the ninth year of the reign of our sovereign Lady Anne, by the Grace of God, of Great Britain, France and Ireland, Queen, Defender of the faith, &c.

His Excellency's Letters, dated the 1<sup>st</sup> and 5<sup>th</sup> of August current, was read at this Board and sent down to the House of Representatives, in hæc verba sequen :

Boston, 1<sup>st</sup> Aug., 1710.

*Gentlemen:—*

I desire you, as I have written to the Council and Assembly, to dispatch the affairs of the expedition; if then, the Assembly shall see meet to raise 2000<sup>lbs</sup> added to the 3000<sup>lbs</sup> already impressed, I shall agree to an Act for the repetition of 1000<sup>lbs</sup> and the Impression of one other 1000<sup>lbs</sup>, provided the fund and security for the same be 1100<sup>lbs</sup> payable in November, 1715; and 1100<sup>lbs</sup> in the year 1716; See the Act well drawn after the manner of the Massachusetts Acts.

I am, Gentlemen, your humble serv<sup>t</sup>,

To the Gentlemen of her Majesty's Council, to be communicated.

Roxbury, August 5<sup>th</sup>, 1710.

*Gentlemen:—*

I have the votes of the Council and Assembly referring to the Expedition; Tho' they may have abated that of the Officers being of the Province, because it is in a great measure useless, being always my own inclination; [P. 336.] and accordingly, I have now written to Colonel Walton, who is the Colonel of the regiment in which your men are to serve, to bring with him a Captain and two or three other fit persons, to be commissioned under him, for your

Companies; I must attend her Majesty's direction to put one officer into each of the companys, which shall be but a Lieutenant and Ensign, of whose wages you will be eased by her Majesty's payment of their wages; and you will presently see the benefit of their being joined with your officers, by their skill in instructing the soldjers; and it may be I may also otherwise dispose of them afterwards; and accordingly I have signed your votes and direct your proclamation to proceed forthwith in my name with the clauses in the vote and no other; and that this letter be of record with the files referring to the expedition; and pray you to proceed vigorously and give Major Smith and Colonel Walton all possible assistance and expedition. I hope I shall ease some of your men by some Martha Vineyard Indians upon a Small hire, but you must send me your Round hundred, and I will use my friendship to the most necessitous (if I can) with the advice of your own officers. I desire you to make no delay.

And I doe prorogue the Assembly, after these affairs are finished, to Wednesday the twenty-third instant, that I may write you once more before the forces embark if need be.

You must give your votes for the Transport, twelve weeks subsistence on board, and for the clothes, to Mr. Treasurer.

Mr. Secretary Story was sent as a message to the House of Representatives to call them to this Board, who accordingly came ; And

The Lieut. Governour made the following speech, in hæc verba sequen :

*Gentlemen, Council and Representatives:—*

For two last years his Excellency having account of French and Indian enemy designing with a body to make an attack on frontiers, (Her Majesty's service requiring in Massachusetts his presence,) desired me to come into the Province to take care of your security both by sea and Land; accordingly did.

Last year when you set, I recommended raising mony for Expedition to Canada; accordingly with all readiness done; Accounts thereof sent to Lords Trade and Plantations which they take notice of; at same time recommended care to be taken for receiving claims for service of the Government, which I find have been done; which gives great satisfaction, being more than for six years before; I find mony raised for considerable payments as in your list allowed by his Excellency, which I hope clears all Province demands.

Hearing of insults of your enemies on frontiers, never the like trouble and danger as now; Queen being pleased to continue my Commission, thought it my duty in this time of extremity to visit you for taking care of yo<sup>r</sup> frontiers and at all times shall come as apprehend her majesty's service requires my presence; must say his [P. 339.] Excell. did take care in giving orders for scouting, wanting of provisions same omitted, since come into Province finding it in sore distress, that persons could not go two miles from their house because of the enemy, I sent out half of Province to make discovery of them; after some returned from scouting to Oyster River, these men like to be taken by about twenty Indians; Immediately ordered Capt. Davis to march out to make discovery; Did see about four or five Indians, Judging may be about twenty, Pursued them, but they made escape. Capt. Gilman returned; give accounts they found tracts of considerable number of the enemy and where lodged, but as for enemies could see none.

Her Majesty having upon application sent Hon<sup>ble</sup> General Nicholson with forces out of Great Britain, for imediate benefit of those parts; for which his Excellency desirous an address of thanks may be sent for her Majesty; shall order Secretary to present you therewith, and his Excellency's letter for raising mony, dated the 18<sup>th</sup> Aug.

Recomend due care for Treasurer's security in advancing for this expedition; he shall lay before you acc<sup>ts</sup> thereof, together with acc<sup>ts</sup> of the Treasury.

When last year in Province recommended raising mony for my

support of honour Queen's Commission; pleased then to say would take it into consideration. Her Majesty recommending, raising mony for Governour and Lieut. Governour, I now recommend to your consideration, not doubting due respect to Queen's Commission, as well as forwardness in raising mony to value of great sums on other acct<sup>ts</sup>: to be plain, served four years in time Mr. Allen's commission, expenses on Council and guards as well as my own, all out of my own estate, and never had to value of one drop of water at charge of Province, which stood me in some hundreds pounds; and six years served now, and not paid for my care, pains and service, purely for good of Province.

Considering a very busy time for your Harvest in the country, and the enemy being on your frontiers, having recommended abovesaid to your consideration, doubt not of your dispatch as to what laid before you.

JOHN USHER, Lt Govern<sup>r</sup>.

An Address to her Majesty was read at this Board and  
sent down to the House of Representatives in hæc verba  
sequen :

*To the Queen's most Excellent Majesty.*

The address of your Majesty's most loyal and dutiful subjects, the  
Governour, Council and Representatives of your Majesty's Province  
of New Hampshire, convened in General Assembly,  
Most humbly sheweth,—

That in the midst of Trouble surrounding us from the enemy  
by sea and Land, we received with joyful hearts the advice of  
your Majesty's sending to our relief, from Great Britain, several  
ships of war, marines and warlike stores, &c., under the conduct  
of the Honourable Francis Nicholson, Esq., to form an Expedition  
against the French settlements at Port Royal and the coast of  
Nova Scotia; which we take to be so great an instance of your  
Majesty's care and regard for us that we cannot, but with a due  
sense of your Majesty's great favour therein, with all humble gra-  
titude acknowledge the same. And though the circumstance of  
this poor Province (being all frontiers to the enemy by sea and  
Land) bespeaks the assistance of more men than the scattering  
inhabitants thereof, for its defense; yet we freely and readily sent  
[P. 342.] the quota demanded of us for this present expedition,  
with provisions, transports, and all things necessary for them,\*  
and shall always exert our utmost endeavors for your Majesty's  
service, as becomes dutiful Loyal subjects.

It only remains that we continue our daily prayers to God

\* "Nicholson brought from England five frigates, and a bomb ketch. These, with 3 fourth rates, 2 fifth rates, the province galley, 14 transports, in the pay of Massachusetts, 2 of New Hampshire, 5 of Connecticut and 3 of Rhode Island, composed the fleet, in which embarked a regiment of marines, and 4 regiments raised in New England." *Holmes An.*, vol. I., p. 501, Note.

Almighty, that by his good Providence your Majesty's arms may continue victorious in Europe; and that in these remote parts of your Dominions, particularly in this present expedition, they may be under the influence of the same Divine Providence, and attended with the like success.

That the present wars and troubles may cease, that your reign may be long and prosperous, and the remainder of your days lengthened out and attended with the blessing of peace and tranquillity, both at home and abroad.

We are your Majesty's most Loyal and obedient subjects.

The petition of John Cross, relating to his maintenance, &c., was read at this Board and sent down to the House of Representatives, as upon file.

The following vote was sent up from the House of Representatives, in hæc verba sequen :

*May it please your Honour,—*

We are sensible of your Honour's great care of us formerly and lately, for which we render thanks, and are sorry the wars and other misfortunes hath of late so attended us, that at present we are not in a capacity of making any other answerable return, proportionable to your Honour's good service; but pray your Honour's acceptance of ten pounds to defray your Honour's present travelling expences, and [P. 343.] we hope your Honour will still continue proper methods for the defense of our frontiers, as may be most likely for their security.

In our last session we took care for the Treasurer's security, and have now voted an address of thankfulness to her Majesty for her great favour in sending forces, &c.,

under the command of General Nicholson, for the reducing Port Royal, and have appointed a Committee therefor.

Mark Hunkin,		John Plaisted,	

As to the vote of the House of Representatives to present the Lieut. Governour with ten pounds to defray his present travelling charges, to and from the Province, and thanks for his service, The Council concurs therewith: but as to the other part of the vote, we are unanimously of opinion, its a reflection and indignity cast upon the Governour, as if his care of us were defective and himself negligent of taking proper methods for the defence of the frontiers,—which we cannot but resent.

[P. 344.] His Honour then proposed to the gentlemen of the Council, that he was going to Boston to-morrow, and if they had any thing to offer for her Majesty's service and good of the Province, he was ready to promote the same.

Mr. Secretary was sent on a message to call the House of Representatives to this Board, who accordingly came, and the Lieut. Governour made the following speech, in hæc verba sequen:—

*Gentlemen:—*

Yesterday had all chief officers to consult and advise what might be proper for your security, according to their desire, given directions therein; the great complaint was want of provisions; due care is taken thereof with the Treasurer for their supply, to their satisfaction.

Am glad my care formerly, and now lately, to yo<sup>r</sup> acceptance, and assure you in discharge of trust reposed in me, shall continue my care, and at all times ready to serve you, and as occasion requires, visit you.

I sent an express to his Excellency with account of return of Capt. Gilman and Capt. Davis, and to know his pleasure as to adjourning or prorougeing the Assembly. This morning had a return, that you should be prorogued from Wednesday to Wednesday; accordingly adjourn you to next Wednesday, and so from Wednesday to Wednesday.

You are adj<sup>d</sup> till his Excellency's further order.

Portsmouth, 19<sup>th</sup> October, 1710.

New Hampshire.

*Gentlemen:—*

I am glad of your obedience and readiness in her Majesty's service in the expedition to Port Royal; wherein if by the good

Providence of Almighty God we shall succeed, and I have the honour to represent it to her Majesty, I shall be ready also to represent the unequal quota demanded of this province in proportion with the other Colonies.

I have directed Mr. Treasurer to acquaint you with the present state of the Treasury, and the necessity of raising 1000 lbs. in your province Bills, for the payment of the forces and their subsistence, either by a new impressing that sum in Bills, or repetition of so many of your bills that may come in upon the year's tax, which the Representatives will consider of and determine.

I am also to acquaint you that by letters from the Right Honorable the Lords Com<sup>rs</sup> at the Board of Trade and Plantations, I am acquainted that the challenge of [P. 346.] Mr. Allen to the lands of this Province is now depending before her Majesty; and if there be any representation or other service to be done in that affair, you will consider and move therein as you think proper; wherein my advice shall not be wanting when it is desired.

I have particularly to recommend to you the consideration of the Excise, which being well settled and directed, would go a great way in our annual charge; which for want of good provision in the Law is of very little signification. If it were farmed or duly collected, would amount to five times as much as the Treasurer can make of it, for want of such provision in Law or direction thereabout. Your affairs will not demand a long session; and the service of both the Provinces demands my speedy return to Boston. I shall therefore desire your dispatch, and there shall be nothing wanting on my part that you may be well defended from the enemy, and cozy and happy in all your affairs; which I am well assured will be pleasing to her Majesty, as well as the benefit and service of the Province.

*To the Queen's Most Excellent Majesty.*

The humble Address of the Governour, Council and Representatives of your Majesty's province of New Hampshire, in New England,

Most humbly sheweth,—

That your most sacred Majesty's most dutiful and loyal subjects are deeply sensible of your Majesty's princely regard and favour in the support and defense of this province by the late supply of cannon and other warlike stores sent hither, as well as in your Majesty's most gracious care for us in sending such a force of ships

and marine forces, who in conjunction with the forces drawn out of these provinces, have, by the Good providence of Almighty God, put your Majesty into possession of the important fort of Port Royal, the head of Nova Scotia and L'Acadie, who have been these seven years the great pest and trouble of all the navigation and trade of your Majesty's Provinces on the coast of America.\*

Your Majesty's most dutiful and loyal subjects do from this success and benefit take encouragement most humbly to address your Majesty, that such a number of your Majesty's ships of war and

*\*Capture of Port Royal.*

[Penhallow's Indian Wars, Coll. N. H. Hist. Soc., Vol. I., pp. 63-66.]

Col. Nicholson arrived at Boston, July 1st, 1710, in her Majesty's ship Dragon, attended by the Falmouth, and a bombship, with several transports, British officers, a regiment of marines, provisions, and stores of war; bringing with him her Majesty's royal command to the several Governors of the Massachusetts, New Hampshire, Connecticut and Rhode Island, to be assisting in the said expedition; who very readily obeyed and supplied their respective quotas of good effective men, with transports, provisions, stores of war, pilots, chaplains, chirurgeons, and all necessaries for the service.

Col. Nicholson was appointed general and commander in chief, who embarked September 18th, from Nantasket, having with him her Majesty's ship the Dragon, Commodore Martyn; the Falmouth, Capt. Riddle; the Loustiff, Capt. Gordon; the Feversham, Capt. Pastor; the Province Galley, Capt. Southack; the Star Boom, Capt. Rochport. Besides tenders, transports, hospitals, store-ships, and twenty-five lesser vessels, with open floats, for carrying boards and necessaries for the cannon. The land forces consisted of five regiments of foot, whereof Col. Vetch was Adjutant-General; Sir Charles Hobby, Col. Walton, Col. Tallar, Col. Whiting, and Col. Reading, had commissions sent them from the Queen. \* \* \* The fleet arrived in six days. On the 25th the whole army was landed. The fort fired on them, but did no damage. On Thursday, the 26th, at break of day, the General marched with the army on the south side, the marines in the front, Col. Reading at their head, Col. Whiting's regiment in the centre, Sir Charles Hobby in the rear, and Maj. Livingston with a party of Indians flanking the body in their march. Towards evening the Fort fired very smartly, and so did the French and Indians with their small arms, as they lay behind the fences, who killed three of our men. Next day, we mounted some of our guns, and made preparations to bring up the flat bottom boats, with the artillery and ammunition. In the evening, our bomb ships came up again, and threw thirty-six shells into the fort, which put them in an amazing terror. \* \* \* \* October 1st, the great guns were placed on the batteries; the mortars were also planted, and twenty-four cohorts at a little distance from the outward barrier of the fort. These all played upon the fort with good effect. The French, at the same time, firing their great guns and mortars upon us. The General sent Col. Tallar and Capt. Abercromby with a summons to Monsieur Supercaet, the Governor, to deliver up the fort for the Queen of Great Britain, as her undoubted right. On October 5th, the Fort was delivered up on terms of capitulation, which allowed the Governor of the Fort, Monsieur Supercaet, with his officers and troops, "to march out with drums beating, colours flying, and guns shouldered; each paying their respects to the General as they passed by; then our army entered the Fort, hoisted the union flag and drank the Queen's health, firing all the guns round the Fort, as likewise did the men of war, and other vessels in the River."

In honor of Queen Anne, the place was henceforth called ANNAPOLIS.

forces may be sent early the next spring to visit Quebec and Mont Royal [Montreal], with such additional forces from all your Majesty's Governments on the shore of America as may, by the favor of Almighty God, reduce these places to your Majesty's obedience, and thereby make the whole North America an addition to your Majesty's imperial Crown and dignity, from whence by the industry of your Majesty's leige people, at p'sent inhabitants, with such others as may be planted here, all sorts of Naval Stores may with industry and without any hazard or interruption be transported home, sufficient not only for your Majesty's service in the Kingdoms of Great Britain and [P. 351.] Ireland, but for all Europe, to the great increase of trade and navigation, the improvement of ships and breed of sailors.

We rejoice to see your Excellency here at this time, and are thankful for your acceptance of our obedience to your Excellency's commands in the Expedition against Port Royal. We are satisfied that there wants mony in the Treasury and have therefore

Voted, That two thousand five hundred pounds be impressed in Bills of Credit on the same fund in proportion to the last three thousand pounds, and that it be first applied for payment of those debts, am<sup>o</sup> to about five hundred fifty-five pounds, allow'd by the comittee and assembly, and that the remainder be applied to the payment of such other debts as shall be allow'd by a comittee appointed to ex-

amine thereinto, and to settle the Treasurer's accounts, which we pray may be appointed out of both Houses; and that they making their return, allowed by the General Assembly, shall be paid and not otherwise attributed.

We think the Law of the Excise is good. It only wants to be put in due execution, but considering there might be considerable come into the Treasury by a duty on lumber exported,

Voted, That all the timber that shall be exported to any of the Mainland of America shall pay two shill. per ton, and that every vessel shall give bond to bring a certificate thereof, as in other cases, their bond for encouragement of Trade to be frank. His Excellency's letter of the 27<sup>th</sup> of November, 1710,  
was read at this Board, viz :

Roxbury, 27<sup>th</sup> November, 1710.

*Gentlemen:—*

I have lately received a letter bearing date November 12<sup>th</sup>, 1710, signed by Richard Gerrish, Esq., Speaker of the Assembly of New Hampshire, and several other members of the House of Representatives, setting forth that at the last session of the Assembly there was not sufficient provision made for the payment of the Province Debts and intimating that the prorogation of the Assembly being for so long a time, they pray an intermediate speedy session to pass the money Bill projected the last session, for the raising two thousand five hundred pounds in Province Bills, upon a just fund, and Grant of so much to be paid to her majesty's treasury to support the credit of the said Bills.

The said Bill for the two thousand five hundred pounds having been formed and engrossed and read in the House of Representatives, and read in Council, where I was present, and upon some debate laid aside, and another Act brought in for 1200<sup>lbs</sup> only, for the present supply of the treasury, which as was then and is still observed is not sufficient to discharge the Province debts:

I judge the offer of the Representatives to be for her Majesty's service, and the honour of the Province, as well as their justice to discharge the debenters and subsistence of soldjers, and therefore do hereby order [P. 356.] Mr. Secretary Story to issue out warrants for the meeting of the Assembly on Friday, the first of December next, at Portsmouth, to sit on the said Friday and Saturday, and no longer, for the dispatch of that Bill only; and that you do on the said Saturday evening, dismiss the Assembly to the day of the prorogation, which I entered in your books at my last being with you, and not to sit any longer or otherwise;

It being my Duty to be present at all debates of the General Assembly of matters importing the Government, which the season will not admit of at this time.

#### \* NOTE BY THE EDITOR.

The first *Journal of the House of Representatives* now in the office of the Secretary of State, commences the 9<sup>th</sup> of May, 1711. It is contained in a bound MS. volume, arranged by the late JOHN FARMER, Esq., (by order of the Legislature, 1827) and labeled,—

"PROVINCE RECORDS.

"JOURNAL OF THE HOUSE.

"1711-1724."

This "JOURNAL", the Editor does not publish in full, but only such portions as may serve to illustrate the joint proceedings of the Council and Assembly, as contained in this volume.

soe that all future complaints will be taken away by the payment of your Arrears, Debts, Soldjers and Subsistance.

Wee are sensible that the Indians are divided into small parties and give us trouble every where in the frontiers; for prevention of which, I have lately strengthened the Province of Maine with a hundred musqueteers more than their usual Garrisons, which are marching.

I am informed that several of her Majesty's good subjects of this province are willing to march as volunteers, without subsistance or wages from the province; if they might have a reward by the heads granted them by the Assembly, which I recommend to yo<sup>r</sup> consideration; we being all sensible how much more service is to be expected from volunteers at all times, than from men impressed and drawn into the service.

I recommended to yo<sup>r</sup> consideration the building a Town House for the province, and an Alms House, and a Bridewell in this town for [P. 361.] the service of the province, agreeable to what is done in other places; the benefit of which, for the honour of the province, the good goverment of the poor as well as vitious people, will soon countervail the charge.

I have heretofore designed, which I now repeat, y<sup>t</sup> there may be a Comittee of both Houses, to Revise the Laws of this province, and make a fair transcript of them fit to be humbly laid before her Majesty for her Royal allowance and confirmation, which you may now doe, soe as to have them ready to be transmitted the next return of our ships for Great Brittain.

I have brought with me Colonel Rednapp, her Majesty's Engineer, to peruse the works at the fort and to report the necessary repairs, which I shall lay before you.

I have directed Mr. Treasurer to lay before you the state of your acc<sup>ts</sup>. He is now entering upon his tenth year, since I have had the honour to command here, and has past his accounts home to her Majesty's Exchequer. I am of opinion the House of Representatives owe him their vote of thanks for his care in the service of the province, soe far ending with his ninth year's acc<sup>ts</sup>, and to desire his care for the future in supply of subsistance and clothing of any soldjers to be necessarily raised for the defense of her Majesty's good subjects of this province, as need shall be.

J. DUDLEY.

Mr. Secretary Story was sent as a message to call the House of Representatives to this Board, who accordingly came; and his Honour the Lieut. Governour was pleased to make the following speech:

*Gentlemen:—*

Her most gracious Majesty having sent his Excellency General Francis Nicholson, Esq., with forces for reducing of Canada and Newfoundland; It is expected that the government in these parts give their ready assistance by raising of soldiers to join in conjunction with the Queen's forces,—to whom God grant success and victory, the happy fruits of which will tend to the safety, wealth and prosperity of these her Majesty's dominions and plantations, and more peculiar to this her Majesty's Government, that for many years have been insulted, waisted and consumed by a cruel, barbarous and perfidious Enemy.

By his Excellency the Governour's precept, you are here called together for raising your quota of men, providing transports, provisions, &c., for carrying on the above Expedition.

Her Majesty's service requiring his Excellency the Governour's presence at the Congress, remote from his Government, to consult in this great design: I am therefore come to expedite matters of so great an importance.

*Gentlemen,*— You addressed her most gracious Majesty in October last, that she would be graciously pleased to send ships of war and forces for the reducing Quebec, &c.; Upon which address from yourselves, and others from our neighboring Governments, General Nicholson [P. 377.] is now sent as before mentioned, whose conduct, courage and prudence, is well known to us all, in the reducing of Port Royal (now Annapolis Royal) last year, which if please God to give him success in the reducing of Can-

ada, it will be of great advantage to us and our posterities hereafter.

I do not in the least doubt of your ready compliance with the Queen's expectations from you, and your proceedings to be such as will demonstrate you her Majesty's most dutiful and loyal subjects, in your dispatches.

Her Majesty is at great expense and charge in this affair, and hath sent clothing, &c., for our soldjers and many presents of value to our friend Indians and Mawhawks, &c.

His Excellency the Governour's expectation and pleasure is, that all other business be laid aside, and only with all chearfulness to forward soe good a designe for the reducing the common enemy, pursuant to her Majesty's expectation, and that care be taken, for mony to be raised at the next sitting of this General Assembly, for payment of soldjers, transports, sailors, &c., and for all present expenses and charges upon the said Expedition.

I shall contribute what I can for her Majesty's service and good of her Majesty's province, and hope you will speedily determine what is recommended to you.

JOHN USHER.

The following letter from his Excellency the Governour was read at this Board, the Representatives being present:

Boston, 9<sup>th</sup> June, 1711.

*Gentlemen:—*

I herewith send you a copy of her Majesty's Instructions to myself, referring to the Expedition to Canada, which I desire you to keep secret yet.

You have alsoe enclosed an Embargoe in obedience to her Majesty's said Instructions, which you must presently publish and acquaint the fort and officers of the customs with, and see it observed.

And I doe further direct you to call the Assembly, the prorogation notwithstanding, to sit on Thursday next, and acquaint them with the said Instructions and let them be read [p. 378.] in their House; and let them know that the vast force that is coming, and the whole expedition, is in answer to their repeated Addresses, and is the last effort of those Governments, and by the favor of God will end in our security and establishment, and therefore that I desire and expect their unanimous vote.

That there be a number of men not exceeding one hundred, with officers, raised for the service of the Expedition.

That the Treasurer provide three months' victuals, transports, and other necessaries for the said men.

That the Assembly will at their next session take care for the payment of the wages and subsistence and other charges of the said force.

These votes will be cheerfully agreed by the Representatives, I doubt not; Thank them then and dismiss them to the prorogation, and express the votes to me.

The whole fleet consists of ten frigates and eight battallion of foot, cannon, stores, arms and clothes for all the soldjers, which will save in a great part of our charge.

Major Plaisted brings this and will acquaint you anything necessary. Let us be private in the affair as long as we can, lest it get to Quebec or Placentia.

With my service to the Speaker and Gentlemen of the Assembly.

I am, Gentlemen,

Your very humble servant,

J. DUDLEY.

Pursuant to the above letter the following Instructions was read at this Board and sent down to the House of Representatives, as alsoe a copy of her Majesty's bounty relating to the said Expedition :

#### ANNE R.

[P. 379.] [SEAL.] INSTRUCTIONS for our trusty and well beloved Joseph Dudley, Esq., our Captain General and Commander in Chiefe of our provinces of the Massachusetts Bay and New Hampshire, in America, given at our Court at Saint James, the sixth day of February, 1710, in the ninth year of our Reign.

Herewith wee send you a duplicate of our Instructions to our Governour of New York, relating to a resolution we have taken for the reduction of Canada and New Foundland, by which you will perceive our intentions, and to which we refer you in all things as fully as if the same were again particularly repeated in these our Instructions; And our will and pleasure is, that you doe in all respects conform your selfe thereunto, and give your aid and assistance to all the several matters and things herein contained, as if the same were in these presents repeated and particularly ordered and directed. Our will and pleasure further is, that you doe observe and perform the several matters and things here in after contained on your part to be performed and observed:

1. Wee hereby direct that at least one thousand able bodied men be raised by you in New England, and that the said men be well disciplined and exercised, and if you shall want any experienced Officers for that purpose, our Governour of New York will spare you some of the Sergeants we have ordered thither by these ships; and if there be any want of Arms and ammunition you will receive the same by the squadron we intend to send to New England, which may arrive there about the latter end of April next.

2. That you provide transports, provisions and other necessaries for the said thousand forces, to be ready at the arrival of the squadron at Piscataqua, and also several flat bottomed boats for the landing our forces at Quebec, or other place where there may be occasion to land; the said flat bottomed boats to hold sixty men each; Wee also direct that several vessels of fifty or sixty tunns each be provided good sailors, to be sent up the said river Canada with Land forces, as occasion may offer.

demanded from New England is 1000 men :

Wee humbly conceive that our proportion thereof is not  
more than eighty men ; but being sensible of the great ad-

His Honour made the foll. speech (the Representatives  
being present) in hæc verba sequens:

*Gentlemen,* —

As to the Governor's letter not exceeding 100 men with officers,  
and part of Governor's Instructions,—You observe the quota of  
New England is 1000 men; you think your quota is eighty men;  
that there may be a ship for transport of 80 men, including officers  
and sailors.

His Excellency's letter, dated the 9<sup>th</sup> June, 1711, That there be  
a number of men not exceeding 100 for this Expedition.

Must acquainte you, though his Excellency doth say not exceed-  
ing 100 men with officers, yet he doth not say less; As for the  
Queen's instruction the quota to raise 1000 men, these two years  
been settled, viz: 900 Massachusetts; 100 this Province; 200  
Road Island; 300 Connecticut.

Now to say 80 men with sailors is but 68 men, when always you  
raised 100 men besides sailors.

Must doe his Excellency justice that he expect 100 with sailors,  
as formerly.

The Queen having demanded your quota, she doth expect the  
whole complied with, of which I cannot abate: for two years,  
Queen knows your establishment to be 100 men; if same be more  
as to quota than other goverments, your goverment might by last  
conveyance have sent to the Queen for relief: if upon arrival, find  
Her Majesty is pleased to lessen the number of your quota, it  
shall be readily complied with; if not, shall and must expect your  
compliance with the number and shall write to know his Excel-  
lency's pleasure.

As to three months provision I acknowledge pursuant to his  
Excel<sup>e</sup> letter; but give leave to acquaint you that not less than five  
months provision must be had: For when Governour Phipps went

to Canada, was two months before he did get to Quebeck; for want of due provisions, many of his then Majesty's subjects' lives lost. I am sensible and doe believe that you Gentlemen will not be wanting in making due supplys for preservation of her Majesty's subjects and your friends' lives,—the which I leave to your consideration, and shall order your vote to be returned and more duly considered.

Boston, 27<sup>th</sup> July, 1711.

*Gentlemen,*—

We have the news from the French prize lately brought into this place, that there is a Great fleet from France likely to make their Impreſſion upon this Coaſt, and they may as eaſily look into your River as any other place.

[P. 401. I have had conſideration of your poſture, and judge it neceſſary that the fort be ſtrengthened with forty men, and the halfe of the Militia drawn and made ready for a march from Hampton, Exeter and Dover, to the Bank and New Caſtle, at a minute's warning, and deſire you to ſend for Major Smith, and agree the matter to be made ready.

If you have any thing other or further to offer, I desire you to write me by the post or Express as you see meet; and two of your fishing Boats must be Listed and directed to come in at the first sight of any fleet to give you notice.

I am,

Your humble Serv<sup>t</sup>,

J. DUDLEY.

I allow you to see the Assembly and acquainte them with this letter, to make provision for the Subsistance accordingly.

[Copied from Journal of the House.]

*Gentlemen, —*

Since I saw you in May last, her Majestie's Fleet and forces have happily arrived and been joyned with the forces of this and the other Provinces, in obedience to her Majestie's command, and are proceeded toward Quebec and other places in possession of y<sup>e</sup> enemy, and from whom we hope by the favour of Almighty God, to receive a good account of their proceeding and success.

That which Imports us is, so far to be ready for their return, as to make provision for the just Payment of y<sup>e</sup> subsistence and wages due to our Quota; and that you may enable the Treasury, I have directed y<sup>e</sup> Treasurer to lay before you an estimate of y<sup>e</sup> charge, which tho' it cannot be exact, will well enough put y<sup>e</sup> Representatives into the just consideration of w<sup>t</sup> is necessary, and which I have no doubt you will now provide for.

I have been a little more early this session than usual, that the Treasurer may be ready for the return of your forces, and that y<sup>e</sup> soldiers may not be obliged to make any long attendance for their payment, which will enervate y<sup>e</sup> charge.

The Expedition of a French fleet upon the coast this Summer obliged me to strengthen the fort with forty men, the one half whereof I have lately discharged, and shall soon reduce the rest to your winter posture.

The ordinary Impost & Excise is nearly expiring, and may be a loss to the Revenue, if it be not at this time revived as is usual.

I shall be glad of your good agreement in every thing, and shall not be wanting in any thing in my power to put forward her Majestie's service and the benefitt of all her good subjects depending upon this Government.

Mr. Secretary was sent down to the House of Representatives to call them to this Board, who accordingly came, (1) and his Excellency's Speech was read in hæc verba sequen :

*Gentlemen,—*

The Great Hurry of Affaires referring to the forces in the late expedition and the Disposition of affaires of Her Majties forces depending thereupon will not admitt of my seeing of you at this time; and the Expiration of the Act for the Excise and Impost being within a few dayes, and the forces returning and justly expecting their payment has moved me to direct your session at this time.

I suppose there cann be noe doubt of the continueing of the Act of Excise and Impost, which is always a Branch of the Revenue in all Her Majesties [p. 408.] Dominions & plantations, and we have much more need of it at this time of soe great expences than at any time heretofore.

And if there be any other Act cann be brought in to save the Land tax I shall be always ready to doe my duty to Her Majesties Revenue and justice to the province for the payment of their Debts.

I must desire you to enable the Treasury by Repeating and further Impressing soe many Bills, if you choose that way, as will pay the province Debts, which must be done by an Act Granting soe much as is soe Raised to Her Majestie for a fund for the same, least wee disparage our Bills soe as they loose their currency and the Government their Credit.

I pray you to pass thro' these articles in two or three dayes; and I have then directed a further prorogation to be then declared.

[From MS. Correspondence in Secretary's Office, pp. 23–25.]

*Instructions for Henry Newman, Esq.,*\* resident in Westminster, employed by the Governour and Council of this her Majesty's Province, at Whitehall:

\*These appear to be a first draft, by Gov. Dudley.

You shall upon the arrival of these letters, attend Lieutenant General Nicholson & communicate to him the Address now sent you, & pray him to countenance & favour you in the presenting your petition; and Accordingly depend upon his advice in all things.

You shall also communicate the Address & these Instructions to Jeremiah Dumer, Esq., Agent for the Massachusetts; & it may be present your Address at the same time, with Colonel Nicholson's advice.

You shall by your Memorial represent to her Majesty or my Lord Dartmouth, as may be judged best, the sorrowful estate of the Province, consisting of no more than one thousand fighting men, in six or seven open villages, who are always *obnoxious* to the Inroad of the parties of Indian and French, and always are upon their guard and scouting.

Besides the one hundred men that have now for three years past been in service by her Majesty's especial command, which is a very great charge to the Province; besides forty men in service at the Forts; you shall *carefully* [?] pray some abatement in the said number of men, in any New Expedition, and that the lower Governors of the Jerseys, Pennsylvania, Maryland & Virginia may supply men or be charged a sume of money to the assistance of the Expedition.

You shall *carefully*\* move as all the Governors do, that a new Expedition may be raised, & that Gen. Nicholson be employed therein, who perfectly understands the *forces* of the Provinces, the state of the country, and what is to be feared if we be now left.

You shall pray for a Garrison for the fort at Newcastle in this Province of forty men, to be upon the Brittish establishment, who need a Lieutenant with them; Colonel Walton, who has her Majesty's Commission for a Colonel, being at present Captain of the Fort.

[Not consented to, therefore left out.]

You will always remember that this Province is next to the Eastern Indians, who are the most troublesome upon the Continent.

You shall represent the perfect obedience of this Govern<sup>t</sup> to her Majesty's Commands in all things, of men, & provisions & transports the last year to Port Royal, & this year towards Quebeck; and the heavy Debts that are upon us at this time to be discharged upon that account.

\*Perhaps the word is *earnestly*.—ED.

And we intirely submit ourselves to her Majesty's disposal.

Signed by order of the Governor & Council.

J. D.

C. S.

Upon receipt hereof, summon & Communicate these Instructions to them, & let them adde, alter or correct what they please. They will pardon me to be thus free with them; it is my sincere respect to the welfare of the Province, as well as the necessary Expedition of the papers, which must be with me by Monday, which is the last day the General will stay.

You may use the advise of Mr. Speaker, and any member of the house of Representatives, if you please. I would have done all this in full officially, but you see the time will not admit. Send immediately for Mr. Waldron & other Gentlemen of the Council & let them proceed in this affair, as they, having mett in Council, shall determine.

*Gentlemen, —*

The Disaster of Her Majestie's fleet and forces last year has, as wee might Expect, Encouraged the Indian Rebels in their Inroad upon us, And wee must be content Early to Apply our selves to our usual method of comeing into strict Garrisons, Scouting & marching in the frontiers, and to the fishing places, to prevent their Lodging near us.

I have therefore Resolved to Double the forces in the province of Maine, and Given Orders accordingly, Since my coming hither, and Judge it necessary that there be a party of this province of forty men at least, with proper Officers, to March from Kingstown to Cochecho Every two or Three dayes, and that halfe the Militia be drawn out to stand ready for a March where the Enemy shall be known to Approach us with any Great Number, which is to be Expected by an Intelligence from Casco Bay, which I shall Communicate to you.

Her Majestie's fort must also be inforced with the usual number for the Summer Service.

I must alsoe recommend to you the Establishment of the Impost, which was abated the last year, and is certainly a Surprise to the Governments at Home, for that there is every where a Duty upon shipping and Trade for the support of the publick Charge, in the ease of the Land Tax, which is always heavy upon the Country.

*To His Excellency the Governor and Hon<sup>ble</sup> the Council now sitting at Portsmouth:*

I had the Honour of commanding the soldjers at the fort W<sup>m</sup> and Mary last year, during which time, according to your Excellency's directions, the men were often changed from eight to forty, and by the request of the Commanders from whence they came, and the ease to the people, they were shifted some a week and some two, as you may see by the muster Roll, some longer; and those men coming from Tenn Companyes, shifting almost every one at different dayes, caused me continual Trouble. When I put in the muster Roll I put an article of Double Sentinal's pay for my service, which was thought fitt by the Committee as their Returne will manifest, but Referred to the General Assembly by reason as is thereon mentioned.

However, when it came to the House of Representatives they thought it too much; I then desired they would allow me thirty pounds wh<sup>ch</sup> is but four pounds more than the meanest Sentinel Receives from the Treasury, which not being allowed causeth my

troubling yo<sup>r</sup> Excellency and Honours for yo<sup>r</sup> opinion In the matter; [P. 431.] and if my request of thirty pounds be thought too much I shall humbly submitt to what you order, and crave leave to subscribe yo<sup>r</sup>

"We confess that we have, contrary to all Faith and Justice, broken our Articles with Sir William Phips, Governor in the the year of our Lord God 1693, and with the Earl of Bellomont in the year 1699.

"And the assurance we gave to his Excellency Joseph Dudley, Esq., in the year of our Lord God, 1702, in the month of August, and 1703 in the month of July, notwithstanding we have been well treated by the said Governors; but we resolve for the future not to be drawn into any perfidious Treaty or correspondence to the hurt of any of her Majesty's subjects of the Crown of Great Britain; And if we know any such, we will seasonably reveal it to the English.

"Wherefore, we whose Names are hereunto subscribed, delegates to the several Tribes of Indians belonging to the river of Kennebeck, Ameriscoggin, St. Johns, Saco, Merrimack, and the parts adjacent, being sensible of our great Offence and folly in not complying with the aforesaid Submission and Agreements, and also the sufferings and Mischiefs that we have thereby exposed ourselves unto, do in all humble and submissive manner, Cast ourselves upon her Majesty for mercy, and pardon for all our past Rebellions, hostilities and violations of our Promises; praying to be received unto her Majesty's grace and favour.

Penhallow says: "For a further Ratification of this Treaty, several Gentlemen of both Governments went from Portsmouth to Casco, where a great Body of Indians were assembled, to know the Result of matters. It being a Custom among them on all such occasions, to have the whole of their Tribes present; having no other Record of conveying to posterity, but what they communicate from father to son, and so to the son's son. When the several Articles were read and explained by Interpreters, upon Oath, (the Delegates being present) they signified an unanimous consent and satisfaction, by loud Huzzas and Acclamations of joy: Many presents were then made them, which were thankfully received, and every Tribe had their proportion given out; but they were so disorderly, that Mauxis (altho' he was the chief Sagamore in all the Eastern parts) was robbed, by the morning, of all he had; upon which he made a miserable complaint unto the English next day, of the unruliness of his young men, who had stolen away all he had, therefore begged a new supply. But altho' their Government is so Anarchical, and their chiefs have so little respect and honour shewn them, yet in their Council they observe a very excellent decorum; not suffering any to speak but one at a time; which is deliver'd with such a remarkable pathos and surprizing gravity, that there is neither smile nor whisper to be observed, until he that speaks has finished his discourse, who then sits down, and after that another riseth up."

*To the Queen's Most Excellent Majestie:*

! The Humble Address of Her Majestie' Council, and Representatives of Her Majestie's province of New Hampshire, convened in General Assembly,

Most Humbly Sheweth,—

That whereas for many years past we have suffered to the Greatest Extremity by a Continual Warr and more particularly by the Barbarous usage and unheard of cruelties of our Rebellious neighbours the Indians, notwithstanding which with the expence of much of our Blood & Treasure wee have hitherto preserved and Defended this your Majestie's province against all opposers, being always confident that the Reiterated successes of your Majestie's Glorious Arms in Europe, would by your Majestie's wise Councils & steady conduct produce at last an Honourable & a lasting peace; and wee now with Grateful Hearts congratulate [P. 456.] your Majestie thereupon, for that this peace effects the Remotest parts of yo<sup>r</sup> Majestie's Dominions, and wee already Taste the good fruits and effects thereof, in that the Rebellious Indians are Reduced to their obedience; Your Majestie's Governour here by his good Conduct in this as in all other the affairs of the Government has brought them to an entire submission to your Majestie and agreement to Articles of pacification, which now gives us a fair prospect of sitting under our vines and figg Trees and none to make us afraid.

And since nothing can add more to the Glories of your Majes-

tie's Reign than this last instance of your great care and concern of the Repose (not only of your Majestie's subjects but that) of all christendom, in bringing about soe happy a peace through soe many insuperable Difficulties, it remains wee daily pray to almighty God that your Majestie's life and Reign may be long and prosperous in this world, and that your Majestie may, in the world to come, for ever enjoy the blessing to which peace makers are entitled.

To His Excellency Joseph Dudley, Esq., Capt<sup>l</sup> General and Govern<sup>r</sup> in Chief in and over Her Majestie's provinces of the Massachusetts Bay, New Hampshire, &c., and the House of Representatives now in General Assembly Conven<sup>d</sup>.

The petition of the Inhabitants of Bloody point within the Limitts of the Townshipp of Dover, with some few of the out skirts of Portsmouth, most humbly sheweth,—

That yo<sup>r</sup> petition<sup>r</sup> living soe remote from the publick worship and under great Inconveniences to attend the same, have of late erected a meeting House and obtained a tract of sixty Acres of Land for the accommodation of a minister among them with a firm resolution (by the Divine assistance) of giving him an Honorable maintenance to the utmost of their abilitie.

Wherefore most humbly pray that your Excellency (who hitherto has distinguished your self from others in promoting the publick worship of God) would please soe to Order that wee your petitioners by maintaining the minister, school and poor among [P. 459.] our selves may be exempted from all other charges save only the province tax and tax of the Assembly.

*Gentlemen:—*

There are eighteen months past since the Committee of the Council and Representatives have set to draw up the state of the Local Laws and orders in force in the province; I desire they may be directed to make the returne of their proceedings, that further provisions may be made where any defect is, to put forward Her Majestie's Service and the good Government of the province.

The Gentlemen of the Representatives are sensible that the last year's tax and what is else provided for the four years next coming, is what is necessary to draw in the Bills of Credit and thereby to discharge the province debts and noe more; soe that there is noe provision made for the Annual charge of the Government; The fort and other contingent charges, since the abatement of the Impost, which I recommend again to your Consideration that it be forthwith laid and the Excise formed, or otherwise disposed, so as it may be a service to the province and assist in Case of the Land tax as it is always intended.

I have lately intelligence from the Gentlemen sent to Canada for the releife and returne of the prisoners there, and am now determined to send a shipp to Quebeck to receive them; wherein yo<sup>r</sup> prisoners will demand yo<sup>r</sup> proportion of charges, and I think it best that a gentleman of yo<sup>r</sup> province be there to assist the negotiation which otherwise may be intangled and ineffectual; you will alsoe Consider and represent to me [P. 464.] what share of the Trade with the Indians you Judge proper to hold for their supply, and prevention of their dependance upon the French while they live upon English Ground.

You will lastly determine whether there be any provision by

way of Repetition to be made to the Treasury for the currant Charge, in which as in Every thing relating to the benefit of the province, nothing shall be wanting for Her Majestie's service on my part.

To his Excellency Joseph Dudley, Esq., Governour and Commander in Chief, in and over her Majesties province of New Hampshire, and to the Honorable the Council and Representatives Conven<sup>d</sup> in General Assembly.

The petition of Samuel Penhallow, Esq., Treasurer and receiver General of Her Majestie's Revenue, &c., within this, Her Majestie's province:

That the selectmen, by the several parishes with the officers, are by the Law Impowered to Lay the taxes throughout this province, and the Treasurer is by Law Impowered to direct his warrants accordingly. Yet soe it is, that by reason of the unhappy difference in the parish of Portsmouth, there are two sorts of selectmen, Assessors and Constables chose for the present year, And it being beyond my power to determine to whom I should direct my warrants for the levying of the tax granted unto her Majestie for the support of the Government, Defence of the province and paym<sup>t</sup> of the publick Debts, which will be to the hurt, detriment and dishonour of her Maj<sup>ties</sup> province,—

Doe humbly pray that yo<sup>r</sup> Excellency and the Honorable Assembly will give such directions herein as you in wisdom shall see meet, which shall readily be observed by yo<sup>r</sup> Excellency and Hon<sup>rs</sup> most humble and most obedient servant,

The following petition was read at this Board, viz:—

To his Excellency Joseph Dudley, Esq., Governour, and the Honorable the Council sitting at Portsmouth, 23d July, 1714.

This writing humbly sheweth, that whereas the Laws of this province obleidgeth each town in the Said province to be provided with a school master to keep a free school, and the selectmen of Hampton having hired one for the said Town to teach both Latin and English, &c., nevertheless, altho the Law of this province and order of the Governor and Council and a vote of the Town doth order that all the Inhabitants pay the maintaining such publick Town School,

Yet notwithstanding the said Law and orders, the major part of the selectmen and Justice Wear, have signed and directed a warrant to the Constable to collect the said school ma<sup>r</sup> Rate from only a part of the Town, and wholly left out the other part of the said Town; which partial doings hath caused great Divisions in the said Town, and will more increase contentions when the Constable comes to take such Rate by distress, if not timely prevented.

It is therefor desired that the said Justice and Selectmen be ordered to answer before your Excellency and Council, and alsoe Robert Moulton, the present Constable, be ordered to bring his Rate at the same time, and that he be ordered to forbear [P. 483.] gathering said tax until further order of this Board, which may be a meanes of preventing Contentions among us.

Joseph Smith, in behalfe of the greatest part of the Town.

[Speech of Lt. Gov. Vaughan, copied from Journal of the House, May 9, 1715.]  
*Gentlemen,—*

The knowledge I have of y<sup>e</sup> Extraordinary abilities and long Experience of his Excellency y<sup>e</sup> Gov<sup>r</sup> & y<sup>e</sup> Hon<sup>ble</sup> the Lt. Gov<sup>r</sup> who for many years have filled that place, makes me anxiously solicitous to use all Dilligence, that I may not be wanting in my Duty to y<sup>e</sup> Crown, & to promote the welfare and prosperity of this his Majestie's Province.

Wee have (Blessed be God for his Divine favour) full assurance of y<sup>e</sup> happiest Estate of y<sup>e</sup> British Monarchy, which hath been Miraculously Exterpated from Desolating Ruine devised by Conspiring Monsters, both at home and abroad\*; And we are now reaping the advantages of the King's Majestie's wise & just administrations, who hath Preserved us our Religion & Properties, & confounded all the machinations of Rebellious Impostures.

It remains that wee manifest our Duty & affection for his Majestie's Service & Government in this Small & Poor Province; that we care for the general good of his good subjects here, by establishing wholesome Laws to Suppress Vice & Encourage Virtue, and enforce y<sup>e</sup> due Execution of them; in our Respective Places to lead & prompt all persons whatsoever in doing their duty to their superiours, which tends much to the establishment of good Government; to which Purpose I shall readily, while I have the Honour to hold my station, adhere to your Council & advice, to give countenance to the virtuous and well disposed, but my Endeavours for the Punishment of all guilty offenders.

\* This has reference to the overthrow of the conspiracy and rebellion in England, to place the " Pretender " on the throne. See History of England, 1715.

I think it proper to put you in mind of y<sup>e</sup> miserable estate of y<sup>e</sup> Castle, that due care be taken for its Repairs, and y<sup>t</sup> it may be done as seasonably as the Spring will admit.

The Deficiency of y<sup>e</sup> Goal which is incapable of holding the King's prisoners, through its defects & improper situation.

It is necessary for you to see the money ordered to be burnt, by June last, be now committed to y<sup>e</sup> flames, and that you be satisfied about the money which was borrowed out of the Treasury.

I pray you to give proper Directions for an honourable Reception of Coll. Burges, our Gov<sup>r</sup>, when he shall come among us, and to nominate and Desire proper Persons to congratulate and pay y<sup>e</sup> Dutifull Respects of this Government when it shall please God to bring him into this Country.

The necessity of having An Assembly hath occasioned such a speedy convention: what is now needful may be considered & despatched, for probably the arrival of Gov<sup>r</sup> may occasion another session; and it is my hope and desire, that no former Disagreements or Differences whatsoever may put us out of y<sup>e</sup> way of our Duty to y<sup>e</sup> Crown & Govern<sup>t</sup>, but rather, that our past Contentions may make us more Desirous of our own and all our neighbours' Peace and Tranquillity.

To the Hon<sup>ble</sup> Geo. Vaughan, Esq., Lieut. Gov<sup>r</sup>, Councill & representatives, convened in General Assembly: The Humble Petition of his Maj<sup>ties</sup> good subjects, y<sup>e</sup> Inhabitants of that part of the town of Dover commonly called Oyster river, Most humbly sheweth:

Whereas by mutuall agreem<sup>t</sup> the Inhabitants of Oyster River have, for many years past, made choice of their own Minister & paid his sallary, according to y<sup>e</sup> conditions of s<sup>d</sup> agreem<sup>t</sup> as it appears in Dover toun book of records, refference thereto being had, & that y<sup>e</sup> selectmen of y<sup>e</sup> toun in generall, (two whereof have been annually chosen w<sup>thin</sup> y<sup>e</sup> district of Oyster river) have all along made rates for y<sup>e</sup> severall ministers & taken care that the same be paid to [P. 520.] y<sup>e</sup> s<sup>d</sup> ministers according to the sallaries they have been agreed w<sup>th</sup> for, untill of late, (viz.) y<sup>e</sup> last year's rate is either by y<sup>e</sup> neglect of y<sup>e</sup> Constable or y<sup>e</sup> selectmen, or both, so retarded, that y<sup>e</sup> minister wants subsistance; nor can we understand that y<sup>e</sup> selectmen have or are ab<sup>t</sup> to make any rate this year for y<sup>e</sup> minister; so that, either some few of us must maintain a minister or we must be w<sup>thout</sup> one & return to Dover again, w<sup>ch</sup> was thought a hardship more than forty years ago; & a liberty granted as above; & much more hard will it be now we are increased to double the number we then were; so that we most humbly pray yo<sup>r</sup> Hon<sup>rs</sup> will please to send for y<sup>e</sup> Constable & selectmen to answer for y<sup>e</sup> neglect as above, & that we may have pow<sup>r</sup> granted us, as yo<sup>r</sup> Hon<sup>rs</sup> were pleased at first to grant unto y<sup>e</sup> Parish of Newington, (viz.) to chuse three or five p<sup>sons</sup> annually, w<sup>ch</sup> being chosen by a majority of voices present at such election, may assess & tax y<sup>e</sup> Inhabitants of our s<sup>d</sup> Parish proportionably in a rate for y<sup>e</sup> discharging such a sallary as the Parish shall agree to settle upon any minister of the Gospell that we at p<sup>sent</sup> have, or hereafter may be fixed amongst us; Likewise, that we may have pow<sup>r</sup> to choose & settle a schoolmaster upon such terms as we shall agree, w<sup>thout</sup> any other regard to the town in generall than that y<sup>e</sup> Constable annually chosen at the general town meeting for collecting y<sup>e</sup> Prov: tax in our district, may also collect our Parish dues; And yo<sup>r</sup> Petitioners shall ever pray, as in Duty bound.

Gov<sup>r</sup> speech, as followeth:

*Gentm.*—When you were here at yo<sup>r</sup> last sessions, we saw nothing that would demand yo<sup>r</sup> attendance till March, the time appointed for yo<sup>r</sup> meeting; but sundry things intervening, it was y<sup>e</sup> advice of his Maj<sup>ties</sup> Council to call you together this day. What I have to offer you, I hope will not admit of a long debate, & yo<sup>r</sup> resolves may be speedy. I have sundry times recommended y<sup>e</sup> matter of y<sup>e</sup> prison's deficiency to yo<sup>r</sup> consideration; you are not insensible of two men's escaping thence; but upon application to his Hon<sup>r</sup> Col. Tailer, of y<sup>e</sup> neighboring Govern<sup>t</sup>, he issued out his Ord<sup>n</sup> for apprehending them, so that one of them is returned to prison, & y<sup>e</sup> other secured in Salem goal in order to be sent hither. By restoring y<sup>e</sup> first, y<sup>e</sup> Prov: hath saved at least 300 lbs., w<sup>ch</sup> the creditors were ab<sup>t</sup> to sue for, & would have infallibly recovered; & by both, we laid under great obligations to that Govern<sup>t</sup>. I am to inform you 'twas y<sup>e</sup> advice of y<sup>e</sup> Councill, y<sup>t</sup> a guard of two men should be placed over the prison, till y<sup>e</sup> Court of goal delivery [P. 4.] comes in its turn, w<sup>ch</sup> is next week, whereby an accruing charge lies on y<sup>e</sup> Govern<sup>t</sup>, & doubtless yo<sup>r</sup> care will prevent it for the future.

I would observe to you that where no discipline & rigor is to punish offenders, there can be no expectation of a civil decorum; and where no prison in a commonwealth, no restraint from illegal behaviour and trespasses, so that our govern<sup>t</sup> is but a name, and not the thing.

I am informed that y<sup>e</sup> Laws are fitted for the press.\* Mr. Treasurer Penhallow has been at Boston, and tells me he hath discoursed y<sup>e</sup> Printer, as he can inform you. I am of opinion no time should be lost; y<sup>e</sup> mony lies dead in y<sup>e</sup> treasury, so y<sup>e</sup> we have no advantage in delay.

Gent<sup>l</sup>,—I have another thing to inform you, but whether it concerns you as representatives of y<sup>e</sup> People I shall not determine; but as you are my neighbors I think it incumbent to let you know y<sup>t</sup> I have received a letter from y<sup>e</sup> adm<sup>l</sup> on the estate of Sir Charles Hobby, Deceased,† who, as they relate, did buy half the title of this Province; how farr it respects you, you may consider. They offer you the purchase; but I am of opinion Govern<sup>r</sup> hath

† *Sir Charles Hobby*

Was son of William Hobby, of Boston, one of the wardens of King's Chapel in 1698. Savage (Gen. Dic.) says, Charles was "fortunate in being knighted for his brave conduct at the earthquake, 1692, in Jamaica; or else the consideration (1) mentioned in Hutchinson, II, 153. He was a member of the Artillery Co., and its Captain, 1702 and '03, and Colonel, I believe, of the Boston regiment; but most known here, as not one of such life as *'should have recommended him to the clergy of N. E.'*" Yet he was sent over to London with letters from "some of the most pious ministers," to our agent, Sir William Ashurst, a true Puritan, strongly urging "that he might be appointed the governor instead of Dudley." Hutchinson does not say that his connexions, the two Mathers, were writers of those letters, of which there can be no doubt; but he adds, that "Ashurst himself, after his acquaintance with Hobby, reproves and censures them." Luckily for our country, Sir Charles did not prevail, came back, perhaps, and died in 1715, but not in Boston. His estate was insolvent. Of his inventory, 23d April, 1716, "deeds for half the Province of New Hampshire" is one of the latest items; but, as in derision, put down at nothing. Seven slaves are at the head, whose aggregate is £300. It appears also, that in 1711 Sir Charles was appointed deputy governor of Annapolis (Nova Scotia), and that he accompanied Col. Nicholson on his expedition to Canada. His purchase of one half of New Hampshire was made of Thomas Allen, Esq., in 1706.—ED.

(1) The consideration referred to was the payment of £300 sterling.—ED.

nothing to do w<sup>th</sup> purchase, but especially w<sup>th</sup>out his Maj<sup>ties</sup> royal license had & obtained. Of the two former I doubt not but you will take effectual care, & the sooner you do it you may return to y<sup>e</sup> management of yo<sup>r</sup> own private affairs. I know y<sup>e</sup> season of the year calls you to your respective businesses. [24.] The Clerk was sent down to the house of Representatives to desire their attendance at the Council board: They came accordingly. Y<sup>e</sup> Lt. Gov<sup>r</sup> proposed to them y<sup>e</sup> chusing a speaker & settling their house, in order to their proceeding upon y<sup>e</sup> King's service. Then y<sup>e</sup> Representatives withdrew & made choice of Rich<sup>d</sup> Gerrish, Esq. for y<sup>r</sup> speaker, who was well accepted. Then his Hon<sup>ty</sup> y<sup>e</sup> Lt. Gov<sup>r</sup> made y<sup>e</sup> following Speech to

\*The "Council" which heretofore has been named in the Record, is henceforth omitted. For what reason unknown. It appears, however, that a new Clerk was chosen, viz., Richd. Wibird.

y<sup>e</sup> Gen<sup>l</sup> Assembly, the house of Representatives being present at the Councill board:

*Gent.*: I have had thoughts of convening an Assembly some time since, & think there is great occasion for one; but the harvest of hay & English corn season caused me for a while to defer it, not being willing to injure any one, nor especially the publick good.

The occasion of dissolving the last Assembly was very distasteful to me: y<sup>e</sup> is a particular duty lyes on me as on you: on me, not to suffer y<sup>e</sup> revenues of y<sup>e</sup> crown to be lessened, & on you to support the honor and dignity thereof.

*Gentlemen of ye Lower house.*

The matter of Impost is what every Governm<sup>t</sup> in y<sup>e</sup> world doth but we. I have all y<sup>e</sup> inclinations imaginable to give full satisfaction to y<sup>e</sup> whole Governm<sup>t</sup>, & to this Assembly in p<sup>t</sup>icular in all things w<sup>h</sup>in my reach; but 'tis unhappy we cannot all reason alike. It would rejoyce me y<sup>t</sup> care might be taken to rend<sup>r</sup> y<sup>e</sup> Administration of Governm<sup>t</sup> easy, that Laws might be punctually observed, y<sup>t</sup> evils may be redressed, y<sup>t</sup> you will put trade & custom on y<sup>e</sup> foot which is just, and may lessen the publick taxes.

*Gent<sup>l</sup>*: I would have an Act past for y<sup>e</sup> Treasurer to state y<sup>e</sup> accounts of y<sup>e</sup> Province, that we may know w<sup>t</sup> money has been emitted, how much paid in, how much burnt, how much lent, how much out, what revenue has been to y<sup>e</sup> Prov: this ten years by those two branches of Excise & impost, where the mony is, & how employed, y<sup>t</sup> we may know our condition.

[P. 25.] I hope you will have regard to the state of y<sup>e</sup> Province in Gen<sup>l</sup>, y<sup>t</sup> y<sup>e</sup> hon<sup>r</sup> of the King's government may be kept up & may not be lessened by any sinister methods or faction.

I think it reasonable y<sup>t</sup> pedlars & petty chapmen be provided ag<sup>t</sup>, by an Act oblidging all & every strang<sup>r</sup> retailer of any commodity of ten pounds value, or that publickly shall sell to that value of things inanimate, give security to answer their assessm<sup>t</sup> within every town in this Province where the sales shall be made. I think it reasonable, y<sup>t</sup> those that stand by the stuff should have y<sup>e</sup> benefit of traffick to enable them to support y<sup>e</sup> honour of governm<sup>t</sup>; that an Act be made oblidging all town officers to do their duty on oath, p<sup>t</sup>icularly all assessm<sup>t</sup>, & that a town meeting be called at any time, at y<sup>e</sup> instance of ten freeholders; And that a Law be provided for y<sup>e</sup> maintenance of y<sup>e</sup> clergie & paym<sup>t</sup> out of y<sup>e</sup> publick treasury, that they may be honourably supported, & y<sup>t</sup> for y<sup>e</sup> future none be called but by advice of y<sup>e</sup> major part of those already settled, or such as shall be; & that each town w<sup>h</sup>in this Province that shall be destitute, shall be liable to a penalty provided in s<sup>d</sup> Act, believing many good consequences may attend so good an essay. I hold it necessary y<sup>t</sup> excise be settled by a law. I am of opinion y<sup>t</sup> y<sup>e</sup> Prov: has already lost two hundred pounds for want of an Impost. I would lett you know y<sup>t</sup> yo<sup>r</sup> powd<sup>r</sup> house has been broken open & three locks forced. I hope you will be gratefull to Mr. Will<sup>m</sup> Wallis, who has received & forwarded yo<sup>r</sup> addresses, &c; & y<sup>t</sup> they have been delivered to y<sup>e</sup> King and received very graciously is evident pr y<sup>e</sup> Lond<sup>n</sup> Gazette. These,

with other necessities I hope you'l do w<sup>th</sup> all imaginable dispatch,  
& y<sup>t</sup> no consideration may retard your good purposes.

*In Answer to his Honrs. Speech.*

We are sensible of y<sup>e</sup> duty incumbent on this house to provide for defraying y<sup>e</sup> publick charge of y<sup>e</sup> Prov: & to support y<sup>e</sup> hon<sup>r</sup> & dignity thereof, which we are of opinion is most reasonable to be done by an equal tax, on all p<sup>'</sup>sons & estates w<sup>th</sup>in the Same.

We find pr. y<sup>e</sup> Journal of this house there has been Standing Committees from time to time, who have examined all y<sup>e</sup> treasurer's accounts, w<sup>ch</sup> upon their return have been approved of & accordingly voted pr. y<sup>e</sup> Gen<sup>l</sup> Assembly; but all accounts Since such vote, we expect to inspect into, & desire y<sup>t</sup> y<sup>e</sup> treasurer lay them before this house seasonably; & that he forthw<sup>th</sup> make a calculation of what Sum of bills of credit of this Province have been omitted, what have been returned into y<sup>e</sup> treasury, what burnt, what repeated, & what lett out & to whom, & y<sup>e</sup> times limited when y<sup>e</sup> whole is to be called in.

[P. 28.] The Act already in being ab<sup>t</sup> swearing town officers, we are of opinion is sufficient, & as to calling town meetings, we think y<sup>e</sup> Law has made sufficient provision therefor; as also for pay<sup>mt</sup> of ministers salaries.\*

\* Samuel Shute, Governor of Massachusetts & New Hampshire, was the son of an eminent citizen of London. His mother was the daughter of Mr. Caryl, a dissenting minister of distinction. His early education was under the care of Charles Morton. From London he was sent to Leyden, and afterwards entered the army of King William, served under Marlborough and became a Lieutenant. He was wounded in one of the principal battles in Flanders. Arriving at Boston as Governor, Oct. 4, 1716, in the place of Dudley, he continued in office a little more than six years. He first came to New Hampshire, October 17th, 1716. [See *Council Rec.*, Vol. II, p. 685.] As the Records serve to show, his administration was embittered by animosities among the Councillors, by conflicts of opinion with Lt. Gov. Vaughan, and by opposition from the Representatives. He returned to England, in January 1723, and died April 15, 1742, aged 80 years. [Allen's *Biog. Dic.*].—ED.

*Gentn:* It is to me a great pleasure & Satisfaction y<sup>t</sup> his Maj<sup>ty</sup> has been pleased to make me Gov<sup>r</sup> over a Province where y<sup>e</sup> people have always signalised themselves in their duty and Loyalty to their Prince. Give me leave to assure you, y<sup>t</sup> one now fills y<sup>e</sup> throne of Great Britain, in whose royall p<sup>er</sup>son all virtues are mett, w<sup>ch</sup> in their proper turns shines forth in strong light; a Prince whom God has graciously caused to trample upon y<sup>e</sup> necks of his unnatural enemies, who conspired against him and his royal family, even without y<sup>e</sup> least semblance of reason; so that by y<sup>e</sup> preservation of y<sup>e</sup> illustrious house of Hanover, the dark & gloomy shades of Popery and Slavery w<sup>ch</sup> were surrounding us from every side are dispersed, & we have now bright and happy views before us of y<sup>e</sup> long enjoym<sup>t</sup> of y<sup>e</sup> most valuable blessings of life, our Religion & Liberty.

Since therefore, under his Maj<sup>ties</sup> most auspicious reign we enjoy such protection & happiness, I question not but we are mett this day w<sup>th</sup> minds fully disposed to do everything that may be for his Maj<sup>ties</sup> service & y<sup>e</sup> good of this Province.

I shall therefore principally recommend to you, that in your severall stations you will endeavour to extirpate vice w<sup>ch</sup> tends so much to y<sup>e</sup> dishonour of God and our Holy Religion; that virtue may meet w<sup>th</sup> its just rewards, & that if there be any divisions among you they may be amicably adjusted.

I also recommend to you that all the Laws already made be duely putt in execution, [p. 36.] and if you can think of making any new ones that may promote your trade and credit, and thereby render this a happy and flourishing Province, you shall be always sure of my hearty concurrence.

*Gen<sup>l</sup>:* There is one thing the king has strictly commanded me to observe to you, w<sup>ch</sup> is, that tho<sup>h</sup> there has been two acts Parliament made in England, & a very good Law here for y<sup>e</sup> preservation of the Pine trees that are or may be serviceable for his Maj<sup>ties</sup> Royal Navy, yet still great wasts are committed in the woods of this Prov: of New Hampshire.

This day the house of Representatives made an answer to his Excellency the Gov<sup>r</sup> speech, which was read at y<sup>e</sup> Councill board, as followeth:

*May it please your Excellency:*

We heartily congratulate yo<sup>r</sup> Excellency upon yo<sup>r</sup> safe arrival into this Prov: over which his Majesty has been graciously pleased to constitute and appoint yonerself Gov<sup>r</sup>; and we must always, with all humble gratitude, acknowledge his Majesty's favor in giving [p. 45.] us a Gov<sup>r</sup> of so good character; nor can we omit to adore the Almighty God, who, by his over-ruling Providence, even to a miracle, has seated on y<sup>e</sup> British throne a King every way accomplished w<sup>th</sup> all royal virtues & graces, notwithstanding the utmost efforts of his enemies abroad, & his most unnatural & rebellious subjects at home, to p<sup>r</sup>vent the same; which gives us a fair view of good and peaceable days for a great while to come.

We thankfully take notice of your Excellency's good advice for y<sup>e</sup> extirpation of vice and encouragement of virtue, & shall endeavour, in our several stations, to promote the same, w<sup>ch</sup> will be best effected by y<sup>e</sup> Magistracy's putting the penal laws in execu-

tion. As to divisions among us, we must confess there has been too much of that, but we are hopeful by yo<sup>r</sup> Excellency's good advice that may be brought to an end, whereby yo<sup>r</sup> Excellency will acquire to yourself that blessing due to peacemakers.

As to y<sup>e</sup> complaints made to yo<sup>r</sup> Excellency of a great waste made in y<sup>e</sup> woods of Pine trees fitt for his Majesty's Navy, we say that as soon as Lt. Gov<sup>r</sup> Vaughan arrived, & finding no officer for surveying the woods, he immediately, by and with the advice of y<sup>e</sup> Councill, appointed p<sup>r</sup>sons in the several parts of y<sup>e</sup> Prov: to take care that no waste was made, & the same care is still taken, so y<sup>t</sup> we believe that complaint is altogether groundless, and that his Majesty's interest in that matter is better preserved than ever it was by any officer sent from England at a great charge to y<sup>e</sup> crown.

As to w<sup>t</sup> relates to the support & defence of the Governm<sup>t</sup>, we shall in due season take that into consideration, & no less w<sup>t</sup> relates to yo<sup>r</sup> Excellency: being sensible of the burthen of Govern<sup>t</sup> that lyes on your shouldiers, w<sup>ch</sup> we shall endeavour to alleviate to y<sup>e</sup> utmost of our abilities.

We are also thoughtfull of o<sup>r</sup> L<sup>t</sup> Gov<sup>r</sup>, whose administration has been to general satisfaction, before yo<sup>r</sup> arrival & since, when yo<sup>r</sup> Excellency has been out of the Province; but our circumstances at p<sup>r</sup>sent not coming up to our desire, we pray he may have some other office of profit than he hath at p<sup>r</sup>sent for his hon<sup>ble</sup> support, untill we can be enabled to do farther for him; & w<sup>t</sup> more shall be thought necessary at this sessions, we shall enter upon w<sup>th</sup>out admitting longer delays.

We have one thing more to give your Excellency to understand as a grievance throughout y<sup>e</sup> Province, in y<sup>t</sup> some of the Gent<sup>a</sup> of the Councill, approved for their loyalty and abilities, by y<sup>e</sup> misrepresentations of some p<sup>r</sup>sons not well affected to the Govern<sup>t</sup>; w<sup>ch</sup> we are humbly of opinion is [p. 46] an abuse to the Crown, a weakening to yo<sup>r</sup> Excellency and a damage to the Province.

It only remains that we pray God Almighty for a blessing upon your Excellency's administrations, that they may have always a tendency to God's glory, y<sup>e</sup> King's honor, and the peace and prosperity of the Province, that the Inhabitants thereof may live quiet and peaceable lives in all godliness and honesty.

"The Assembly remonstrated against the removal of the old counsellors, and the confining of the new appointments, both in the Council and the Judicial Courts, to residents in one town, as being contrary to former usage, and giving an advantage to the trading, above the landed interest."—ED.

The Clerk was sent down to the House of representatives w<sup>th</sup> a Petition p<sup>r</sup>ferred to this board by Mr. Denison, in behalf of Mr. Daniel Rogers; also w<sup>th</sup> a vote of Council there about.

[P. 51.] The Council Answer to the Gov<sup>r</sup>s Speech was this day read at y<sup>e</sup> Council board, as followeth:

*May it please your Excellency:—*

It is w<sup>th</sup> inexpressible joy, y<sup>t</sup> after the serene conduct and administration of Col. Dudley, our late Gov<sup>r</sup>, we can see yo<sup>r</sup> Excellency now sitting at y<sup>e</sup> helm of affairs in this Province.

And we cannot but adore y<sup>e</sup> divine Sovereignty in directing his most gracious Majesty to establish one over us who is every way so agreeable & so well accomplished to rule and govern.

Your Excellency's noble conduct while in y<sup>e</sup> field of Battle, your bravery and courage in defence of British liberties, & y<sup>e</sup> Protestant interests, w<sup>th</sup> y<sup>e</sup> many other illustrious virtues transparent in you, do seem to us as so many guarantees under God of our future tranquillity.

And when we consider y<sup>e</sup> peculiar steps of Divine Providence in bringing his most sacred Majesty to y<sup>e</sup> imperial throne of Great Britain, & since that, by enabling him victoriously to trample on the necks of his unnatural enemies, we doubt not but y<sup>e</sup> Same Providence will so establish him & his most noble progeny, as that the Royal scepter may never depart y<sup>e</sup> most illustrious house of Hanover.

In a peculiar manner we acknowledge your Excellency's great care & zeal in recommending to us y<sup>e</sup> extirpation of vice & promoting of virtue, w<sup>ch</sup> by divine assistance we shall endeavour to effect, & as much as in us lies, accommodate y<sup>e</sup> Small divisions that have of late happened, y<sup>t</sup> so unity may be increased, y<sup>e</sup> name of God honoured, & our most Holy Religion advanced.

And as to that important article of preserving pine trees for y<sup>e</sup> supply of his Maj<sup>ties</sup> Royal Navy, we shall henceforward esteem it our Duty more narrowly to observe & by all means prevent such destruction thereof as has been of late.

As to y<sup>e</sup> support of yo<sup>r</sup> Excellency while in the Govern<sup>mt</sup>, we no ways doubt but y<sup>e</sup> House of representatives will take effectual care thereof, being assured y<sup>t</sup> in every respect you'l study to advance our religious & civill Interests.

Signed in presence & pr. ord<sup>r</sup> of ye Council.

[P. 52.] Capt. Walker brought up Mr. Rogers' petition p<sup>r</sup>ferred to this board, pr. Mr. Denison, together w<sup>th</sup> y<sup>e</sup> vote of Council thereabout, not concurred w<sup>th</sup>.

Capt. Walker brought up a vote to y<sup>e</sup> board from y<sup>e</sup> House of representatives for a Committee to lett out y<sup>e</sup> ten thousand pounds voted to be printed, &c.

Five members of the House of Representatives were sent to this board, to bring an address from y<sup>t</sup> to the Gov<sup>r</sup> w<sup>ch</sup> was read as follows :

*To his Excellency, Saml. Shute, Esq., Govr.-in-Chief of his Majties Prov: of New Hampshire, &c.*

We, the Representatives of his Maj<sup>ties</sup> Prov: of N. Hamp<sup>r</sup>, ask leave humbly to inform your Excellency of y<sup>e</sup> State and condition of this his Maj<sup>ties</sup> Prov: the late warrs were very prejudiciall and almost insupportable; many hundreds have fell by the sword; great desolations made; the people ready to forsake out towus, driven from their habitations & scarce capeable as yet to resettle themselves, so that they were cloathed with Poverty; & y<sup>e</sup> Prov: greatly plunged in debt & cannot come out, and the taxes are extraordinary for many years to come. However, we are chearfully willing to wade through these difficulties & do our utmost for y<sup>e</sup> support of y<sup>e</sup> Govern<sup>mt</sup> & Hon<sup>r</sup> of the Crown by a Support to your Excellency according to our pow<sup>r</sup>.

We ask leave to remonstrate some things w<sup>ch</sup> deeply affect us:

1<sup>st</sup>. We say that when his Maj<sup>ties</sup> first sent a Commission over to sever us from y<sup>e</sup> Mass<sup>t</sup>, y<sup>e</sup> Councillors nominated & appointed, resided proportionally in each town of the Prov: and have more or less continued so till now, when some of our experienced, just and good men are laid aside, and y<sup>e</sup> whole number residing w<sup>th</sup> in two miles or thereab<sup>t</sup> one of another, w<sup>ch</sup> we believe his Majesty was not informed of; w<sup>ch</sup> hath been the occasion of great differences and animosities, & w<sup>ch</sup> may further produce inconvenience, if not timely p<sup>r</sup>vented, y<sup>e</sup> Council consisting principally of merch<sup>ts</sup> & traders, whereby the revenue due to y<sup>e</sup> Crown by an impost is wholly obstructed.

2<sup>nd</sup>. And tho' we have endeavoured an impost several times, it has been opposed by those now in y<sup>e</sup> Council, so y<sup>t</sup> y<sup>e</sup> burthen lyes wholly on y<sup>e</sup> farmer and labourer, who till of late have lived

in y<sup>e</sup> haszard of their lives, & many brought to desolation & poverty; whereas y<sup>e</sup> settlement on our late Gov<sup>r</sup> was on a fund of Excise & Impost, w<sup>ch</sup> impost is now wholly denyed & the [p. 53.] trading part no ways assisting in lightening y<sup>e</sup> land tax.

3<sup>rd</sup>. Our Courts are all kept at Portsmouth,— whereas formerly they were held at y<sup>e</sup> other towns; likewise our Judges are mostly of s<sup>d</sup> Portsm<sup>o</sup>, whereat we cannot but be grieved, and humbly pray yo<sup>r</sup> Excellency's favour to consider these things & so represent w<sup>t</sup> is p<sup>r</sup>per to his most excellent Majesty, that we may again rejoice in y<sup>e</sup> royal favour we formerly enjoyed; that Councillors and Courts may be in each town as formerly and that we may not always be outdone by Gent<sup>rs</sup> in trade, to the great discontent & uneasiness of the farmers & labourers; & that what other things are proper to your Excellency, may be so ordered that we may participate w<sup>th</sup> our neighbors in all priviledges, & we shall ever be ready to do our utmost to strengthen your Excellency's hands & make y<sup>e</sup> govern<sup>t</sup> agreeable to your desires & to the prosperity of y<sup>e</sup> Inhabitants' interests therein, &c.

Voted & past by y<sup>e</sup> House of Representatives & ordered to be delivered to his Excellency, Gov<sup>r</sup> Shute, &c., by five members of this house. Jan. 25<sup>th</sup>, 1716-7. Joseph Smith, Clerk.

Adj. to Monday, 9 o'clock, A. M.

[From Journal of the House.]

Voted, That this house pray his Excellency the Govern<sup>r</sup>, Col. Shute, do lay the Remonstrance of the greivances of the Representative body of the good people of this Province, offered to your Excellency this present session, may be laid before the King, in hopes of redress, as soon as convenience will permit your doing it. Mr. Dam brought up a vote to this board from y<sup>e</sup> house of Representatives, desiring his Excellency the Gov<sup>r</sup> to lay y<sup>e</sup> grievances of that house before the king; w<sup>ch</sup> was non-concurred with in Councill.

Capt. Odiorne brought up y<sup>e</sup> votes of Representatives ab<sup>t</sup> y<sup>e</sup> Committee for letting out y<sup>e</sup> money sent down by Sam<sup>l</sup> Penhallow & Jno. Wentworth, Esq., for amendm<sup>t</sup>, with an under-written resolve that it should not be altered: Whereupon it was voted a non-concurrence w<sup>th</sup> s<sup>d</sup> vote in Councill, & the same sent back to the house of Representatives by the clerk.

Jno. Wentworth & Geo. Jeffrey, Esq., were sent down to the house of Representatives w<sup>th</sup> the Clerk to read to them y<sup>e</sup> Gov<sup>r</sup>'s answer & y<sup>e</sup> Councill's answer to their address to the Governour: w<sup>ch</sup> was as follows:

*Gent<sup>ls</sup>*: I received yo<sup>r</sup> Address of y<sup>e</sup> 25<sup>th</sup> inst., & assure you that I am always willing to give due attention to all just complaints made by the lower house to redress the grievances of the Province. I am but lately arrived amongst you & therefore incapable of making a proper answer myself; do therefore refer it to the Councill, who are more knowing and acquainted w<sup>th</sup> the affairs of the Province, whose answer is as follows: (viz.)

SAM. SHUTE.

*May it please your Excellency:*

In y<sup>e</sup> Representatives' Address are sundry suggestions and insinuations w<sup>ch</sup> are highly reflecting on his most Excellent Majesty in y<sup>e</sup> nomination of this Councill, and on your Excellency in appointing y<sup>e</sup> Judges in this Province, w<sup>ch</sup> is altogether unparliamentary, tending to destroy all good understanding between y<sup>e</sup> two houses, & to obstruct all things proper and necessary to be done for his Majesties' service and good of this his Province; wherefore in honour and duty to y<sup>e</sup> king & your Excellency, & for y<sup>e</sup> good of this govern<sup>t</sup>, we can't but resent, & in obedience to your Excellency humbly crave leave to make this reply to the s<sup>d</sup> Address.

It is true y<sup>e</sup> late warrs were very destructive to many of his Majesties good subjects of this Province, & in a great measure obstructed its increase & settlement; notwithstanding the great charge thereof & many hundreds that have fallen by the sword,

yet it hath pleased Almighty God to be so propitious to us that our numbers are much increased, our trade abundantly greater, & state & condition of y<sup>e</sup> people in general much more advanced in wealth, & thereby better enabled to pay y<sup>r</sup> future taxes.

[P. 55.] Tho' it was his Majesties pleasure to appoint y<sup>e</sup> first Councill out of each town in y<sup>e</sup> Prov: it was w<sup>th</sup>out doubt because y<sup>e</sup> was then in those towns men of greatest abilities & best qualifications; but ever since the town of Portsm<sup>o</sup> has been most flourishing, y<sup>e</sup> seat of almost all y<sup>e</sup> Gent<sup>a</sup> of the Province, the metropolis of the Governm<sup>t</sup>,— it has been his Majesties pleasure to have his Councill chiefly of them, *inasmuch as they were Gent<sup>a</sup> of the best quality & greatest ability to serve y<sup>e</sup> Governm<sup>t</sup> in that station.\** And we find in his Majesties instructions to his Excellency it is directed that all Councillors shall be inhabitants of the Prov: w<sup>th</sup>out respect or limitation to any particular town; and it must be acknowledged to be the prerogative of the Crown to nominate and appoint his Councill, and owned most convenient and conducive to the publick good to have y<sup>e</sup> majority near y<sup>e</sup> seat of Governm<sup>t</sup> especially in cases of emergencies; besides, one of y<sup>e</sup> late appointed Councill was of Hampton; and why he did not serve is not owing to y<sup>e</sup> Governm<sup>t</sup>, but his own refusal: and whereas it is asserted a greivance y<sup>t</sup> some of the experienced, just and good men are laid aside, & these lately appointed by the King has been y<sup>e</sup> occasion of Great differences & animosities, w<sup>ch</sup> they threaten may produce farther inconveniencys, if not timely prevented, is very strange & untrue, for we know there hath been no such divisions occasioned y<sup>by</sup>, and the Gent<sup>a</sup> dismiss are two of them very aged, a third not living in the governm<sup>t</sup>, & y<sup>e</sup> other two for reasons given, not thought proper p<sup>'</sup>sons; tho' one of them of superior abilities on all other accounts; & since it has been the King's pleasure to make this alteration, it is flying in his face to call it a grievance, & thus threatening with divisions, animosities and worse inconveniences. We are of opinion nothing less than strange resolutions may justly be expected, especially when we have so lately seen y<sup>e</sup> chair so much affronted.

Whereas they are pleased to reflect so invectively on those members of the Councill lately appointed, who for many years served y<sup>e</sup> public in the Assembly to very good acceptance, & did constantly study & endeavour y<sup>e</sup> benefit & ease of y<sup>e</sup> people, and proposed & prosecuted all means & methods that tended to y<sup>e</sup> advancement of ye Prov: & never opposed an act of Impost but when they could not obtain an act of Export, w<sup>ch</sup> is y<sup>e</sup> practice of Great Britain, y<sup>e</sup> Gov<sup>r</sup> assuring us y<sup>t</sup> he himself payed twenty six pounds sterling for y<sup>e</sup> export of his own goods, they being y<sup>e</sup> manufactures of England, & now were willing to come into an Impost, if y<sup>e</sup> representatives would have concurred w<sup>th</sup> y<sup>e</sup> vote of y<sup>e</sup> Councill for an Export; and tho' they are represented now not qualified, as being some of them merch<sup>ts</sup> & traders, yet they did, while memb<sup>rs</sup> of the lower House, pay full proportions to all publick taxes, double y<sup>e</sup> sum paid by any of y<sup>e</sup> p<sup>'</sup>sent representatives, *having as good and better Estates in lands and land securities*

\* Italics by the Editor.

*than any now in s<sup>d</sup> house, & not so inferiour to y<sup>e</sup> Gent<sup>n</sup> they p<sup>t</sup>end are laid aside; & accordingly assisted in defraying all publick charges, as well as the settle<sup>m</sup>t on y<sup>e</sup> late Gov<sup>r</sup>, w<sup>ch</sup> was constantly paid out of y<sup>e</sup> treasury, as all other charges of y<sup>e</sup> Govern<sup>m</sup>t.*

[P. 56.] As for y<sup>e</sup> grievance in respect of y<sup>e</sup> Courts, the first Act concerning them in y<sup>e</sup> Province settled them all at Portsm<sup>o</sup>, being most convenient & accommodable for y<sup>e</sup> whole Province in all respects.

And as for y<sup>e</sup> reflection on your Excellency for appointing the present Judges, there has been none laid aside; & y<sup>e</sup> vacancy only filled up by p<sup>sons</sup> of Portsmouth, in lieu of others that were of s<sup>d</sup> town, which was never accounted a grievance untill now; and notwithstanding all these suggestions, insinuations and groundless grievances, we doubt not but yo<sup>r</sup> Excellency will so represent the affairs of this Province, as that we may continue to rejoice in the royal favour, under your Excellency's mild & just administrations.

In Council.

Read & voted to be sent down & read in y<sup>e</sup> house of Representatives, Jan. 28, 1716-7.

R. Waldron, Cler. Coun.

His Excellency the Governour asked the board whether or no the sending a messenger from y<sup>e</sup> house of representatives to the Council board to ask upon w<sup>t</sup> head it was that they were to confer, when he sent for them to come to a conference, was not an affront to y<sup>e</sup> chair? Y<sup>e</sup> Council answer it was. Then y<sup>e</sup> Gov<sup>r</sup> proposed the dissolving of y<sup>e</sup> Assembly, w<sup>ch</sup> the Council advised to do, &c.

Geo. Jeffrey & Rich. Wibird, Esq., were sent down to the House of representatives to require their attendance at y<sup>e</sup> Council board. They came accordingly; where his Excellency the Governour was pleased to pronounce them dissolved, and accordingly in his Majesties name they were dissolved.

*Gent.*, — I have been informed that this Province has been very remarkable for its unanimity & concord, & I hope it will never do any thing to forfeit y<sup>e</sup> beautiful character: [p. 58.] you, Gent<sup>a</sup>, are its representatives, whose good example will highly influence y<sup>e</sup> whole community. To his Excellency Saml. Shute, Governor & Commander-in-chief in and over his Majestie's Province of New Hampshire, and to ye Hon<sup>ble</sup> the Councill and representatives convened in Genl. Assembly:

The humble Petition of severall of the Inhabitants of ye town of Portsmouth in behalf of themselves & others; most humbly sheweth:

That, whereas upon ye removal of the Revd. Mr. Rogers unto ye new Meeting-house, we, being disposed for one year and no longer to support a minister at the old, untill matters of ye town were amicably accommodate, did inadvertently sign unto a certain instrument without reading or considering ye contents thereof; and being since informed that ye import of ye sd. instrument was without any limitation of time whereby we and our successors are greatly insarred to our unspeakable hurt and prejudice:

Doe humbly pray that ye said instrument may be produced, whereby the false insinuations of those that insarred us may be detected, and that we may be released therefrom: and yor Petitioners shall ever pray.

NOTE BY THE EDITOR.

Between the time of the Prorogation and the next meeting of the General Assembly, an important treaty was concluded with the Eastern Indians, of which the following is the official account as published soon after.

The printed copy is here followed.—ED.

*Treaty of 1717, at Georgetown.*

George Town,\*

On *Arrowsick Island*, Aug. 9th. 1717.

*Annoque Regni Regis GEORGII Magnæ Britanniaë, &c.*

Quarto.

A conference of his Excellency the GOVERNOUR with the Sachems and chief Men of the Eastern Indians.

His Excellency being Arrived here in His Majesty's Ship the Squirrel, the Indians sent a message to him from *Puddleston's Island*, (where they were assembled) Desiring to know when it would be his Excellency's pleasure that they should attend him. His Excellency told them at Three a Clock this Afternoon, when he would order the Union Flag to be displayed at the Tent Erected near Mr. *Watts* his house, And ordered a British Flag to be delivered to the Indians for them to wear when they came, in token of their Subjection to his Majesty King George. At the Time appointed, the Flag being set up, the Indians forthwith came over, with the British Flag in their headmost Canoo.

His Excellency being seated under a large Tent (Erected for the occasion.) Attended by *Samuel Sewall* Esq; *Penn Townsend* Esq; *Andrew Belcher* Esq; and *Edmund Quincey* Esq; of the council of the province of the *Massachusetts-Bay*. And *Samuel Penhallow* Esq; *Mark Hunking* Esq; *John Wentworth* Esq; *Shadrach Walton* Esq; and *Richard Waldron* Esq; of the Province of *New Hampshire*, and several other English Gentlemen. Eight Indian Sagamores and Chief Captains, Namely *Mozus*, *Bommazeen*, *Wanudagumboit*, *Wiwurna*, and *Queguaroomanit* of *Kennebeck*. *Querenebuit* of *Ponobscut*. *Adeawando*, of *Pegwacket*, and *Subbadis* of *Ammarecoggin*, Approached and made their reverence to his Excellency, who was pleased to give them his Hand. And then directed that Capt. *John Gyles*, and Mr. *Samuel Jordan*, Interpreters of the Indian language, should be Sworn to be faithful in that Service, and Judge *Sewall* administered to them an Oath accordingly. And his Excellency was pleased to make a Speech to the Sagamores, &c. which was deliberately Recited and Interpreted to them. And is as follows. viz.

\* GEORGETOWN is in Lincoln Co., Maine, 50 m. S. of Augusta. It consists of two considerable Islands at the mouth of Kennebec river, which runs on the West, and Sheepscot river on the East, with the Atlantic on the South. It was incorporated in 1716. It has excellent harbors, and is considerably engaged in navigation and the fisheries. An unsuccessful attempt was made to form a settlement in this place by Plymouth adventurers, in 1607, but it was abandoned the next year. In 1850, there was a population of 1,121.

*Interpreter.* Tell the Sachems, 'That notwithstanding the great Fatigue and Danger of this Expedition, yet to comply with my own Word, and their Desire, I am now come to see them, and am very glad to find so many of them in Health.

Tell them, 'That I find by the Records of His Majesty's Government of *New-England*, which I have now the Honour to be Intrusted with, that there have been many Treaties between the English Government, and them, as there was occasion: And that the last Interview was at *Pascataqua* about four Years ago, and then my very worthy Predecessor, Governour DUDLEY accepted their Submission, and Ratified all former Treaties and Agreements with them; and that he gave them all possible Assurances of Justice, Friendship, Protection and fair Commerce and Dealing upon their Fidelity, Peace and Obedience to the Crown of *Great Britain*; and that I shall Build on that Foundation.

Tell them, 'That since that good Treaty was made, the Crown of *Great Britain* is happily Descended to His Most Excellent Majesty KING GEORGE, and forever Established in His Royal Protestant Family, which GOD be praised, are many. That it is in the Name and by the Command of KING GEORGE, that I am now Speaking to them, and that they may, and should Esteem it as an Instance of the King's great Favour, that I have so soon visited them.

Tell them 'That there is a very good agreement between KING GEORGE, and his Neighbours, more especially the *French Nation*, who have a Just and Great Esteem for His Majesty, And are very desirous of His Friendship, and Peace with Him: And that His Majesty's Subjects at home and abroad account themselves, very happy in His Majesty's Government, for that, It is Wise, Just and Kind; His Majesty consulting the common Welfare of His People, as to their *Religion, Civil Liberties, Trade*, and every other thing.

Tell them, 'That this Great, Good and Wise Prince KING GEORGE, is their KING, as well as Ours, and that therefore we look upon them, and shall always Treat them as fellow Subjects; and that they must likewise remember at all times, that they are KING GEORGE's Subjects, under His Allegiance and Protection, and they must by no means hearken to any contrary Insinuations, that will always find themselves safest under the Government of *Great Britain*.

Tell them, 'KING GEORGE, and the *British Nation*, are Christians of the Reformed Protestant Religion; That the great and only Rule of their Faith and Worship, and Life, is contained in the BIBLE, [the Governour holding one in his hand] here in this Book which is the Word of GOD [*Sachems*] is contained our Holy Religion; and we would gladly, have you of the same Religion with us, and therefore we have agreed, to be at the Charge of a Protestant Missionary among you, to instruct you, and this is the Gentleman [shewing Mr. *Baxter* to them] And I hope also in a little Time, to appoint a Schoolmaster among you to teach your Children, and that I hope and expect that they Treat this Protestant Missionary with all affection and

'respect, not only for the sake of the King's Government, but of his own Character, He being a Minister of *Jesus Christ* our only Lord and Saviour, who will Judge them and us at the last day.

Tell them, 'That the English Settlements that have lately been made in these Eastern Parts, have been promoted partly on their accounts, and that they will find the benefit of them in having Trade brought so near them, besides the advantage of the Neighbourhood and Conversation of the English, to whom I have given strict Orders, that they be very just and kind to the Indians, upon all accounts, and therefore if at any time, they meet with any Oppression, Fraud, or unfair Dealing, from the English in any of their affairs; let them make their Complaint to any of my Officers here, and then I shall soon hear of it, and take speedy and effectual care to do them right. Or if upon any great occasion, they chuse to send any of their Body to me directly, they shall be very welcome. I shall always be ready to protect and assist them, For I would have them look upon the English Government in *New-England* as their great and safe shelter.

Tell them, 'That if they have any thing fit, or reasonable to ask of me, at this time, they shall be very welcome to lay it before me, and I shall give it all due consideration, and that I expect an Answer from them to what I have said.

Tell them, *Interpreter*, 'That in token of my great sincerity and affection to them, and as an earnest of my future Justice and Kindness to them, I here give my Hand to their Sachems, and Chief Captains.'

Then his Excellency taking an English and Indian Bible in his Hand, bid the Interpreters tell them that he gave them those Bibles, and left them with Mr. *Baxter*, their Minister, for their Instruction, whenever they desire to be taught. The Minister will reside here, or hereabouts, and so will the Schoolmaster to instruct their Children, when they have a mind to send them.

Then his Excellency Drank King GEORGE'S Health to the chief Sagamore *Moxus*, which he, and all the rest pledged.

*Wiwurna* stood up, and said he was appointed to speak in the Name of the rest.

*Governour*. Go on.

*Wiwurna*. We are very glad of this opportunity, to see your Excellency, when the Sun shines so bright upon us; and we hope the Angels in Heaven rejoyce with us; We have been in expectation of this favour ever since we received your Excellency's Letter in the Winter.

We are not now prepared to answer what your Excellency has said to us; But shall wait on your Excellency again to Morrow.

*Governour*. It is well: at what time?

*Wiwurna*. We desire his Excellency to appoint the time.

*Gov*. Let them come about Nine o'clock, when they will see the Flag set up. I will give them an Ox for dinner, and let them send some to Kill, and Dress it.

*Wi*. We are very thankful to your Excellency, for some of us have had little to eat for these two Days.

Then the Indians took leave and withdrew.

Aug. 10th, 1717.

THE eight Sachems, and chief Captains that Attended Yesterday appeared again with some other Principal Indians accompanying them.

Wi. It is a great favour of GOD we have this Opportunity to wait on your Excellency, and we have our Answers ready.

Gov. Let them Speak.

Wi. We have done with the Treaty at *Pascataqua*, and now proceed to a new one.

Gov. They Ratify and Confirm former Treaties.

Wi. Yes, we do.

His Excellency Ordered the principal Articles of their Submission at *Pascataqua*, to be Read and Interpreted to them: And then Ask'd them, whether they did remember & acknowledge them?

And the Indians Answered, They did.

Wi. We have considered what his Excellency said Yesterday, and the first thing was for Love and Unity; and we admire it exceedingly. And believe it pleases GOD. And hope your Excellency will endeavor it shall be so.

Gov. I assure them of it, If they carry themselves suitably, with Duty and Allegiance to KING GEORGE.

Wi. We hope all hard thoughts will now be laid aside, between the English and Us, and that the Amity will be hearty.

Gov. Very well.

Wi. We are pleased that his Excellency is Commander of *New-England*; and that altho' He is lately Arriv'd from *England*, He is acquainted with the Affairs of *New-England*, and hope all things will be well.

Gov. Tell them if they behave themselves well, I shall use them kindly.

Wi. We had the same Discourse from other Governours, as from your Excellency: and we have said the same, to them. Other Governours have said to us that we are under no other Government but our own.

Gov. How is that?

Wi. We pray leave to speak out. Your Excellency was pleased to say that we must be Obedient to KING GEORGE, which we shall if we like the Offers made us.

Gov. They must be Obedient to KING GEORGE, and all just Offers and Usage shall be given them.

Wi. We will be very obedient to the KING, if we are not Molested in the Improvement of our Lands.

Gov. They shall not be Interrupted in the Improvement of their lands; and the English must not be Molested by them in theirs.

Wi. We are pleased with the liberty your Excellency gives us, of making Mention of any wrong we have suffered.

Gov. They must Desist from any Pretensions to Lands which the English own.

Wi. We Pray leave to go on in order with our Answer.

Gov. Let them go on.

*Wi.* If any wrong happens to us we will not avenge our selves, but apply to your Excellency for Redress. If any Foreign Indians come upon us, We shall Acquaint your Excellency, but hope by our Young Men to defend our selves.

*Gov.* If they want help our Young Men shall assist them also.

*Wi.* If any quarrel happens & blood should be shed, We will not avenge our selves, but apply to your Excellency. We Return Thanks to your Excellency for your favour in offering us Succors, & if there should be any Disturbance we shall not Complain without real proof, nor for any frivolous matter.

*Wi.* This Place was formerly Settled and is now Settling at our request: And we now return Thanks that the English are come to Settle here, and will Imbrace them in our Bosoms that come to Settle on our Lands.

*Gov.* They must not call it their Land, for the English have bought it of them and their Ancestors.

*Wi.* We Pray leave to proceed in our Answer, and talk that matter afterward. We desire there may be no further Settlements made. We shan't be able to hold them all in our Bosoms, and to take care to shelter them, if it be likely to be bad weather, and Mischief be Threatened.

As to the Ministers Instructing us:

All People have a love for their Ministers, and it would be strange if we should not love them, that come from GOD. And as to the Bibles your Excellency mentioned, We desire to be excused on that Point. GOD has given us teaching already, and if we should go from that we should displease GOD. We are not capable to make any judgment about Religion.

Your Excellency was not sensible how sick we were Yesterday to see the Man of War ashore, We were so faint we could not Speak out with strength, and we are now very glad the ship is well.

We are very glad to wait on your Excellency, and to tell you, That we sent our Young Men early this Morning, to see if the Ship was well, and were very glad to hear she was.

*Gov.* Tell them, I accept their respects for His Majesty's Ship, and if the Ship can help them at any time, It shall be ready to do it.

*Wi.* We shall be very glad when we have concluded, that your Excellency may have good winds, and weather, and get safe down this River and home.

*Gov.* Tell them they must be sensible and satisfied that the *English* own this Land, and have Deeds that shew, and set forth their Purchase from their Ancestors. And we will not be molested in our Improvement of them. And they shall not be molested in the Improvement of the Lands that belong to them.

Tell them also, That Complaints are made to me that some of them have violently taken things from some of the English, as the Meat out of their Pots, and other things which is contrary to the Law of GOD and Man, and that they had forbid the English Planting on their own Lands, and that the Night before last they killed some Young Cattel belonging to the English, (which indeed they had first informed of, and desired forgiveness) all which is contrary to their Articles.

*Wi.* We desire time to consult.

*Gov.* They may have it, but tell them I expect to see them again at Three a Clock, with a positive Answer about the Lands. And that they should always Muzzle their Dogs, when they come upon the English lands where their Cattle are.

*Wi.* We are very thankful that your Excellency gives us leave to consider, and shall attend your Excellency at the time appointed with our Answers, for it is not a jesting matter we are now upon.

*3 a Clock in the Afternoon.*

*Wi.* We are Willing to cut off our Lands as far as the Mills, and the Coasts to *Pemaquid*.

*Gov.* Tell them we desire only what is our own, and that we will have. We will not wrong them, but what is our own we will be Masters of.

*Wi.* It was said at *Casco* Treaty, that no more Forts should be made.

*Gov.* Tell them the Forts are not made for their hurt, and that I wonder they should speak against them, when they are for the security of both, we being all Subjects of King GEORGE.

King GEORGE builds what Forts he pleases in his own Dominions and has given me Power to do it here, and they are for their security as well as our's, and the French do the like. They build what Forts they please, and all Kings have that Power, and the Governours they appoint to do the same.

*Wi.* We can't understand how our Lands have been purchased, what has been Alienated was by our Gift.

His Excellency hereupon ordered a Deed of Sale of Lands on *Kennebeck River*, made by Six Indian Sagamores, to *Richard Wharton*, should be opened and exhibited to them, which was done and partly Read, and Interpreted to them.

*Wi.* As for the West side of *Kennebec River* I have nothing to say, but am sure nothing has been Sold on the East side.

*Gov.* I expect their positive Answer and Compliance in this matter, that the English may be quiet in the Possession of the Lands they have purchased.

*Wi.* We don't know what to think of new Forts built.

*Gov.* I have spoke to that fully already, and told them they are for our mutual defence.

*Wi.* We should be pleased with King GEORGE if there was never a Fort in the Eastern Parts.

*Gov.* Tell them that wherever there is a new Settlement, I shall always order a Fort, if I think it proper, and that it is for the security of them and us, and so do the French. Are any People under the same Government afraid of being made too strong to keep out Enemies?

*Wi.* We are a little uneasy concerning these Lands, but are willing the English shall possess all they have done, excepting Forts.

*Gov.* Tell them we will not take an Inch of their Land: nor will we part with an inch of our own.

*Wi.* We shall have Fishing and Fowling wherever we will.

*Gov.* It is freely consented to, and they are assured of it.

Then the Indians rose up at once & withdrew, in a hasty abrupt manner without taking leave, and left behind them their English Colours, returning to their Head quarters at *Puddleston-Island*,

And in the evening brought to His Excellency a Letter from *Sebastian Ralle*, their Jesuit, Dated the 17th of *Aug.*, 1717. Wherein he says, that Governour *Vaudreville* had written to them, that when he was lately in *France*, he had enquired of the King of *France*, whether he had in any Treaty given away the Indians Lands to the English, and that the French King told him, he had not, but was ready to succour the Indians, if their Lands were encroacht upon. Which his Excellency read and rejected as not worthy of his Regard. And the Indians return'd.

*August 11th, 1717.*

His Excellency went on board the Squirrel Man of War, and Ordered the Fore-top-sail to be loosed. Whereupon a Canoo with two *Indians* hastened on board & acknowledged the rudeness & ill Manners they were guilty of Yesterday, and Pray'd that they might see his Excellency again.

His Excellency told them they should if they quitted their unreasonable Pretensions to the English Lands, and Complied with what he had said, but not otherwise. Which they promising to do, His Excellency Appointed to meet them at Six a Clock. And the Indians Desired they might have the British Colours again; which were given them and they returned.

And at the time appointed the Sachems, and Principal Men came over with the British Colours, leaving behind them *Wiwurna*, because (as was said) he had behaved himself so improperly Yesterday.

And they appointed *Querebennit* their Speaker.

*Quer.* We are very sorry for our rude Carriage Yesterday, and Pray it may be forgiven. As your Excellency said if any thing should happen amiss, It should be rectified.

*Gov.* 'Tis well.

*Quer.* It was agreed in the Articles of Peace, that the English should Settle, where their Predecessors had done; And we agree to those Articles & Confirm them. And desire the English may Settle as far as ever they have done. And then Presented His Excellency a Belt of *Wampum*. And said, we Desire to live in Peace.

*Gov.* Tell them, if they don't begin the Quarrel, they shall have no occasion from us.

*Quer.* We desire that by the favour of GOD, we may always live in Peace and Unity.

*Gov.* We pray the same.

*Quer.* If any of our People should happen to be out in Cold and Stormy Weather, we desire the English to shelter them.

*Gov.* As long as they behave themselves well kindness shall be shown them.

*Quer.* We shall always do the same for the English, and GOD Almighty hears us say it.

*Gov.* It is doing like Christians.

*Quer.* What I have said GOD Almighty hears, and presented another Belt of *Wampum*.

*Gov.* We say the same, what is done is done in the presence of GOD.

Tell them I hear more complaints of some of them, that they have interrupted the English in their Affairs, Taken the Meat out of their Pots, &c. I expect that there be no more such Miscarriages; If any of our People should do so to them they should be punish'd severely.

*Quer.* We Pray supplies may be sent us.

*Gov.* Tell them that the Traders here shall supply them.

*Gov.* Ask them, What they want most?

*Quer.* In the Winter all necessaries are wanting, especially Provision and Amunition.

*Gov.* Tell them the Traders shall have order to supply them with what they want, at reasonable Rates.

*Quer.* We should be glad of one Trading House that may serve us all.

*Gov.* There shall be a place or 2, or 3, when I go home appointed, where they shall be supplied.

*Quer.* Mr. *Minot* is a good natur'd Man, and pleases us well.

*Gov.* There shall be here, and in other places supplies of Trade.

*Quer.* We Desire that Interpreter *Jordan* may be near to us, to Represent to your Excellency any thing that may happen.

*Gov.* I desire no better man.

*Quer.* We should be glad of a Smith here, to mend our Guns.

*Gov.* Here is one that has work'd for you and Complains he is not paid for it.

*Quer.* As to that I don't know, but it is a long time before he will do our work, and then he wont do it well.

*Gov.* If you take care to pay for your work, I shall Endeavour you shall have a good Lock Smith.

And tell them, that I thank them for their Present.

His Excellency Directed the following Instrument to be drawn up, and annex to the Articles of their Submission made at *Pascataqua*; which was Read, and Interpreted to them Paragraph by Paragraph by Interpreter *Jordan*, (Capt. *Gyles* having been ordered to his Command of the Fort at *Brunswick* Yesterday.)

And they all readily & without any Objection Consented to the whole.

*August 12th, 1717.*

Twenty of the Sachems, and Principle Men Sign'd & Seal'd & Deliver'd the said Instrument to his Excellency as their Act; being Witnessed by several English Gentlemen, and several of the Principal Young Men of the Indians. It is as follows, *viz.*

*George Town on Arrowsick Island in His Majesty's Province of the Massachusetts Bay, in New England, the 12th Day of August, 1717, in the Fourth Year of the Reign of Our Sovereign Lord GEORGE, by the Grace of GOD of Great Britain, France & Ireland, KING, Defender of the Faith, &c.*

We the Subscribers being Sachems & Chief Men of the several Tribes of Indians belonging to Kennebeck, Penobscut, Pegwacket,

Saco, and other the Eastern Parts of His Majesty's Province aforesaid, having had the several Articles of the foregoing Treaty distinctly Read & Interpreted to us, by a Sworn Interpreter, at this time, Do Approve of, Recognize, Ratify & Confirm all, and every the said Articles, (excepting only the Fourth & Fifth Articles, which relate to the Restraint, and Limitation of Trade & Commerce which is now otherwise managed.)

And whereas some rash & inconsiderate Persons amongst us, have Molested some of our good fellow Subjects the English in the Possession of their Lands, and otherwise ill-Treated them, We do Disapprove & Condemn the same, and freely Consent that our English Friends shall Possess, Enjoy & Improve all the Lands which they have formerly Possessed, and all which they have obtained a Right & Title unto; Hoping it will prove of mutual and reciprocal Benefit and Advantage to them and us, that they Cohabit with us.

In Testimony, and Perpetual Memory whereof We have hereto set our Hands and Seals, in behalf of our Selves, and of the several Tribes of the Indians, that have delegated us to appear for, and Represent them the Day and Year aforementioned.

This Affair being finish'd several Sachems that Supplies might be sent to *Winter Harbour*, *Small Point*, and a Sloop with Supplies to *Pen* told them he would gratify them in. As hunt the Fowl with floats.

*Mug.* Complain'd he had left *Fifteen Sh* that he would not restore it to him.

And they Desired that Capt. *Lane* might ter, or some other Person sent in his room.

*Sarvmbamet* Complained that Mr. *Nowel* for him an English Young Woman, a Captive succeeded, and £10 if he attempted, and did Endeavoured it without success, and said his bargain.

To all which his Excellency Replied that he should be done them.

Then all the Sachems and Chief Men came his Excellency their hands; one of them Peace might continue as long as the Sun.

And his Excellency ordered then munition, which they accepted very thankfully, and Pray'd that their Young Men might be allowed to come over, and give his Excellency a dance, which his Excellency allowed of.

At a Gen<sup>l</sup> Assembly held at Portsm<sup>o</sup>  
by prorogation, Sept. 24, 1717.

Present in Council,

The Hon<sup>ble</sup> George Vaughan, Esq., Lt, Gov<sup>r</sup>,

Sam <sup>l</sup> Penhallow,	} Esqs.	Theo. Atkinson,	} Esqs.
Mark Hunking,		Geo. Jeffrey,	
Jno. Wentworth,		Rich <sup>d</sup> Wibird,	

His Hon<sup>r</sup> the Lt. Gov<sup>r</sup> made a speech to the Council.

This day his Hon<sup>r</sup> the Lt. Gov<sup>r</sup> was pleased in the name of his Maj<sup>ty</sup> King George, to suspend Sam<sup>l</sup> Penhallow, Esq., from sitting, acting or voteing at the Council board (till his Maj<sup>ty</sup>'s pleasure should be further known) for such reasons as he should transmit to the King.

Mr. Penhallow prayed to know for what reason it was that he was suspended: the Lt. Gov<sup>r</sup> answered and said as before, the reasons of his suspension he should send to his Maj<sup>ty</sup> the King.

The Lt. Gov<sup>r</sup> read an ord<sup>r</sup> from the Gov<sup>r</sup> sent to him to prorogue the Gen<sup>l</sup> Assembly to the 2<sup>d</sup> 8<sup>br</sup>; which then stood prorogued to y<sup>e</sup> 24<sup>th</sup> 7<sup>br</sup>.

The L<sup>t</sup>. Gov<sup>r</sup> sent the clerk to call the house of representatives to this board: they came accordingly; when his Hon<sup>r</sup> was pleased in the name of the King, to *dissolve* the Gen<sup>l</sup> Assembly. After w<sup>ch</sup> Jno. Wentworth, Geo. Jeffrey and Rich<sup>d</sup> Wibird, Esq., entered their dissent to y<sup>e</sup> proceedings; y<sup>e</sup> advice not being asked therein.

The Lt. Gov<sup>r</sup> asked the opinion of the Council ab<sup>t</sup> calling a new Assembly. Mr. Atkinson answered that in that matter he should not act, since, in suspending Mr. Penhallow nor in dissolving the Assembly, he did not ask any advice.

The two following speeches were this day made at the Council board, by his Hon<sup>r</sup> y<sup>e</sup> L<sup>t</sup>. Gov<sup>r</sup>; the former to the Council, y<sup>e</sup> latter to y<sup>e</sup> Assembly:

[Speech to the Council.]

[P. 71.] *Gent*: You cannot but believe that I am informed of many things spoken to my p<sup>r</sup>judice; when private whisp<sup>r</sup> defamatory to me are handed forward, I pass y<sup>m</sup> over w<sup>th</sup> slight and disregard, and believe that every thing designed ag<sup>t</sup> me has turned to my advantage, and will still do so. But when matters are carryed further, wherein y<sup>e</sup> honour of the Crown and the interest of the King's Maj<sup>ty</sup> is especially struck at; when revenge's mother utters bold challenges, raiseth batteries & begins to cannonade the pow<sup>r</sup> established of my sovereign, I acknowledge myself alarmed; which I shall in no wise tolerate or endure; as

I am honored of the King, I will do my utmost to support it, and not lett his Commission be vilified at the rate some will have it: To have a due defference paid to it is w<sup>t</sup> the King requires and expects, especially from his Ministers; and to have them studious of lessening the authority therein granted, is an aggravated fault, and I cannot but wond<sup>r</sup> at y<sup>e</sup> arrogancy and pride of those who do not consid<sup>r</sup> I am a superiour match, as being armed w<sup>th</sup> pow<sup>r</sup> from my prince, who doth execution at y<sup>e</sup> utterance of a word; and I hope none will be so sturdy as to dispute it. If I soar too high, the fall won't crush them: if they run too fast, their repentance may be timely. What I have to say to you, Mr. Penhallow, is in gross, & is, That yo<sup>r</sup> busyness for a long time has been to sow discord in the Commonwealth, and yo<sup>r</sup> endeavors to propagate confusion and difference in each town w<sup>th</sup>in y<sup>e</sup> Governm<sup>t</sup>, w<sup>ch</sup> your avowed principles oblige you to sodder as much as in you lies, y<sup>e</sup> affections of majestates & people—thereby to diver all things w<sup>ch</sup> naturally produce dissention, tumults and fueds: the p<sup>t</sup>iculars I have and shall transmitt to my principal Lord, the King, in whose name & by virtue of whose pow<sup>r</sup> I suspend you, Sam<sup>l</sup> Penhallow, from sitting, voting, or assisting at the Council board, till his Maj<sup>ties</sup> pleasure shall be known.

GEO. VAUGHAN.

w<sup>th</sup> refreshing showers; w<sup>th</sup> order he refused to obey, and there was no fast in the Province.

Ab<sup>t</sup> y<sup>e</sup> 16<sup>th</sup> Sept., I wrote to y<sup>e</sup> Lt. Gov<sup>r</sup> and ordered him to prorogue the Assembly, w<sup>ch</sup> was ordered to meet on y<sup>e</sup> 24<sup>th</sup> Sept., to the 2<sup>d</sup> 8br. Instead of performing w<sup>t</sup> I had directed, he has p<sup>t</sup>ended to dissolve you, so that he has not only disobeyed the King's commands and mine, butt would have imposed on you, who are the representatives of this Province, by assuming a pow<sup>r</sup> to himself w<sup>ch</sup> he [P. 74.] is not invested with, when I am in America; nor can I believe any p<sup>son</sup> can be so void of sense or reason as to imagine that the King made me Gov<sup>r</sup> of New Hamp<sup>r</sup> onely for the six weeks in a year that I am here, as the Lt. Gov<sup>r</sup> would have you believe.

Give me leave, therefore, Gen<sup>t</sup>, to observe to you, w<sup>t</sup> confusions would attend this Province if w<sup>t</sup> this Gent<sup>a</sup> has been aiming at was practicable.

It is very possible that it might so happen that not only a Gov<sup>r</sup> & Lt. Gov<sup>r</sup> might disagree, but that also the oldest Council<sup>r</sup> might jarr w<sup>th</sup> both of them, what then must be the consequence? Why truly, if an Assembly was chosen w<sup>ch</sup> the Gov<sup>r</sup> thought to be for his Maj<sup>ties</sup> service, and also of this Province, if the Lt. Gov<sup>r</sup> did not like them, so soon as I was gone to Boston, he would dissolve them: If then another Assembly was chosen & they were approved of by the Lt. Gov<sup>r</sup>, and not by the Gov<sup>r</sup>, he then would dissolve them; If a third should be chosen w<sup>ch</sup> the Gov<sup>r</sup> & Lt. Gov<sup>r</sup> did approve of & the oldest Council<sup>r</sup> did not, when we were both out of the Province, he would dissolve them also; so that this Province would be like a monster w<sup>th</sup> three heads and three hands, each endeavoring in their turn to undoe w<sup>t</sup> the other had done. There could be nothing then butt elections and dissolutions, the King's commands would remain unknown and unexecuted, and y<sup>e</sup> affairs of the Prov<sup>ce</sup> neglected & at a dead stand.

I do not, therefore, in the least doubt that since you are mett, that you will show your resentments to these mischievous proceedings, and put a stop to them; w<sup>ch</sup> tend to nothing but to inflame the people, and would end in nothing but utter ruin and destruction of this Province.

[P. 75.] I am glad I can inform you that since I saw you last, I have had an interview w<sup>th</sup> the Eastern Indians, and have brought them into such measures as are for the hou<sup>r</sup> of my master, King George, and that tend to the quiet and peace of these Provinces, w<sup>ch</sup> are the two principal things I aim at in all my transactions. After the treaty was concluded, and the former articles of peace, and some new ones signed and ratified, the Ind<sup>ians</sup> complained to me ab<sup>t</sup> the English men's fowling upon floats; and desired that where either of the Provinces had any new settlem<sup>t</sup>, that p<sup>sons</sup> might be appointed there to furnish them w<sup>th</sup> all necessaries at a moderate rate. I promised them that I would endeavour to redress their grievances and to assist them, w<sup>ch</sup> I recommend to your care, since what they desire is so very reasonable.

'Tis your harvest time, and my affairs at Boston will quickly require my p<sup>sence</sup> there: therefore, hope you will dispatch what shall be necessary, and that you will, ag<sup>t</sup> our meeting in the

Spring, when we shall have more time to sitt, think of some measures to promote naval stores, w<sup>ch</sup> will be very acceptable to his Maj<sup>ty</sup>, and very beneficial to this Province.

To pray the opinion of the board upon it. To which y<sup>e</sup> board made y<sup>e</sup> following reply, & sent it the House pr. Sam<sup>l</sup> Penhallow & Jno. Wentworth, Esqs.: (viz.) That the free-hold<sup>m</sup> at Hampton had not made a choice of y<sup>e</sup> representatives agreeable to the precept sent them.

[P. 78.] Jotham Odiorne, Esq., and Capt. Jn<sup>o</sup> Gillman brought the House of representatives' answer to y<sup>e</sup> Gov<sup>r</sup> Speech to this board; w<sup>ch</sup> is as follows:

Portsm<sup>o</sup>, In N. Hamp<sup>r</sup>.

*May it please your Excellency:—*

We have considered yo<sup>r</sup> Excellency's speech, and imbrace this opportunity to resent the illegal, unwarrantable and imprudent management of the Lt. Gov<sup>r</sup> in his late practices, w<sup>ch</sup> so very much tend to the destruction of Governm<sup>t</sup>, and confusion and ruin of this Province. We are sensible by yo<sup>r</sup> Excellency's Commission and Instructions that none else is invested w<sup>th</sup> pow<sup>r</sup> of Governm<sup>t</sup> but yo<sup>r</sup>self, while in America; and by the Lt. Gov<sup>r</sup> Commission we observe that he is onely to p<sup>r</sup>form such instructions and ord<sup>m</sup> as he shall receive from the King, or from his Command<sup>r</sup>-in-chief for the time being; and for him to act, w<sup>th</sup>out either is unwarrantable; but to act contrary thereto is illegal and highly imposing on his Maj<sup>ties</sup> good subjects, directly leading them into distraction and confusion, the event of w<sup>ch</sup> may be y<sup>e</sup> worst of evils. That such proceedings may be prevented for the future, we pray that care may be taken y<sup>t</sup> loyalty, peace and unity may be p<sup>r</sup>served & continued.

We rejoice yo<sup>r</sup> Excellency's interview with y<sup>e</sup> Eastern Ind<sup>es</sup> was attended w<sup>th</sup> so much success,\* and are ready and willing to fall in w<sup>th</sup> any measures that the good agreem<sup>t</sup> w<sup>th</sup> them may be continued & any grievances may be redrest.

We observe the affairs of y<sup>e</sup> other Governm<sup>t</sup> will quickly call you hence; wherefore we shall attend y<sup>e</sup> present busyness w<sup>th</sup> all

Col. Davis and Capt. Jotham Odiorne, Esq., brought two papers from the House of Representatives to this board; y<sup>e</sup> one a copy of a vote out of Hampton town book, concerning Messrs. Smith, Wear & Tuck, representatives for s<sup>d</sup> town, as on file; and the other a paper signed pr. the said Smith, Wear & Tuck, and by them p<sup>s</sup>ented to the house of represen<sup>t</sup>, w<sup>ch</sup> is as follows:—

Pro: N. Hamp<sup>r</sup>.

*To the members of the late House of representatives for said Province:*

*Gent<sup>a</sup>,*—The words in the King's Commission to His Excellency Col. Shute appears to us very plain (viz.), that when the Gov<sup>r</sup> is absent out of the Province, then his Hon<sup>r</sup> the Lt. Gov<sup>r</sup> is authorized and impow<sup>er</sup>d to execute the powers contained therein, untill y<sup>e</sup> Govern<sup>mt</sup> return into said Province: Now it is most certain y<sup>e</sup> Gov<sup>r</sup> was not in this Province the 24<sup>th</sup> day of September last past, when the Lt. Gov<sup>r</sup> disssolved the Genl. Assembly.

*Gent<sup>a</sup>,*—Were there any room to dispute y<sup>e</sup> legality of the dissolution, and it should appear as illegal, yet sure notwithstanding that inasmuch as there was no adjournm<sup>t</sup> of the house, you must necessarily as such cease to be; & in our opinion cannot w<sup>th</sup>out dishonour to the Crown, imposition on the people and danger to y<sup>e</sup>selves, be capable of acting again, w<sup>th</sup>out a new election & new qualifications of the whole house; So that we, the subscribers, being now chosen by his Excellency y<sup>e</sup> Gov<sup>mt</sup> p<sup>re</sup>cept, thereby implicitly confirming our opinion, that you are not looked upon as a House of Representatives — We count it not safe for us to act w<sup>th</sup> you, as you were on y<sup>e</sup> 24 of Sept. last dissolved untill new elected and qualified legally.

To his Excellency Samuel Shute, Esq., Governr. and Commander-in-chief in and over his Majestyes Province of New Hampshire, and to the Honourable the Council and Representatives convened in General Assembly:

Capt. Stephen Jones & Messrs. Joseph Jones & Philip Chesley appeared also as agents for s<sup>d</sup> Parish, to make defence ag<sup>t</sup> s<sup>d</sup> Petition, who put in an answer thereto, as on file.

The Petition of sundry of the Inhabitants of Oyster River in Dover, most humbly sheweth: That, Whereas sometime about a year and half agoe, a Petition was then preferred to the General Assembly then sitting at Portsmouth, by several of our neighbors in said place to be made a District of themselves,— which being wrongly represented unto said Assembly, A vote thereupon was Passed in both Houses, which being very prejudicial unto the Interest of the whole:—

Your Petitioners therefore do humbly Pray that as there was only a vote, but no Act passed, that there may be a fair hearing of the whole matter before your Excellency in Council, that in your wisdom you may see good to Reverse the same; and that a reasonable proportion of land may be allotted us from the township of Dover, for a more amicable agreement between each other in carrying on the Worship of God: And seeing we have two meeting houses, we humbly pray that in wisdom you will so determine, that the Inhabitants may go to each of them every other meeting day: And your petitioners shall ever pray.

The Clerk was sent down to the house of Representatives to call them to this board. They came accordingly, where his Hon<sup>r</sup> the Lt. Gov<sup>r</sup> made the following speech:

*Gent'n*:—Whereas, the King has been pleased to appoint me

\*See Lt. Govr. Wentworth's Commission in Records of Council, Vol. II., p. 712.

Lt. Gov<sup>r</sup> of this his Maj<sup>ty</sup> Province of N. Hamp<sup>r</sup>, and this being the first opportunity I have had of seeing the Gen<sup>l</sup> Assembly, so I gladly embrace it:

To assure you that I will to the utmost of my power support and maintain the hon<sup>r</sup> of the Crown, und<sup>r</sup> the most happy reign of our Sovereign Lord King George and his most illustrious family.

And I doubt not but you will all as good and loyal subjects joyn w<sup>th</sup> me herein; and as I am for supporting the prerogative of the Crown, so you shall always find me ready and willing to fall into all such just measures as may tend to the maintaining & defending our rights and properties, so far as in me lies.

There has been an unhappy difference in this town, the occasion now too long to relate, w<sup>th</sup> difference has in some measure affected y<sup>e</sup> whole Province; but thanks be unto God, they are much abated, and some good steps have been taken for an accommodation, so that if every one of us in our several stations will put a helping hand, I doubt not but in a short time we may have a good harmony both in town and Province,—the attaining of which will give glory to God and peace to ourselves.

*Gent<sup>n</sup>:*—The Principal thing I shall recommend to yo<sup>r</sup> consideration at this time is [p. 91.] the Province Records, a matter that concerns posterity, and on w<sup>ch</sup> our properties very much depend.

The Gent<sup>n</sup> in whose hands they now are, is dangerously ill, & it's thought cannot continue long;—therefore, in point of prudence, we ought to think of a proper person to receive the records w<sup>th</sup> all the books, files & papers thereunto belonging.

I would also put you in mind of those bonds w<sup>ch</sup> belong to the Province that was lodged w<sup>th</sup> Col. Smith, late of Hampton, deceased, that you will take care the vote of Gen<sup>l</sup> Assembly be observed therein.

JOHN WENTWORTH.

Lt. Col. James Davis, Esq., brought up y<sup>e</sup> house of Representatives' answer to the Gov<sup>r</sup> speech to this board, w<sup>ch</sup> is as follows:

*May it please your Excellency:—*

It is with much pleasure that we now have an opportunity to meet yo<sup>r</sup> Excellency, when those jarre and discords w<sup>ch</sup> have for some time past unhappily disturbed and clogged the affairs of this Governm<sup>t</sup> are vanished.

We are of opinion that the raising hemp and other naval stores would highly conduce to y<sup>e</sup> interest of this Province, as well as be serviceable to y<sup>e</sup> Crown of Great Britain; but by reason of the late long and tedious warr, the people of this Prov: have been so long pent up as that yet there is not land enough opened to raise a sufficiency of corn for their support, so that at present we are not capable to p<sup>r</sup>scribe measures that may encourage it.

And as to an Act of Impost, we are of opinion that the charges of the Governm<sup>t</sup> are more easily defrayed by way of tax upon all persons and estates, and that its most for y<sup>e</sup> interest of all his Maj<sup>ties</sup> good subjects of this Prov: to have a free port this year.

But we think an Act of Excise very reasonable, & desire one may be p<sup>r</sup>pared accordingly.

And as it is y<sup>e</sup> seed time of y<sup>e</sup> year, we shall to our utmost forward all busyness that this session may be short, and in order thereto desire that the Committee for auditing accounts & revising and p<sup>r</sup>paring Laws may speedily give in their reports that we may proceed on them.

Gen<sup>l</sup>.—There was so much business done the last sessions y<sup>t</sup> I do not know of much that will be necessary to be done at this meeting.

All that I have to recommend to you is what my master the King commands me, which is—That the Castle being very much decayed in its works & fortifications, should be repaired, & that the Goal be made so strong as to p<sup>re</sup>vent escapes for y<sup>e</sup> future, and that a place of execution may be appointed, & a gallows erected: for Justice with her scales, without her sword, will make but a mean figure in the world.

I am also to inform you that the Province of the Massachusetts has, according to the instructions given me by y<sup>e</sup> King, granted their Lt. Gov<sup>r</sup> some allowance to defray the charge which necessarily attends that station; & I question not but you will follow their laudable example.

I hope that detachment which I sent under y<sup>e</sup> command of Capt. Moody has at p<sup>re</sup>sent broke the vile designs of the Indians; but am sorry to hear that the greatest part of New Hamp<sup>r</sup> men have so shamefully betrayed the trust their country reposed in them by desertion. I have ordered them to be taken up that so they may be brought to condign punishment, which I hope will p<sup>re</sup>vent it for the future. I have used my best endeavour to serve

this Province by getting y<sup>e</sup> duty of y<sup>r</sup> lumber to be taken off, & am pleased I can acquaint you that I am not without hopes of having it done in a short time.

Maj. Gillman and Capt. Peirce brought up the house of representatives' Answer to his Excellency the Gov<sup>r</sup>'s speech, as follows:

*May it please your Excellency:—*

We are of opinion that 'tis highly necessary that the Fort at N. Castle be repaired, & have chose a Committee for that end; as also, that all due care be taken by the same Committee, to repair the Goal, & that a place of Execution be appointed & gallows erected.

[P. 117.] And our regards to the Lient. Boston, Feb. 2, 1718-19.

SIR:—Dr. COOKE having again over his cups treated me very scandalously, I have complained to the council, who I don't question will do me justice.

It will be of service to me to have a certificate to show *how drunk he was* that night that he and Colonel Goff broke into our company at young Gerrish's, for I remember that you and Mr. Bridger told me that he stay'd so long after we were gone, as to get *so drunk that he cou'd neither go nor stand*; if this be strongly certified, I believe it will give him a good lift. Pray my service to the Lieut. Governor, the council and your family.

I am, sir, your humble servant,

SAMUEL SHUTE.

The Clerk was sent down to the House of representatives to command their attendance at the Councill board (1). They came accordingly; & then his Excellency made the following speech:

Gent.—I promised you some time since, that I would use my best endeavors at home to get the Duty taken off from your lumber, & can now with great pleasure assure you, that our gracious Lord & master King George has given his consent to it.

To make this royal favour the most serviceable to us, it will be highly necessary to ascertain the number of mills, which will make your lumber very valuable, & will very much preserve the timber & will also be very acceptable to the crown and show our gratitude to the King for his signal favour towards this Province.

There are daily complaints made by the people that live near the lines of the Injustice they suffer by their remaining so long unsettled. I wish that y<sup>e</sup> Commission<sup>rs</sup> on both sides would quickly meet and find out some method to terminate this unhappy difference, which would very much tend to cultivate a good harmony & friendship betwixt the two provinces.

I have nothing more at this time to offer, but again to remind you of repairing the Castle, to give all necessary encouragement to the raising of Hemp, & also to these new Iron Works, which w<sup>th</sup> the Duty taken of your lumber, will, with wise management, quickly render this a happy & flourishing Province.

Maj. Wear & Maj. Gillman came to this board from the house of representatives & prayed his Excellency's favour to grant that house a copy of his Speech; which was granted & sent down pr. the Clerk Accordingly.

Capt. Gillman & Mr. Dam brought up a vote of the house of represent<sup>s</sup> to this board, for building a bridge at New Castle, &c., w<sup>ch</sup> was suspended for further consideration (1).

\* JOHN BRIDGER, whose name frequently occurs in these pages, was commissioned by the Board of Admiralty in England, along with Benjamin Furzer, to inquire into the capacity of the American Colonies for procuring Naval Stores, and to survey all the woods for masts, oak timber, pitch pine, and for land suitable for hemp. He accompanied Lord Bellomont to the Barbadoes, where, falling sick "of a debauch," Furzer died, and Mr. Bridger was left behind. He, however, followed the Earl of Bellomont, 1698, to New York, and was sent by his Lordship to Boston to execute his commission, and to instruct the people in the manufacture of naval stores. He came to New York to instruct the Palatines, but returned almost immediately to New England, where he became odious, especially to the people of Maine, by his attempts to prevent their cutting down pine trees on their own ground. He was accused with having accepted money from persons for leave to cut masts, which was refused to others who were not disposed to purchase the permit. The House of Representatives of Massachusetts complained of him to Governor Shute, by whom he was, however, protected. In 1729 he was succeeded in his office by Colonel Dunbar, afterwards Lt. Governor of New Hampshire. [*Hutch. Hist. Mass.*, II; *Williamson's Hist. of Maine*, II; *Col. Hist. N. Y.*, V.]—ED.

As also the line between Exeter and Dover to stand as it was run by the Committee; and whosoever shall w<sup>th</sup>in two months after the date hereof, bring a fair and legal grant of land & fairly laid out & return made on record on either side of said line, & a true copy brought to the clerk or selectmen of either town where they are laid out and bounded w<sup>th</sup>in y<sup>e</sup> time above mentioned, that the eldest grants shall be good to them that have them, they paying their duties to the Town wherein they fall, always excepting high-ways, through any lotts granted as abovesaid, & land sufficient to mills or works sett up on Lamprile river, as y<sup>e</sup> selectmen of either Town, wherein such ways or accommodations belong, shall judge needfull.

The humble Apology of the People of Nutfield to his Excellency SAMUEL SHUTE, General, Governor and Commander-in-Chief of his Majesty's Provinces of the Massachusetts Bay and New Hampshire, in New England.

*May it please your Excellency,—*

The subscribers having seen a copy of your Excellency's letter to Captain White and Captain Kimball, find themselves under a necessity of vindicating themselves from the charges given in against them; it being allowable by the law of nature and of nations, to the greatest criminals, to defend themselves when they justly plead in their own vindication. We were surprised to hear ourselves termed *Irish people*, when we so frequently ventured our all for the British crown and liberties against the Irish Papists and gave all tests of our loyalty which the government of Ireland required, and are always ready to do the same here when demanded. Though we settled at Nutfield, yet we used no violence in the manner of our settlement, seeing no body in the least offered to hinder us to set down in a desolate wilderness; and we were so far from hindering the English that really had a mind to plant with us, that many of them are now incorporated with us. After our settlement we found that two or three different parties claimed Nutfield, by virtue of Indian deeds, and we were given to understand that it was necessary for us to *hold the soil by some right purchased from the natives*. Accordingly we made application to the Hon. Col. Wheelwright of Wells, and obtained his Indian right; which we have to show. His deed being of ninety years' standing, and conveyed from the chief Sagamores between the rivers of Merrimack and Piscataqua, with the consent of the whole tribes of the Indian nation, and well executed, is the most authentic we have seen; and the subscribers could not in reason think that a deed which is not twenty years old, of land which is not sufficiently butted and bounded, from an obscure Indian, could

give any right to land which had been sold so many years before, by the right owners. And the subscribers hope they will be excused from giving away so good a title for others that cannot pretend rationally to be so well supported; and which they always refused to warrantee and make good against other claims. The dutiful applications which we have made to both courts, if we be incorporated, in whatsoever province we fall to be, will witness for our respect to his Majesty's government. If affidavits have been given against one of our number as using some threatening expressions, we hope it will not be imputed to the community. If our accusers be permitted to come up in troops, as they have done, and violently demolished one of our houses, and destroyed part of our hay, and threatened and insulted us with impunity, to the great terror of our wives and children, when we suffered patiently, and then accuse us to our rulers of violence, injustice, fraud, force, insolence, cruelty, dishonour of his Majesty's government, and disturbance of his Majesty's subjects, injuries and offences to the English, and the like, when we know ourselves to be innocent, we think it hard measure; and must have recourse to God, who forbiddeth to take up a bad report against our neighbour, and will, we hope, bring forth our righteousness as the light, and our judgment as the noon-day. If we be guilty of these disorders, we are liable to a legal trial, and are not so weak as to suppose ourselves to be out of the reach of your Excellency's government. The subscribers hope that if any other accusations come in against them, they will be allowed an equal hearing before they be condemned: and as we enjoy the liberty of the gospel here, which is so great a mercy, shall improve it, for God's glory; and as he has taught us, be dutiful to his Majesty's government set over us, and if possible, live peaceably with all men, shall be desirous of peaceable neighbors, that want to settle with us, and help us to subdue a part of this vast and uncultivated wilderness; and shall not cease to pray for the divine blessing on your Excellency's person and government.

Mr. Henry Newman:

Sir: — The affairs of this Government frequently requiring the solicitations of some Persons att Court, our General Assembly in May last made choice of you to be their Agent for that end; and as an earnest of their respects & for your Encouragement, did then vote you one hundred pounds this money, which presume his Excellency Governour Shute has heretofore advised you of; as alsoe the Lt. Governour.

Sr. There has been a long dispute between this & the Massachusetts Government about the Dividing line, and several commissioners have sundry times been appointed by both to settle itt; butt hitherto could never be effected by them; which proves injurious to many persons thatt inhabitt on or near ye Line, who have been obliged to pay taxes to both Governments; wherefore, that itt may be finally ended, and these greivances redressed, since the Government here can't doe it themselves, that matter is now to be submitted to his Majesty in Council or Lords Commissioners of trade and Plantations; and in order thereto, you have herewith a Commission from this Government, TO IMPOWER you our Agent, and accordingly you are desired to lay ye affair before them as may be proper, so soon as conveniently may be, and that there may be a right apprehension of ye matter, you have herewith a Mapp or Draught, which you may Depend is very exact & correct. The extent of this Prov: is all the land between ye Massachusetts and Prov: of Main; our south bounds is three miles North from ye mouth of Merrimack River, att ye Atlantick Ocean or Western sea, and from thence a West line into the Main so far as the Massachusetts extends. Our North line or Bound is Piscataqua River, untill itt come to ye head of Newichanack river, and from thence a very few degrees Westward of ye North, up into ye Main Land, as on ye Southern line, which bounds are prickt out on ye Mapp; and we conceive agreeable to ye Royall Charter granted to Massachusetts, butt the commissioners of that Government have always insisted on other Lines, as are also marked out on ye Draught, which if granted to them, would render this Prov: a very little one indeed.

Whereas his Majesty has lately Prohibited any imposition of Impost or powder-money on the Merchants' ships trading here, belonging to Great Brittain, which formerly supplied the usual expence of our Castle, and the stock being now very low, you are desired to lay that matter before ye proper board, in order to obtain ye Royall bounty therein, and you are to be vigilant in diligently enquiring into all compits. that may [be] made agst. this present Government, and in persuing every thing thatt may be promoted for ye generall bennifitt of this Plantation: Espetially, that the Lumber from hence may be imported into Great Brittain free of Duty, and the Bounty continued in Navall Stores, that the forging of Iron here may not be obstructed, but encouragement may be granted for raising hemp and Flax, which if pursued, this country might in a little time furnish the Crown with a considerable supply; that the surveyor Generl. of ye Woods may be directed to preserve ye Mast trees after a better manner, and nott suffered to obstruct his Majestie's subjects from getting such Timber from thence as is nott, nor never will be, fitt for the service of ye Crown, — of which there are multitudes of trees that are rotting on ye Ground, that might make good Lumber, fitt for ye London or West India Marketts, by ye *latch* (?) of which a considerable Revenue ariseth to the Crown.

We desire you will acquaint us from time to time of your proceedings in ye premises; and salute you with greatt Respects as a Committee of this Government, and are, Sir, your very

*Gent.*—Being informed by the Governour of Nova Scotia, that contrary to the Treaty of Nutrality stipulated between the two Crowns of Great Brittain and France, there has been an illegal trade for many years carryed on betwixt his Majestys subjects of New England and the French settlements near Cape Briton, and also, if we had not sent them necessary supplys they could not have continued in those parts: I am therefore of the opinion that it will be for the honour and service of his Majesty's Government to make an Act to prevent any such illegal trade for y<sup>e</sup> future.

The wicked practice of counterfeiting the Prov: bills prevailing very much amongst us, I must recommend it to you as the most effectual way to putt a stop to it for time to come, to make it felony, by a law which I hope will have the desired effect.

*Gent.* It you have any thing else to propose that may be of service to the Province, I shall be ready to give it due consideration.

*Gentlemen*.—Gov<sup>r</sup> Shute's affairs of his other Government oblidged him to leave us before the business of this Province was finished, which occasions my now seeing you; & I doubt not but you are mett with dispositions for passing through the necessary business of the Government, for the effecting of which my best endeavours shall not be wanting; and I shall promote every thing that may tend to his Majesty's Interest, and the welfare of this Government.

I recommend to your consideration y<sup>e</sup> state of his Majesty's fort, William & Mary; and your care must be not only to raise mony for the repairing that fortification, but also for the putting it into a better posture of defence. You well know that every wise government prepares for war in a time of peace: I am very sensible that y<sup>e</sup> circumstances of our present affairs [p. 189.] will not admitt of great things; yet we may do something annually, so that in a few years we may have a very defensible fortification. I hope what little was done towards it last year will be to your satisfaction, and you may depend what mony shall be raised hereafter for that service shall be faithfully applied.

It has been the laudible character of this Government, and what has been our practice once a year, or oftener, to Address our prince on the Throne. I know his Excellency intended to have moved it when here, but going away in a hurry, I suppose it slipt his memory, so that I think it a proper season now to show our dutifull obedience to his Majesty King George, whom God has long continued to the British nation. You will also have an opportunity to show your respect to his Excellency our Governor, thankfully acknowledging his Majesty's favour in continuing a Governor to us so just to his Majesty's Interest, and willing to

The attendance of the house of Representatives (being desired) at the board, the Speaker and house came accordingly, to whom his Honour was pleased to make the following speech.

*Gentlemen:*—I am to acquaint you that I received a letter from his Excellency, Gov. Shute, bearing date y<sup>e</sup> 25<sup>th</sup> Sept. last past, in which he advises me that he is not able to perform his journey to New Hampshire this sessions, by reason of a fall he received some time since, so that we may not expect his Excellency here this winter.

You may Remember in our last sessions that we did not pass on the raising any mony for the necessary and now growing charges of the Gov<sup>mt</sup> for the year 1721, which is pretty far advanced: I therefore now would recommend it to your consideration.

The forces employed on the Eastern frontiers do and will call for mony to support them. I have inquired into the state of the Treasury, and find by Mr. Treasurer that we have no money in the Treasury, and so not to answer the demands that are now upon him.

The Impost and Excise Act, being laid on so late in the year that we shall not feel the strength and benefit thereof this winter, the greatest part of our boards being exported before the Act took place; so hope you will take it into consideration and provide such supplies as may be wanting for y<sup>e</sup> hon<sup>ble</sup> support of this his Maj<sup>ty</sup>s Govern<sup>t</sup>.

And if you have any thing else to offer that may be for the service of the Crown and the good of this Province, you shall not want my best endeavors to promote it.

(1) [The following is the Answer as contained in the Journal of the House, October 4th, 1721.]

In answer to his Honours Speech.

The House of Representatives are concerned for his Excellencies misfortune, that they cant have his Company here this sessions, according to expectation.

We presumed yt at our last Sessions we had taken necessary care for ye support of ye Governmt for ye present year, as far as we had any view of ye growing charges, having then upward of eight hundred pounds & upwards in ye treasury, and a prospect of as much more by the Impost, &c.

It appears to this house a Great Grievance that so many men should be drawn out of this province to support ye Eastern frontiers, whereas our own Province is exposed in our frontiers as much as theirs.

And we pray his Excellency may be desired to return our men home, for yt we are humbly of opinion yt we are neither able nor oblidged to support our men there.

So with great respect we are yr Honrs Servts.

In answer to y<sup>r</sup> Honour's Speech, We the representatives are grieved for his Excellency's misfortune, which p<sup>r</sup>vents his seeing us this Sessions.

As to provision for support of Government your honour recommends to us, we presumed [P. 207] that at our last sessions, upon the settlement of the Treasurer's Accounts, there being a ballance of about seven hundred pounds in his hands, that that sum w<sup>th</sup> the Impost and Excise dayly coming into the Treasury, would have been sufficient to defray the accrewing charges of the Province for this year, so farr as we had a view thereof, and would have been sufficient to answer all demands, if his Excellency had not ordered such a number of forces into the Eastern parts, which to us is a great grievance, that our men should be drawn out of our Province to defend and cover that Country, when our frontiers are as much exposed, and we at expences of scouts at the same time; wherefore we pray that his Excell<sup>y</sup> may be desired to give orders for the calling home our said men, we not being obliged to support them there, neither are we disposed to raise any mony for that service or allow any.

discoursed matters relating to the above Act, &c., and came to this resolve, That in case the Mass<sup>a</sup> will drop all their impositions [P. 212.] formerly and lately laid on this Government, that then and in such case we will do the same, (viz.) Drop all Dutys laid by us on them, or in such wise as they do by us; his Excellency has promised his best endeavors shall not be wanting for the accommodation thereof.

Now in case the Mass<sup>a</sup> does not redress us, then we have nothing more left us but to state the case fairly, and to Address his Majesty, by our Agent, Mr. Newman; and you may be assured that I will do everything in my power for the repealing that Act. When our Act and that of Massachusetts comes before impartial Judges, ours will be thought no hardship, but w<sup>t</sup> one Government may lay on another: but theirs will look cruel and oppressive.

I would recommend to your consideration the fifteen hundred pounds collected last year, and should have been burnt according to act of General Assembly; for what reason that mony was misapplied, Mr. Treasurer is to account for. I hope you will consider of ways and means to bring it into the treasury again, that so it may answer the just end for which it was made.

I remember last year there was a motion made for calling in the fifteen penny bills of Credit, many of which were found to be counterfeited. It will be well worth your while to consider and raise mony for that use on a good fund, and putt into the Treasury for Exchanging s<sup>d</sup> bills, and that you will take care that his Excellency may be provided for as usual, that so the honour of this His Maj<sup>ties</sup> Government may be supported.

A message to the board by Capt Jno. Gillman with the following vote:

(1) [From MS. Correspondence, in Sec<sup>'ry</sup> office.]

*A letter from the Province Agent, Mr. Newman, dated*

41 Middle Temple, May 2d, 1721.

Sr. — I have herewith covered a copy of the memoriall which I put into the board of Trade in March last on the subject of powder for Fort William & Mary; but tho' I have attended every week since to know the pleasure of the board therein, the Parliamentary affairs, and the preparing instructions for my lord Irwin (since dead) and now for lord Belhaven, he being to proceed without delay to his govermt at Barbadoes, has obliged their Lordships to postpone the consideration of it; however I was yesterday promised . . . . one of the com'te it should be considered to morrow, and some answer given to it, of which I shall acquaint your Excellency in the postscript of this, if I obtain my expectations, but having been often disappointed, and having delayed writing by Capt. Brown, in hopes of an answer, I write this to be ready to be sent by Capt. Chadder [?] that your Excellency and the Province of New Hampshire may not think me negligent.

As to the divisional line I find I must petition his Majesty in Council before anything will be done in it, Mr. Dummer refusing to joyn with me. And in order to set the matter in a clear light, I must have copies of the original Grant of the Council of Plymouth to Massachusetts, and of the old charter from the Crown to Massachusetts, and conveyances of the Province at Maine to Massachusetts, all which I am endeavoring to get copies of here; but perhaps I may be under difficulty to prove them authentick, and therefore if I can have copies under the Province seal, attested by your Excellency or Col. Wentworth, they would have a better authority. It's true, these grants are generally recited in the present charter of Massachusetts, but that recitall omits many provisos and exceptions which may be of use to New Hampshire.

May 3d.

Sr. — This day I attended the board of Trade, and their Lordships were pleased to admit of a reading of my memorial, and tho' they have not yet taken a resolution thereupon, I am glad to find they think the prayer of it very reasonable, and your Excellency will soon be informed of their resolution in such a manner, as I have good reason to believe, will be to the satisfaction of the Province; I mean by permitting the Revival of the duty of Impost, provided the trading ships of New Hampshire are not exempted from bearing their part of it, as well as the ships from Great Britain.

*Justices, &c., their Adresse to her Majesty, 1707.*

[Copied from "Addresses to the King," in Secretary's Office, p. 63.]

NOTE. — Although the following paper is without date, yet it evidently belongs to the period of Gov. Dudley's administration — about 1707. It was discovered by the Editor, bound up in a MS. volume containing "Addresses to the King," &c., arranged with papers bearing date 1739-1742. It should be read in connexion with other "Addresses to the Queen" found on pages 349-352, of this Volume III.—ED.]

TO THE QUEEN'S MOST EXCELLENT MAJESTY: —

Wee, your Majestie's most Loyal and dutifull subjects, Justices of the Peace, Officers of the Militia, Merchants and Inhabitants of your Majestie's Province of New Hampshire in New England, most humbly acknowledge your Majestie's favour to this your Majestie's Province in conferring the government thereof upon Colonel DUDLEY, a gentleman of approved Loyalty, courage and conduct, who during the troubles by the Rebel Indians, assisted by the French for some years last past, which have put this your Majestie's poor Province to a great Expence and constant hazard, in all which time, wee are witnesses of the indefatigable care, pains and good service of your Majestie's said Governor in our Defence, as wel as pursuit of the Enemy, and ease expence of our Treasury, soe that wee have not lost one village, but have removed our enemies during all these troubles to a great distance from their planting and fishing, upon which they depend for their support: all which is apparent and to the satisfaction of all your Majestie's good subjects of this your Majestie's Province.

Notwithstanding which wee are by the last Ships advised that your Majestie is addressed by several persons unknown to us as wel as to this Province to remove our said Governor from your Majesties favour and his service here, by very false and unjust In-

formations and reflections; which wee most humbly pray may not obtaine Roome or beliefe in your Majesties princely Breast, to remove him from your Majesties Royal Favour, which wee most humbly and truly Represent to your Majestie will be to the Griefe and trouble of all your Majesties most Loyal subjects in this Province as well as to our selves, who shall always live in a most grateful sence of your Majesties most princely favour towards us; And humbly Imploring Almighty God for a continued Train of success & victory for your Majesties Armes and the blessing and benefitts of the happy Union of the kingdom of Great Brittain, Wee remaine yo<sup>r</sup> Maj<sup>ties</sup> most loyal & Dutiful subjects
